Recollections of a Romanian Diplomat, 1918-1969: Diaries and Memoirs of Raoul V. Bossey , The half century covered by Raoul Bossey s diaries and memoirs was one of major upheaval in the world particularly in Eastern Europe A keen and witty observer Bossey faithfully recorded the reactions of informed people to the then unfolding international events His recollections begin in 1918 when Bossey entered the Romanian diplomatic service as a lowly attach and began his climb through the ranks cabinet chief of the minister of foreign affairs to political director of the prime minister s office to secretary general of the Romanian regency By the early 1940s he achieved what was at that time the most important posting for a Romanian diplomat envoy to Berlin *Recollections of a Romanian Diplomat, 1918-1969* Raoul V. Making Minorities History Matthew James Frank,2017 Making Minorities History examines the various attempts made by European states over the course of the first half of the twentieth century under the umbrella of international law and in the name of international peace and reconciliation to rid the Continent of its ethnographic misfits and problem populations It is principally a study of the concept of population transfer the idea that in order to construct stable and homogeneous nation states and a peaceful international order out of them national minorities could be relocated en masse in an orderly way with minimal economic and political disruption as long as there was sufficient planning bureaucratic oversight and international support in place Tracing the rise and fall of the concept from its emergence in the late 1890s through its 1940s zenith and its geopolitical and historiographical afterlife during the Cold War Making Minorities History explores the historical context and intellectual milieu in which population transfer developed from being initially regarded as a marginal idea propagated by a handful of political fantasists and extreme nationalists into an acceptable and a progressive instrument of state policy as amenable to bourgeois democracies and Nobel Peace Prize winners as it was to authoritarian regimes and fascist dictators In addition to examining the planning and implementation of population transfers and in particular the diplomatic negotiations surrounding them Making Minorities History looks at a selection of different proposals for the resettlement of minorities that came from individuals organizations and states during this era of population transfer Between States Holly Case,2009-05-05 Winner of the 2010 George Louis Beer Prize of the American Historical Association The struggle between Hungary and Romania for control of Transylvania seems at first sight a side show in the story of the Nazi New Order and the Second World War These allies of the Third Reich spent much of the war arguing bitterly over Transylvania s future and Germany and Italy were drawn into their dispute to prevent it from spiraling into a regional war But precisely as a result of this interaction the story of the Transylvanian Question offers a new way into the history of how state leaders and national elites have interpreted what Europe means Tucked into the folds of the Transylvanian Question s bizarre genealogy is a secret that no one ever tried to keep but that has remained a secret nonetheless small states matter The perspective of small

states puts the struggle for mastery among its Great Powers into a new perspective **The Holocaust** Norman J.W. Goda,2022-05-02 The second edition of this book frames the Holocaust as a catastrophe emerging from varied international responses to the Jewish question during an age of global crisis and war The chapters are arranged chronologically thematically and geographically reflecting how persecution responses and experience varied over time and place conveying a sense of the Holocaust s complexity Fully updated this edition incorporates the past decade s scholarship concerning perpetrators victims and bystanders from political national and gendered perspectives It also frames the Holocaust within the broader genocide perspective and within current debates on memory politics and causation Global in approach and supported by images maps diverse voices and suggestions for further reading this is the ideal textbook for students of this catastrophic period in world history *The Holocaust* Norman Goda,2016-11-03 The Holocaust Europe the World and the Jews is a readable text for undergraduate students containing sufficient but manageable detail The author provides a broad set of perspectives while emphasizing the Holocaust as a catastrophe emerging from an international Jewish question This text conveys a sense of the Holocaust s many moving parts It is arranged chronologically and geographically to reflect how persecution experience and choices varied over different periods and places Instructors may also take a thematic approach as the chapters have distinct sections on such topics as German decisions Jewish responses bystander reactions and other themes Romania's Holy War Grant T. Harward,2021-11-15 Romania s Holy War rights the widespread myth that Romania was a reluctant member of the Axis during World War II In correcting this fallacy Grant T Harward shows that of an estimated 300 000 Jews who perished in Romania and Romanian occupied Ukraine more than 64 000 were in fact killed by Romanian soldiers Moreover the Romanian Army conducted a brutal campaign in German occupied Ukraine resulting in the deaths of thousands of Soviet prisoners of war partisans and civilians Investigating why Romanian soldiers fought and committed such atrocities Harward argues that strong ideology a cocktail of nationalism religion antisemitism and anticommunism undergirded their motivation Romania s Holy War draws on official military records wartime periodicals soldiers diaries and memoirs subsequent war crimes investigations and recent interviews with veterans to tell the full story Harward integrates the Holocaust into the narrative of military operations to show that most soldiers fully supported the wartime dictator General Ion Antonescu and his regime s holy war against Judeo Bolshevism The army perpetrated mass reprisals targeting Jews in liberated Romanian territory supported the deportation and concentration of Jews in camps or ghettos in Romanian occupied Soviet territory and played a key supporting role in SS efforts to exterminate Jews in German occupied Soviet territory Harward proves that Romania became Nazi Germany s most important ally in the war against the USSR because its soldiers were highly motivated thus overturning much of what we thought we knew about this theater of war Romania s Holy War provides the first complete history of why Romanian soldiers fought on the Eastern Front A Brief History of The Third Reich Martyn Whittock,2011-06-23 The abuse of power genocide the destruction of total war

