**ReConnecting Worship** Rob Weber, Stacy Hood, 2004 How far down are you willing to go Jesus said Drink deep How many of our churches are drinking deep from the fountain or just gargling Here is an indispensable resource to help your congregation take long deep draughts of living water in worship Leonard Sweet The Theological School Drew University Pastors worship leaders worship planners and laypersons will use this book as they participate in the ReConnecting Worship video based small group study to learn about and discuss worship in the congregation In eight rich and stimulating sessions a group will come to terms with the rapidly changing worship environment The participants will examine practices and develop skills for improving the ways we worship while preserving and honoring each particular tradition Includes Leader s Guide [DOWNLOAD Corrected Leader s Guide Here](#) ReConnecting Worship will energize congregations and leaders who want to v Reshape worship to reach new groups of people with different cultural or generational backgrounds v Starting a new or alternative worship experience v Boost participation in worship through creativity and interaction v Increase cohesion among participants who already attend one of two or more worship services v Launch a new congregation and are planning the first public worship service Each participant

in the group study should have a copy of the ReConnecting Worship participant's book. Purchase the ReConnecting Worship Kit at your Christian bookstore.

*Preaching as Worship* Michael J. Quicke, 2011-09-01 Much current literature on church worship rarely mentions preaching and vice versa. Worship is often seen as restricted to music and liturgy while preaching is assumed to operate on different principles for different purposes. But veteran preacher Michael Quicke argues that preaching should be viewed as worship as both worship and preaching belong within the same Trinitarian dynamic serving the same purpose and marked by similar characteristics. Drawing on insights from wide ranging literature and practitioners on both sides of the gap, this insightful book confronts and corrects ten characteristics of preaching that are disconnected from worship.

The Synaptic Gospel Christopher D. Rodkey, 2012-01-06 In this book Christopher D. Rodkey asks how the brain worships and responds by engaging ideas from neurological science, philosophy, ritual theory and religious education. From this exploration, two new paradigms for pastoral ministry emerge. First, Rodkey proposes a pan-generational principle advocating an empathy-based approach for fostering faith communities, a principle that is radically inclusive to all generations. Second, Rodkey argues that worship and religious education should converge to include a shared goal of teaching individuals to live liturgically. In *The Synaptic Gospel*, Rodkey argues that living and thinking liturgically are learned behaviors that may be promoted through pan-generational worship. The book concludes with a special emphasis on practical suggestions for youth ministry. *The Synaptic Gospel* will prove to be a useful theoretical tool for pastors, religious educators, youth ministers, church music professionals and seminary students.

Reviews While it is wonderful to explore the diversity of beliefs and expressions of faith in the many branches of the church of Jesus Christ there comes a time when we need to return to first principles Beginnings is a lively and thoughtful tool that enables both Christians and non Christians to accomplish this task thinking about Christian faith afresh David Alistair Renwick B Sc M Div Ph D Senior Pastor and General Custodian Second Presbyterian Church Lexington KY Andy Langford and Mark Ralls and Rob Weber have put together a masterful resource for today s church trying to be effective in a postmodern world This resource has the opportunity to engage people who are not yet part of the church in a dialogue that will truly hold their attention and point them toward Jesus Christ and his church in ways that we ve never done before The Reverend Dr Mark Key Conference Director of Congregational Development Western North Carolina Annual Conference Beginnings helps congregations make new disciples of Jesus Christ As inquirers ask their basic questions of life Beginnings responds with sound theological wisdom and guides them to Christ Carl L Schenck Senior Pastor Manchester UMC St Louis Missouri Beginnings answers questions that many new Christians as well as seasoned Christians want to know Sonia Walker small group participant Andy Mark and Rob have provided an exciting new resource for local churches to use to nurture seekers and new persons in faith from a Wesleyan perspective Beginnings is a gift to the whole church The Reverend Dr Jonathan Baker Aldersgate UMC Wilmington Delaware Discusses basic Christian beliefs without avoiding the tough parts Basic but inspirational Doesn t embarrass the non religious participant Inspiring to the long time believer Janet Fee small group participant The church needs Beginnings to help us reach unchurched people It is also an excellent tool to train current disciples

