Re-envisioning Sovereignty Trudy Jacobsen, 2016-04-08 Sovereignty as a concept is in a state of flux In the course of the last century traditional meanings have been worn away while the limitations of sovereignty have been altered as transnational issues compete with domestic concerns for precedence This volume presents an interdisciplinary analysis of conceptions of sovereignty Divided into six overarching elements it explores a wide range of issues that have altered the theory and practice of state sovereignty such as human rights and the use of force for human protection purposes norms relating to governance the war on terror economic globalization the natural environment and changes in strategic thinking The authors are acknowledged experts in their respective areas and discuss the contemporary meaning and relevance of sovereignty and how

it relates to the constitution of international order The Politics of Food Sovereignty Annie Shattuck, Christina Schiavoni, Zoe VanGelder, 2018-07-26 Food sovereignty has been a fundamentally contested concept in global agrarian discourse over the last two decades as a political project and campaign an alternative a social movement and an analytical framework It has inspired and mobilized diverse publics workers scholars and public intellectuals farmers and peasant movements NGOs and human rights activists in the global North and South The term food sovereignty has become a challenging subject for social science research and has been interpreted and reinterpreted in a variety of ways It is broadly defined as the right of peoples to democratically control or determine the shape of their food system and to produce sufficient and healthy food in culturally appropriate and ecologically sustainable ways in and near their territory However various theoretical issues remain sovereignty at what scale and for whom How are sovereignties contested What is the relationship between food sovereignty and human rights frameworks What might food sovereignty mean extended to a broader set of social relations in urban contexts How do the principles of food sovereignty interact with local histories and contexts This comprehensive volume examines what food sovereignty might mean how it might be variously construed and what policies it implies This book was originally published as a special issue of the journal Globalizations EU Development Policy and Poverty Reduction Dr Wil Hout, 2013-03-28 This inspiring collection analyzes the contribution of EU development policy to poverty reduction It focuses on various aspects of the policy trade agriculture and food security and modes of policy making and implementation and covers three geographical areas in relation to Europe Latin America Asia and Africa Middle East The volume concludes with practical recommendations for improving EU development policy with a view to enhancing its effectiveness The EU-Russian Energy Dialogue Professor Pami Aalto, 2013-03-28 EU Russian energy dialogue represents a policy issue that forces us to take a serious look at several crucial questions related to the present and future of Europe such as how can the EU area ensure its future energy security when it is running out of its own energy resources and at the same time incorporating new members who are also dependent on energy imports This book not only outlines the overall characteristics of the energy dialogue but also illustrates the involved policy implementation challenges by paying special attention to the regional context of northern Europe The study contributes to diverse fields such as international relations and political science European studies studies on energy politics international political economy post Soviet politics and literature on regionalization and regionalisms with a special reference to northern Europe **US Military Bases and Anti-Military Organizing** Erin Fitz-Henry, 2015-08-25 US military presence in twenty first century in Latin America has recently been characterised by rapidly intensifying militarization alongside under supported anti military activism This book redirects recent debates about twenty first century social mobilization by taking seriously those who actively resist the social movements in their midst **Separatism and Sovereignty in the New Europe** Janet Laible, 2008-11-23 This book investigates why despite European integration separatist nationalism continues to thrive in EU

member states Laible demonstrates that the EU sustains the importance of statehood and therefore separatism and creates new forms of political capital that nationalists employ in their struggles for self government **The Use of Force and the**

International Legal System Terry D. Gill,Kinga Tibori-Szabó,2023-12-21 This book provides accessible in depth coverage and analysis of how international law regulates the use of force through an intra disciplinary perspective Using a modernized legal positivist approach it offers a unique focus on the relationship and functions of jus ad bellum within the wider legal landscape **Cruising in the Global Economy** Christine B.N. Chin,2016-12-05 The business of cruise tourism in recent

years has commanded news media attention especially on issues of environmental pollution passenger safety and worker rights yet consumer interest in cruise vacations has not been adversely affected by negative publicity and it continues to grow at an average of 8 9% per annum This unique mode of business focusing on the production and consumption of pleasure at sea and on land offers us an unprecedented opportunity to analyze the manner in which ongoing economic restructuring processes to bring about free markets in goods services and labour can and does involve both life on land and at sea This interdisciplinary analysis elicits an examination of states relationship to the maritime regulatory structure governing ship ownership management and operations cruise lines business strategies development of port communities to capture cruise related revenue changing leisure consumption patterns and meanings and the employment of foreign migrant workers as seafarers **Engaging Dissonance** Amy Lee,Rhiannon D. Williams,2017-03-10 This volume explores the

internationalization of higher education in the context of global citizenry and intercultural competencies It focuses on presenting dissonance as a means to facilitating students openness to complexity and development of intercultural skills or their experiences in the classroom **New Perspectives on Globalization and Antiglobalization** Henry

