Reclaiming Authentic Fundamentalism:

Reclaiming Authentic Fundamentalism Douglas R. McLachlan, 1993 *Promise Unfulfilled* Rolland McCune, 2017-07-17

The New Evangelicalism was conceived if not born with the formation of the National Association of Evangelicals in 1942. This new group was in the main led by younger professing fundamentalist scholars and leaders who had become dissatisfied with their heritage and wanted to carve out some evangelical middle ground between fundamentalism and neo orthodoxy. This book is an analysis of the break away movement in terms of the issues, ideas and practices that led to its beginning, its expansion to an apogee in the 1970s, its subsequent loss of biblical and doctrinal stability and its slide toward virtual irrelevancy in a postmodern world culture of the 21st century. The twenty five chapters are grouped under nine main sections: Historical Antecedents, the Formation of the New Evangelicalism, Ecumenism, Ecclesiastical Separation, The Bible and Authority, Apologetics, Social Involvement, Doctrinal Storms and Evaluations, and Prospects. It will be a valuable addition to the pastor's library and a strategic resource for theological education in Bible colleges and seminaries.

The Seven Revivals of the Apocalypse Robert A. Allen, 2023-10-04. Exiled to Patmos, John the apostle receives a vision of the risen Christ along with epistles to be sent to the churches of Asia Minor. Unable to go himself, John enlists the aid of one of his guards as his messenger. Prochorus, a new convert, carries the letters to the seven churches. At each location he encounters the problems those first century churches faced as outlined in the letters. Interaction with the people in those cities brings to life the commendations and condemnations announced by God. At the same time, his former commander, Ulpius, pursues him in an attempt to prevent what he considers disloyalty to his god, Emperor Domitian. Other trouble arises from those who worship the Greek gods. In spite of threats, arrests, opposition, and disappointment, Prochorus completes his mission. In every location he finds those who listen with open ears, respond to the divine message, repent of their sins, revealed by a God who knows them and experience revival.

The Pyramid and the Box Joel Tetreau, 2013-07-01. Congregations, the members who attend them, and the leaders who serve them are too often wounded by the ill effects of bad decision making. The Pyramid and the Box attempts to answer three primary questions about decision making in the local church: What is decision making? Who are the legitimate decision makers? How do you execute effective decision making?

I Fired God Jocelyn R. Zichterman, 2013-05-14. A compelling memoir and account of the Independent Fundamental Baptist church and its shocking history of religious abuse. Jocelyn Zichterman was born, raised, married into, and finally with her family fled the Independent Fundamental Baptist church. Founded by the fiery preacher Bob Jones with several hundred thousand members, IFB congregants are told they must not associate with members of other Baptist denominations and evangelicals with an emphasis on secrecy, insular marriages within the church, subservience for women, and unusual child raising practices. In *I Fired God*, Jocelyn Zichterman systematically details the IFB's disturbing history, exposing a cult-like atmosphere of corruption, greed, and abuse. Having been initiated into its innermost circles, Zichterman knows that the gentle demeanor

America sees in the form of the Duggar clan on 19 Kids and Counting disguises the truth about the darker side of the church With written documentation and sources so thorough that law enforcement has used her work as a foundation for criminal prosecutions Zichterman exposes the IFB with revelations including The disturbing world of abuse within the IFB and doctors and teachers who cater exclusively to church members and fail to report physical and sexual abuse The IFB controlled Bob Jones University which issues degrees of questionable value while making vast sums of money for its founders The way the IFB influences politics on the local state and national level and protects its abusive culture under the constitutional guarantee of freedom of religion

The Fall and Rise of Christian Standards David Kidd,2005-02 For those struggling with the balance between nit picky rules and permissiveness its an indispensable resource of biblical reason In gracious conversational style the reality of Christianitys cultural adaptation is illustrated along with a practical understanding of relevant scriptural principles and their legitimate application to the polarizing issue of personal standards This is a makeover for the church from the inside out

Isms and Schisms Milton Jones,2013-10-22 In these confusing times it is important to understand the differences in doctrine and position that exist in the contemporary religious scene These differences really do matter What is the difference between Evangelicalism and Fundamentalism What is the difference between apostasy and heresy Do associations matter This volume traces the various nuances of belief and disbelief beginning at Atheism and ending with subject of heresy This treatment is not exhaustive but strives to cover the Isms and Schisms that influence our times

Reclaiming the Sane Society Miri Seyed Javad,Robert Lake,Tricia M. Kress,2014-07-03 Erich Fromm s body of work written more than 50 years ago was prophetic of the contemporary moment Increasingly global society is threatened by the many headed monster of corporate greed neo liberalism nihilism extreme fundamentalist beliefs and their resulting effects on the natural world and the lived lives of people Fromm clearly warned us of the peril of the misuse of technology and the destructive nature of man s perverse desire to possess control and or destroy Through his theories of having vs being the importance of hope as active resistance and his notion of freedom as the capacity to love self and others Fromm encouraged his readers to cultivate biophilic ways of being in the world that will counter and heal the impending necrophilic plunder of man s hubris This multi authored volume sheds new light on Fromm s forgotten role in the formation of contemporary thought through an engaging variety of reflexive and historical narratives from fields of sociology clinical psychology political science critical theory of religion and education Key concepts from his body of work are interpreted and expressed in ways that offer hopeful and humane alternatives to the present global conditions of despair greed and depersonalization