unimaginable cruelty and the suffering of millions were all central features of Hitler's Nazi regime. Yet the Nazis were also highly successful in manipulating images and information; they mobilized and engaged vast numbers of people caught the imagination of the young and appeared remarkably modern to many contemporary observers. Was the Third Reich a throwback to a mythical past or a brutally modern and technologically advanced state? Was Hitler a strong dictator who achieved his clear goals or was his chaotic style of government symptomatic of a weak dictator unable to control the complex and contradictory forces that he had unleashed? Was the Third Reich ruled by terror or largely supported by a compliant German population? Was the genocide against the Jews a peculiarly German phenomenon or a uniquely German expression of a terrible wider trend? Whittock explores these and other key questions, interrogating the views of different historians and drawing on a wealth of primary sources from state-sponsored art to diaries, letters and memoirs of both perpetrators and victims to provide an overview of the complex evidence. History should aim to put us firmly in touch with the lives of people living in the past and the issues they faced. Whittock never loses sight of the individuals whose lives were caught up in these extraordinary events while also giving a lucid overview of the bigger picture.

A Bibliography of East European Travel Writing on Europe Wendy Bracewell, Alex Drace-Francis, 2008-02-10. The bibliography volume of the three-volume *East Looks West: East European Travel Writing in Europe* collates travel writing published in book form by east Europeans travelling in Europe from ca 1550 to 2000. It is intended as a fundamental research tool collecting together travel writings within each national linguistic tradition and enabling comparative analysis of such material. It fills an important gap in the existing reference literature both in western and east European languages and will be of use to those working in the growing fields of comparative travel writing, regional and national identities and postcolonialism. These texts exist in surprisingly large numbers and include writings of high literary quality as well as of historical interest, but they have been relatively little studied as a genre. Much of this material is rare and difficult to find even in national libraries. As a result, there are few bibliographical surveys of the literature of east European travel and self-representation and none that are region-wide or comparative in scope. This is the third volume of a three-part set of *East Looks West*. Vol 1: *Orientations: An Anthology of East European Travel Writing on Europe*. Vol 2: *Under Eastern Eyes: A Comparative Introduction to East European Travel Writing on Europe*. **Book Review Index**, 2004. Every 3rd issue is a quarterly cumulation.

Războiul Sfânt al României. Militarii, motivația și Holocaustul Grant T. Harward, 2024-04-25. între 22 iunie 1941 și 23 august România a luat parte la războiul purtat de Germania împotriva Uniunii Sovietice. Armata română a eliberat nordul Bucovinei și Basarabia, a cucerit o parte din vestul Ucrainei, inclusiv Odesa, apoi a luptat în Crimeea și Caucaz și la Stalingrad. Sub motivația purtării unui război sfânt, atât în linia întâi cât și în spatele frontului, o parte dintre militarii români au comis crime de război. Un număr foarte mare de civili, în special evrei, dar și partizani sau prizonieri de război, au fost asasinați, oștiile române fiind puternic animată de o ideologie alcătuită din convingeri naționaliste, religioase antisemite și anticomuniste. Harward zugrăvește o imagine deosebit de convingătoare a

modului în care evenimentele de pe linia frontului au influențat tratamentul aplicat evreilor în teritoriile ocupate. Combinând istoria militară cu perspectiva asupra motivației ideologice a armatei române, Războiul Sfânt al României constituie o importantă contribuție adusă la clarificarea acestui subiect. LA Review of Books. Scrierea lui Harward este limpede, concisă și fără elemente de jargon. Cartea este bine documentată fiind folosite materiale de arhiv pe care puțin istorici le au consultat dar și interviuri. O lucrare de mare preț pentru cercetătorii studenți dar și pentru pasionații de istorie. Journal of Military History. Cartea aceasta este o lucrare importantă pentru cercetătorii celui de Al Doilea Război Mondial și pentru cei ai Holocaustului. Journal of European Studies. ISBN ebook 9786060886129. *Slavic Review*, 2004. American quarterly of Soviet and East European studies varies. 2020-07-09. **Kultur und Propaganda** Irina Nastasă-Matei, Lucian Nastasă-Kovács, 2023-06-27. Das 1940 in der Reichshauptstadt Berlin. gegründet Rumänische Institut sollte die kulturellen Beziehungen zwischen Rumänien und dem Deutschen Reich koordinieren und vertiefen. Dieser Band beleuchtet erstmals und umfassend die Entstehung dieser Einrichtung und das Wirken der dort tätigen Personen von der Planung und Organisation des Instituts über dessen Aufbau, die Ziele und Leitgedanken bis hin zu Erwartungen an das ambitionierte Projekt und Rückschlüssen in der Umsetzung. Im Zentrum steht dabei die Veröffentlichung zeitgeschichtlich bedeutsamer Dokumente und deren intensive und kritische Diskussion. Erhellend ist zudem die kritische Auseinandersetzung mit Personen, die mit dem Rumänischen Institut in Verbindung standen mit deren Aktivitäten und mit der Einbettung des Instituts in den politisch-ideologischen Kontext des Nationalsozialismus.
