Punishing the Criminal Corpse, 1700-1840 Peter King,2017-11-06 This book is open access under a CC BY 4 0 licence This book analyses the different types of post execution punishments and other aggravated execution practices the reasons why they were advocated and the decision enshrined in the Murder Act of 1752 to make two post execution punishments dissection and gibbeting an integral part of sentences for murder It traces the origins of the Act and then explores the ways in which Act was actually put into practice After identifying the dominance of penal dissection throughout the period it looks at the abandonment of burning at the stake in the 1790s the rapid decline of hanging in chains just after 1800 and the final abandonment of both dissection and gibbeting in 1832 and 1834 It concludes that the Act by creating differentiation in levels of penalty played an important role within the broader capital punishment system well into the nineteenth century While eighteenth and early nineteenth century historians have extensively studied the Bloody Code and the resulting interactions around the Hanging Tree they have largely ignored an important dimension of the capital punishment system the courts extensive use of aggravated and post execution punishments With this book Peter King aims to rectify this neglected historical phenomenon [A Messy Murder](#) Simon Brett,2024-09-03 Ellen Curtis professional declutterer amateur sleuth and
