Galleries, San Francisco Museum of Modern Art, 1998-01-01 The late twentieth century has been marked by momentous political economic and social change throughout the Chinese world Deeply rooted cultural assumptions and ancient visual traditions have been challenged by rapid modernization and conflicting global ethnic and local identities Inside Out New Chinese Art was the first major international exhibition to explore the impact of these challenges on artists in the People s Republic of China Hong Kong Taiwan and those of the 1980s Diaspora The multifaceted exhibition and accompanying catalog encompass an extensive range of artistic forms including installation video and performance art as well as more traditional media such as oils and ink The art is grouped according to themes some specific to regions and others that reflect widespread and overlapping trends With the inclusion of ambiguous territories like Hong Kong and Taiwan the exhibition opens up a perspective of modern Chinese art from the outside as well as a looking out from the inside The catalog features essays by eminent Chinese art

scholars and curators along with leading curators and historians of Western art Together they promote Chinese art s rightful place in the contemporary global cultural arena and at the same time acknowledge the influence of its rich heritage The diversity and freshness of the exhibition reflects the explosion of creativity among Chinese artists during the past decade The ironic social commentary of Li Shan s The Rouge Series no 24 the apartment art of artists reacting against the traditional patronage of large museums and corporations and Wang Jin s sly humor in portraying consumer fetishes in today s China are a few examples of the spirited artistry awaiting the viewers of Inside Out

Inheritance of Loss Yukiko Koga, 2016-11-28 In Inheritance of Loss anthropologist Yukiko Koga tackles complex questions of how two nations previously at war come to terms with their troubled past Her site is Northeast China where Japan s imperial ambitions were pursued to devastating and murderous ends in the twentieth century There the landscape which is still peppered with missiles and unexploded chemical weapons from the war is the backdrop for refurbished imperial architecture and revived Japanese businesses But the national wounds of China and Japan s history problem cannot be stitched together solely through international trade The author shows why mutual recognition of wartime atrocities is the only thing that can allay the persistent and sporadically explosive tensions between two of the most powerful countries in the Eastern hemisphere A milestone in memory studies that incorporates sorely needed attention to materiality and political economy Inheritance of Loss shows just how crucial imperial legacies will continue to be despite China s and Japan s attempts to leave the past behind in pursuit of a more prosperous future
