Reconnecting Families A Guide To Strengthening Family Reunification Services:

Reconnecting Families Robin Warsh, Barbara A. Pine, Anthony N. Maluccio, 1996 **Reconnecting Families** Robin Warsh, Barbara A. Pine, Anthony N. Maluccio, 1996-01-01 Whether or not to reunite children in out of home care with their families of origin is one of the most complicated decisions that child welfare practitioners and administrators face This guide contains all the materials needed by public and private child welfare agencies to conduct a comprehensive self assessment of their current policies programs and resources regarding out of home care *The Child Welfare Challenge* James K. Whittaker, 2017-07-12 Within a historical and contemporary context this book examines major policy practice and research issues as they jointly shape child welfare practice and its future In addition to describing the major problems facing the field the book highlights service innovations that have been developed in recent years The resulting picture is encouraging especially if certain major program reforms I are implemented and agencies are able to concentrate resources in a focused manner The volume emphasizes families and children whose primary recourse to services has been through publicly funded child welfare agencies The book considers historical areas of service foster care and adoptions in home family centered services child protective services and residential services where social work has an important role Authors address the many fields of practice in which child and family services are provided or that involve substantial numbers of social work programs such as services to adolescent parents child mental health education and juvenile justice agencies This new edition will continue to serve as a fundamen tal introduction for new practitioners as well as summary of recent developments for experienced practitioners **Assessing Outcomes in Child and Family Services** Anthony N. Maluccio, 2017-11-30 In this collective portrait editors and authors do not attempt to draw systematic country by country comparisons Given the magnitude of the issues they believed that it would be inappropriate to paint with too broad a stroke What they have accomplished however is to codify and identify what the participants repeatedly noted in regard to issues and difficulties inherent in conducting outcome evaluation These include varying definitions of outcome complexities in measuring outcomes of particular interventions with different groups of consumers and documenting the effectiveness of the intervention the tendency to focus on evaluation of process more than outcome the challenge of involving practitioners in the evaluation task in part because its value is unclear to them or perceived as distant or untrustworthy the typical inadequacy of resources available for systematic evaluation and the need to inject rigor into the design and execution of evaluation projects The authors demonstrate strong conviction about sharing research expertise across national boundaries learning through each other how to cope with organizational impediments to cross national collaboration and strengthening the interaction between practice and research Their contributions suggest that there is wide interest in pursuing cross national collaboration In recent years largely in response to demands by their funding sources for accountability assessment of performance and cost effectiveness researchers in human services have been devoting increased attention to outcome evaluation Limited attention

however has been given to the findings of evaluation studies conducted in different countries The present volume has been organized and edited to address the task of learning from outcome research across the world Its goal an extension of a major goal of the human services in any one country is to improve life chances of vulnerable children and youth *The Child Welfare Challenge* ,2017-07-28 This newly revised and updated edition of a widely adopted text continues to address a broad array of issues in supporting children and strengthening families It includes key information about federal legislation as well as policy related outcomes research in child welfare The first edition of The Child Welfare Challenge was hailed by Social Work as an excellent source from which to gain an in depth understanding of the practice and policy dimensions of child maltreatment foster care and adoption and by the Journal of Sociology and Social Welfare as essential reading for anyone interested in knowing more about child welfare practice in social work Within a historical and contemporary context this book examines major policy practice and research issues as they jointly shape current child welfare practice and possible future directions In addition to describing the major challenges facing the child welfare field the book highlights some of the service innovations that have been developed as these could be used to help address some of these challenges In child welfare the focus is on families and children whose primary recourse to services has been through publicly funded agencies The contributors consider historical areas of service foster care and adoptions in home family centered services child protective services and residential services in which social work has a legitimate long standing and important mission This is a comprehensive book but one that appreciates the fact that many areas such as daycare and early intervention invite exploration It is unique in that each chapter describes how policy initiatives and research can or should influence program design and implementation Resources in Education ,1999-10 **Social Work Practice with Families and Children** Anthony Maluccio,Barbara Pine,Elizabeth M. Tracy,2002-09-11 This book emphasizes family centered social network and school based interventions in the preparation of social workers for direct and indirect practice with clients from vulnerable populations especially the poor people of color and recent immigrant groups With an eye to recent changes in social work practice and service delivery including the impact of welfare reform and managed care on vulnerable families and children Social Work Practice with Families and Children helps social work students and practitioners understand the increasingly complex needs of their clients Three valuable appendixes include information about tools and instruments to support practice child welfare resource centers and electronic resources pertaining to the field The Child Welfare Challenge Peter J. Pecora,James K. Whittaker,Richard P. Barth,Sharon Borja,William Vesneski,2018-09-03 Using both historical and contemporary contexts The Child Welfare Challenge examines major policy practice and research issues as they jointly shape child welfare practice and its future This text focuses on families and children whose primary recourse to services has been through publicly funded child welfare agencies and considers historical areas of service foster care and adoptions in home family centered services child protective services and residential treatment services where social work has an important role