Why on Earth Are There Churches? Michael R. Privett,2012-08 After years of observation I have concluded that so many local churches function without regard to their God given biblical mission and

objectives because of their unclear mission their unbiblical targets or their unbalanced objectives The Lord God has already given His church a clearly defined mission for the present age Yet so many local churches seem to function without understanding their biblical mission their God directed reason for existence while other local churches and their leaders have revised or even compromised their God given mission thinking that they know better than God Some churches disband Sunday school dismantle the choir and disassemble pews only to replace them with other programs and ideas that will become traditional soon enough Traditions customs and worship styles vary from culture to culture and from generation to generation I've been in the gospel ministry long enough to have seen the pendulum swing back and forth a time or two So many ministries programs concepts and styles are not new but just repackaged Today's new fresh blended methods will become traditional to the next generation after a short period of time Too often we are more involved in following the latest fad than we are in striving to do all to the glory of God What really matters is whether you have presented a true and accurate opinion and view of the nature and character of God so that others will praise and exalt Him to His worthy place of honor esteem and excellence The Baptist Bulletin, 1994 Reclaiming the Center Millard J. Erickson, Paul Kjoss Helseth, Justin Taylor, 2004-11-09 Reclaiming the Center is a valuable contribution to the study of contemporary evangelicalism It is a guide for how evangelicals can move forward with wisdom and discernment without succumbing to the spirit of this age **Reclaiming Goodness** Hanan A. Alexander, 2001-05-22 Reclaiming Goodness Education and the Spiritual Quest begins with the premise that sound models for achieving both spiritual fulfillment and the good life are lacking in contemporary culture Arguing that contemporary education is responsible for having abandoned spirituality and the cultivation of goodness in people Hanan A Alexander advances a definition of spirituality which acknowledges an integral connection to education Reclaiming Goodness charts a way to reintegrate ethical and spiritual values with the values of critical thought and reason Written in accessible and non technical prose it will be of interest to professional educators as well as to a wider audience **Reclaiming Christianity** A.W. Tozer, 2009-05-01 Does the church use words that have lost their meaning Are there Christian words and phrases that have lost their power to convict the human spirit and bring transformation to the world One of the twentieth century's most renowned prophetic thinkers A W Tozer saw a dangerous trend gaining momentum even before his death a trend that has become commonplace now in the twenty first century In this never before published book Tozer sounds his alarm for the modern church We must stop parroting words carelessly and instead allow the meaning that these words convey to empower shape and direct the work of the church Yet Reclaiming Christianity is not just a warning it is a spiritual guidebook for reconnecting to the deepest meaning of Christianity's sacred messages *Reclaiming the Nation* Sam Moyo, Paris Yeros, 2011-03-04 This book compares the trajectories of states and societies in Africa Asia and Latin America under neoliberalism a time marked by serial economic crises escalating social conflicts the remilitarisation of North South relations and the radicalisation of social and nationalist forces Sam Moyo and

Paris Yeros bring together researchers and activists from the three continents to assess the state of national sovereignty and the challenges faced by popular movements today They show that global integration has widened social and regional inequalities within countries exacerbated ethnic caste and racial conflicts and generally reduced the bureaucratic capacities of states to intervene in a defensive way Moreover inequalities between the countries of the South have also widened These structural tensions have all contributed to several distinct political trajectories among states from fracture and foreign occupation to radicalisation and uncertain re stabilisation This book redraws the debate on the political economy of the contemporary South and provides students of international studies with an important collection of readings **Reclaiming**

Living in pluralist India has had critical consequences for Muslim women who are expected to follow a determined and strict code of conduct The impact of this contradiction is most evident in the continuing denial of gender equality within the family as state regulation of gender roles in the private sphere ultimately affects the status of women in the public sphere

Reclaiming the Nation examines the relationship between gender and nation in post colonial India through the lens of marginalized Muslim women Drawing on feminist legal theory postcolonial feminist theory and critical race theory Vrinda Narain explores the idea of citizenship as a potential vehicle for the emancipation of Muslim women Citizenship Narain argues opens the possibility for Indian women to reclaim a sense of selfhood free from imposed identities In promoting the hybridity of culture and the modernity of tradition Narain shows how oppositional categories such as public versus private Muslim versus feminist and Western versus Indian have been used to deny women equal rights A timely account of the struggle for liberation within a restrictive religious framework **Reclaiming the Nation** is an insightful look at gender nationhood and the power of self determination **Fundamentalism and Literature** C.