Veltmeyer,2016-12-05 This completely revised and updated sequel to Globalization and Antiglobalization advances our understanding of the dynamics of neoliberal globalization and draws our attention towards efforts to construct another world beyond neoliberalism To advance our understanding of these forces and associated processes the collection brings together eleven specialists in the political economy of international relations and globalization to reflect on and analyze the diverse dimensions of the globalization process Taking into account significant developments in the dynamics of globalization and antiglobalization over the past years it includes a new introduction and a new conclusion as well as eight entirely new chapters contributed by authors as diverse and different in their perspectives as James Petras Walden Bello Norman Girvan Paul Bowles Terry Gibbs Lisa Thompson and Teivo Teivainen These dynamics are contextualized with essays on the Caribbean Latin America East Asia and Southern Africa This is an invaluable volume for students academics and activists concerned with creating a truly new world order Regionalism, Globalisation and International Order Jens-Uwe

Wunderlich,2016-03-23 New regionalism and globalization have been prominent themes in academic and political debates since the beginning of the 1990s Despite the considerable amount of scholarly attention that the new regionalism has

received in recent years its full empirical and theoretical potential has yet to be fully investigated This illuminating study provides an overview of new avenues in theorizing regionalism and proposes a consolidated framework for analysis and comparison Offering a comparative historical perspective of European and Southeast Asian regionalism it presents new and imaginative insights into the theory and practice of regionalism and the links between regional developments globalization and international order

Unrecognized States in the International System Nina Caspersen, Gareth R. V. Stansfield, 2011 Unrecognized states are territories that have achieved de facto independence yet have failed to gain international recognition as independent states These territories constitute anomalies in the international system of sovereign states and often present significant challenges to policy makers as evidenced by the war in Georgia and the continued debate over Kosovo's independence This book draws on both theory and case studies to better understand the phenomenon of unrecognized states demonstrating that the existence of such entities is less unusual than previously assumed Moving away from an overt focus on case studies the chapters present various themes that link the emergence operations and development of unrecognized states and assess how the established order of states responds to the challenges they present How do unrecognized interact with the international system of sovereign states How does it shape their emergence operations and development How do these entities develop in a context of non recognition Are we witnessing a new form of statehood or are these entities better understood as states in waiting What are the strategies available for dealing with unrecognized states Could power sharing or autonomy provide a solution or are more innovative strategies necessary With contributions from leading scholars in a number of fields this book will appeal not only to students and scholars of Political Science International Relations Geography Area Studies Sociology and Conflict Resolution but also to journalists government bodies and NGOs

Brownlie's Principles of Public International Law James Crawford, Ian Brownlie, 2019 Serving as a single volume introduction to the field as a whole this ninth edition of Brownlie's Principles of International Law seeks to present international law as a system that is based on and helps structure relations among states and other entities at the international level

Statehood and Self-Determination Duncan French, 2013-02-21 This detailed and timely examination of fundamental issues of statehood and recognition self determination and the rights of indigenous peoples includes analysis of some of the most controversial examples of disputed territorial status including Kosovo and the Palestinian Authority

Beyond Regionalism? Matteo Legrenzi, 2016-04-15 Regional cooperation regionalism and regionalization in the Middle East are usually considered to be weak and rather ceremonial However since September 11 2001 a new regional order is emerging and the impact of geostrategic changes in the international environment has yet to be satisfactorily studied With older regional organizations suffering from weaknesses new forms appear to be developing and flourishing due either to European support or growing sub regional identities This volume offers refined theoretical models and approaches which are attuned to the new dynamics and contradictions of a wide range of

regionalist projects in the contemporary Middle East Case studies of the most important regional organizations in different policy fields offer comprehensive overviews of the main actors institutions historical development and current issues

Hard Power, Soft Power and the Future of Transatlantic Relations Thomas L. Ilgen, 2016-04-22 The dynamics of transatlantic relations in the twenty first century have been shaped by an American preference for the exercise of its considerable hard power capabilities while Europeans have preferred to draw upon the considerable soft power resources that have grown from their enviable internal processes of integration These diverging power preferences have differential impacts on the management of Atlantic security economic and social and cultural relations The contributors long time observers and analysts of the Atlantic partnership debate how problematic security relations are likely to continue to be discuss how successfully economic affairs will be managed and examine the continuing frictions in domestic politics of social and cultural matters that should be manageable if both European and American leaders work actively and responsibly to encourage policy convergence
