McFarland, 2019-08-27 When you re eleven years old it s tough convincing people to take you seriously When you re an eleven year old savant It s exponentially more difficult Since Jake s inability to connect with others had made him

somewhat of an outcast for most of his life he d learned to divert his energy into his artistic talent creating mesmerizing images capable of literally paralyzing anyone who should gaze upon them For Jake it was normal to see and perceive things others were incapable of recognizing but even he was caught completely off guard when confronted with the reality that dragons not only exist but that one of them was destined to become his very own As the bond between Jake and his dragon evolves and deepens it becomes increasingly difficult to explain the uncanny occurrences which seem to accompany them all while keeping the very existence of his dragon a secret While most people accept the logical explanations for the unusual activities surrounding them dragoneers are not most people and they are dead set on capturing Jake s dragon *Coeur*