This fourth edition features new content on child maltreatment and prevention that is informed by key conceptual frameworks informed by brain science public health and other research This edition uses cross sector data and more sophisticated predictive and other analytical processes to enhance planning and practice design The authors have streamlined content on child protective services CPS to allow for new chapters on juvenile justice cross over youth and international innovations as well as more content on biology and brain science The fourth edition includes a glossary of terms as well as instructor and student resource papers available online

Children Going Home Roger Bullock, Daniel Gooch, Michael Little, 2019-01-22 First published in 1998 this Darlington child care study looks at the return experiences of children looked after by local authorities It shows that although the great majority of children go back to their families and home communities little is known about the process How can professionals and carers make the transition as easy as possible The book takes forward ideas first reported in the Dartmouth publication going home The return of children separated from their families and tested in subsequent research It charts patterns of separation and return considers the experiences of those involved and highlights factors associated with the likelihood of return and its success Because the factors described in the earlier research have since been confirmed in a blind prospective study they are among the most robust indicators available

The Foster Care Crisis Patrick Almond Curtis, Grady Dale, Joshua C. Kendall, 1999-01-01 The inadequacy of the foster care system has long been recognized One of the biggest obstacles to reforming the system is the relative unavailability of research data from the field information that would shed light on key empirical trends and pressing issues This long overdue volume provides a much needed overview of the current state of foster care Leading researchers and practitioners summarize and discuss the results of their current research providing through their data an unparalleled detailed glimpse of the inner workings of the foster care system in its entirety The volume is also valuable for its survey and syntheses of important issues and trends affecting foster care Subjects discussed include welfare reform reporting systems family reunification mental health services and the needs of minority children Wide ranging and detailed in its coverage this collection is destined to become an essential reference and guide to the foster care system

Group Care Practice with Children and Young People Revisited Leon C. Fulcher, Frank Ainsworth, 2012-12-06 Find out how group care for children has changed in the last 20 years Group Care Practice with Children and Young People Revisited focuses on the core issues that shape the quality of care that is provided in institutional and residential care settings as well as day care services that rely on the group process Leading authorities on residential group care practice from around the world examine practice concepts centered on three broad themes working directly with children working indirectly to support children and their families and organizational influences on practice This unique book offers valuable insights for dealing with the daily challenges of working with young people in responsive group care Group Care Practice with Children and Young People Revisited builds on contemporary themes that were explored by the editors more than 20 years ago in Group Care for

Children Concept and Issues and Group Care Practice with Children both out of print Contributors to this updated collection put a fresh spin on the original material as well as cross cultural analysis from both sides of the Atlantic Australia and New Zealand Malaysia China and the United Arab Emirates They revisit the key issues identified in the earlier books and provide personal and professional reflections on what has happened to their practice themes since the early 1980s Special attention is paid to how social policy imperativesnormalization de institutionalization mainstreaming least restrictive environment minimal intervention and diversionhave reshaped the field group care methods and skills needed for direct and indirect care and group care as an occupational Group Care Practice with Children and Young People Revisited examines and re examines the relationships between group care practice and education how group care programs can become hostile to families primary care in secondary settings the importance of shared language in a group care center group development how group composition can influence the overall functioning of the group managing occupational stresses in group care practice patterns of career development in child and youth care economic influences that impact group care challenges facing the future of group care services for children and much more Group Care Practice with Children and Young People Revisited is a must read for youth case workers child and youth care educators and anyone working in child welfare including youth justice managers administrators and policymakers