Visual Leadership Rob Weber,2002 Stresses the importance for church leaders in our multisensory and multicultural society to lead by engaging people in the multisensory world of images

*Spilt Grape Juice* Mike Root,1992 Someone asks Why do we at Church The answer could be We ve always done it that way If it ain t broke don t fix it or We don t need to change things and cause confusion The answers to the questions reveal the heart of the problem in the modern church Spilt Grape Juice hits many sacred traditions we hold dear about church For example parents tell their children You are going to wear your best clothes to church When asked about a Sunday activity with friends from work many Christians respond I ll be in church at that time Root would ask the piercing question What do clothes and being in church have to do with worship Look again at worship and the Sunday experience may take on new meaning

Authentic Worship Herbert W. Bateman, An authoritative new look at one of the most contentious and potentially divisive areas of church planning worship styles and preferences

**Transforming Worship** , Exploring the history and future of worship Tim Carson connects scripture tradition and a postmodern world to help us co create worship that is truly transforming

*Christian Worship* Michael N. Jagessar,Stephen

Burns,2014-09-19 Postcolonialism has greatly influenced biblical and theological criticism but has not yet entered the realm of church worship and practice Christian Worship brings the insights of postcolonial thinking to the rituals of religious life The book critically analyses liturgical theology through the lens of postcolonialism and explores the challenges of appropriating postcolonial perspectives in Christian worship Ranging from liturgical texts and song to Scripture lectionaries festivals and sacraments this volume offers a fresh approach to liturgy that will be of interest to students of theology seminarians and church practitioners A Change Is Gonna' Come Barry C. Johnson,2008-04-01 As churches continue to struggle to offer innovative worship celebrations A Change is Gonna Come The Transformation of a Traditional to a Contemporary Worship Celebration presents a method of transition between the many worship wars fought in our churches This work recognizes the role and importance of the worship celebration and its impact on the goal of further development of church members who gather weekly to worship Christ This work is dedicated to assist pastors and musicians to move into a contemporary worship while minimizing the conflicts that sometimes are a result of change I have used the history and metamorphosis of gospel music charismatic attitudes and situational preaching to realize that true worship is constantly evolving The text reveals that worship evolution is not only necessary it is also historical For example The book traces a basic history of gospel music and its shared influences with R and B and the use of the recording media I have chronicled the Black Church because the history and the struggles of black people have allowed the church to worship in a flexible manner Several musical examples are presented to indicate how traditions are absorbed by contemporary approaches This book is a companion and guide for pastors musicians and church leaders who wish to suppress the struggle of transforming a lifeless church into one with a vibrant and ecstatically worshipping church Several objectives of this book include How to transform a worship celebration Small church with a large church atmosphere Presenting a spiritual transfusion The greatest atmosphere is when all of the people come together in one joyful celebration of worship My argument is that all worship is contemporary when it is introduced and becomes traditional when it becomes the accepted norm for the church It is time to end these worship wars and allow all of God s children to participate in the fullness of God s worship celebration

Experiential Worship Tifani Coyot,2010 *Christian Worship in Transition* James F. White,1976 What has happened in the area of Christian worship since 1965 Are rapidly changing times making all worship experimental or reaffirming the values of traditions from yesterday We come together deliberately seeking to approach reality at its deepest level by becoming aware of God in and through Jesus Christ and by responding to this awareness Keeping in mind the unique and extremely important purpose of Christian assembly Dr White a recognized author on worship assesses what has been accomplished in the past decade what is current and what lies ahead for Christian worship in America Dr White selects specific areas of concern and concentrates upon them Among them are the meaning of the sacraments the necessity of learning from tradition yet transcending any limitations of the past and reaching the American culture without allowing

worship to become a mirror if it One of the most stimulating discussions deals with church architecture and its effect upon worship for good and evil Christian Worship in Transition is an excellent companion volume to Dr White s New Forms of Worship It raises important historical theological and pastoral questions to be faced by clergy and laity alike in the near future     Corporate Worship in the Reformed Tradition James Hastings Nichols, 1968
