Reclaiming Your Story

Denise Hildreth Jones

Reclaiming Your Story:

Reclaiming Your Story Merle R. Jordan, 1999-01-01 Merle Jordan argues that many people spend their adult lives struggling to distinguish between the imperatives of divine authority and the deeply rooted psychological authority of family structures. Employing the wisdom of his experience as a pastoral psychologist as well as the insights of clinical researchers and therapists, Jordan offers ways to demythologize false absolutes and to refocus distorted maps of reality. **Reclaiming Your Heart** Denise Hildreth Jones, 2013-02-18 Have you ever wondered where the abundant life Scripture promises is and how you seem to have missed it? Do you ever catch yourself saying, "Those were the best years of my life"? A failed relationship, a health crisis, a job loss, the death of a loved one—all can cause us to hide out, go numb, give up. Before we even know it, we're simply coping with life instead of living it to the fullest. It happens to most of us at one point or another. For author and Bible study teacher Denise Hildreth Jones, it happened in the wake of her devastating divorce. But she fought desperately to reclaim her God-designed heart, and now in her transparent, authentic style, Denise challenges you to do the same. Sharing stories from her own journey and others she's walked alongside, Denise will help you identify ways you've given your heart to lesser gods like performance, people-pleasing, and control, and how to find your way back to God's design for your life to laughing, loving, and living life to the fullest. **Reclaiming Your Life** Jerry Kevin Cooke, *How Pornography Shapes Your Mind: Relationships and Emotional Health and What You Can Do About It* is a practical guide to understanding the profound effects pornography can have on mental health, relationships, and emotional well-being. In today's digital age, pornography is more accessible than ever, often shaping thoughts, behaviors, and intimacy in ways that can go unnoticed. This book explores the psychological and emotional toll pornography takes on individuals and couples, offering real solutions for breaking free from its influence. With actionable steps, personal insights, and expert guidance, author Jerry Kevin Cooke helps readers overcome addiction, rebuild intimacy, and restore emotional health. Whether you're struggling personally or supporting a loved one, this book provides the tools needed to reclaim your life, rebuild relationships, and find lasting emotional freedom. **Reclaiming Your Inner Child** Nina Mongendre, 2025-06-10 A quest to make peace with your past, release the burdens you carry for your ancestry, and embrace the gifts of the present. How we treat our inner child reflects on every aspect of our lives. It is the foundation of our habits and of our self-worth. When we deny, reject, or criticize our own innocence and vulnerability, we hinder our capacity for authenticity and connection. We are desperate for a semblance of control because we felt powerless as a child, and we attempt to protect ourselves by directing arrows of judgment, criticism, and negativity towards ourselves and others. Political hatred, discrimination, and crime can all be traced to childhood wounding. These harmful behaviors, along with depression, anxiety, and self-doubt, are the inner child's desperate call for help. Our younger selves are still trying to get their needs met, and it is now our responsibility to meet these needs. Nobody else can. Until we meet our own needs, we blame our parents, our partners, and the world. We are stuck in a triangle of disempowerment in which only three roles are available:

victim villain and rescuer We cycle through all three of these roles depending on the circumstance In each one of these roles we are looking for self worth outside ourselves and feel resentful and powerless This book teaches us how to step out of this triangle and the layers of story we have been telling ourselves becoming our own guide on an epic inner quest It is an invitation to write a new story to finally meet our needs and take full responsibility for our lives To do this we step outside of linear time and journey back to significant moments of our childhood bringing our adult self along with all of our acquired life experience to offer the support that was needed at the time

[Empathic Justice: Taking Down the Narcissist and Reclaiming Your Life](#) Janette Viney, 2023-04-24 Introduction Explanation of Empathy Empathy is the ability to understand and share the feelings of others It's a powerful tool that allows us to connect with those around us and build strong meaningful relationships For empaths empathy is not just a skill or trait it's a way of life They have a heightened ability to feel what others are feeling and to sense the emotions of those around them This is why empaths are often described as sensitive intuitive and emotional Empathy is not just about feeling sorry for someone or being sympathetic It's about truly understanding and sharing the emotions of others It's about being able to put yourself in their shoes and feel what they are feeling This is why empathy is so important in relationships both personal and professional It allows us to connect with others on a deeper level and build strong lasting bonds For empaths empathy is not just a tool for building relationships it's a way of protecting themselves from the toxic influence of narcissists Narcissists are individuals who lack empathy and have an inflated sense of self-importance They are manipulative self-centered and often abusive They see others as objects to be used for their own benefit and have no regard for the feelings or well-being of others Empaths are often drawn to narcissists because they see their pain and want to help them They believe that if they can just show the narcissist enough love and understanding they will change However this is not the case Narcissists are incapable of change because they lack empathy They will continue to use and abuse others for their own benefit leaving the empath feeling drained and

powerless Empaths need to understand that they cannot change a narcissist They need to set boundaries and protect themselves from their toxic influence This is where empathy comes in By understanding the emotions and motivations of the narcissist empaths can protect themselves and take back control of their lives In conclusion empathy is a powerful tool for empaths It allows them to build strong relationships and protect themselves from the toxic influence of narcissists By understanding the emotions of others empaths can connect with them on a deeper level and build lasting bonds It is important for empaths to understand the true meaning of empathy and how it can help them in their personal and professional lives