Family Centred Group Care: Model Building Frank Ainsworth,2018-10-26
Published in 1997 this study focused on building and empirically validating a model of family centred group care This is an alternative to the traditional model of group child care that is primarily child centred and which reflects the notion of group care as a substitute for parental care The model represents a step forward in the conceptualization of group care practice as both child centred and family affirming The Family Centred Group Care instrument used in the study is unique in that this is the first to measure a model of group care empirically The book will be of interest to child welfare practitioners social workers child care workers and other human service personnel as well as managers of agencies that provide group care services for children and at risk youth Researchers and policy makers will also find this book useful as the study advances the application of empirical methodology to human service programs

Social Work At The Millennium Robert Morris,2007-09-12 For the last century social workers have attended to those in need and sought to improve the social and economic conditions of the disadvantaged At the dawn of a new century the country s leading social work practitioners and educators have come together in one stellar volume to assess the successes and failures of the field in its first hundred years They lay out the road social work must take to face the challenges ahead Along with two chapters by the editors June Gary Hopps and Robert Morris Social Work at the Millennium includes ten chapters from an exceptionally strong group of contributors offering a range of interpretations of the future of social work By looking with a critical eye at the past century and at the present day the authors come to varying conclusions that will stir debate within the field for years to come But all agree that social workers need a place at the policy drafting tables as well as in the human services triage rooms and that

much work needs to be done to ensure that this happens Social Work at the Millennium presents the top voices of the social work field as they begin to craft the future of the profession and issues a challenge to social workers students scholars and policy makers to continue the discussion to shape a better future for the profession and the people it serves **Child**

Welfare for the Twenty-first Century Gerald P. Mallon, Peg McCartt Hess, 2014-09-09 The Adoption and Safe Families Act ASFA which became law in 1997 elicited a major shift in federal policy and thinking toward child welfare emphasizing children's safety permanency and well being over preserving biological ties at all costs The first edition of this volume mapped the field of child welfare after ASFA's passage detailing the practices policies programs and research affected by the legislation's new attitude toward care This second edition highlights the continuously changing child welfare climate in the U S including content on the Fostering Connections Act of 2008 The authors have updated the text throughout drawing from real world case examples and data obtained from the national Child and Family Services Reviews and emerging empirically based practices They have also added chapters addressing child welfare workforce issues supervision and research and evaluation The volume is divided into four sections child and adolescent well being child and adolescent safety permanency for children and adolescents and systemic issues within services policies and programs Recognized scholars practitioners and policy makers discuss meaningful engagement with families particularly Latino families health care for children and youth including mental health care effective practices with LGBT youth and their families placement stability foster parent recruitment and retention and the challenges of working with immigrant children youth and families **Child Welfare**

Outcome Research in the United States, United Kingdom, and Australia Anthony N. Maluccio, Frank Ainsworth, June Thoburn, 2000 Ideally there is a close interaction between research and practice in human services and program planning is based on such interaction particularly the findings of outcome research This book reviews the bodies of outcome research about child welfare programs from the United States the United Kingdom and Australia particularly outcomes in relation to service effectiveness duration of child placement permanency planning and child development and functioning The purpose of the book is to give child welfare administrators policymakers practitioners and academics a comprehensive picture of the current state of child welfare knowledge Chapter 1 discusses issues related to carrying out outcome research and describes the different service systems in the three countries Chapter 2 examines outcome research in traditional services such as kinship care family foster care treatment foster care residential group care and adoption Chapter 3 reviews research findings related to outcomes of more recent service initiatives including family preservation family reunification preparation for independent living the Looking After Children administrative materials used in the United Kingdom family group decision making shared family care and wraparound services The book concludes by asserting that there are a number of gaps in the available research including limited comparative studies of the outcomes of such services as adoption family foster care and residential care and limited attention to the dimension of race and ethnicity Recommendations include greater attention to

the role of race and ethnicity and more cross national research Appended is an annotated bibliography of texts that consider outcome research in child protective services Contains 399 references KB
