Reconstructing Political Theory

Nicholas J. Rengger

Reconstructing Political Theory:

Reconstructing Political Theory Mary Lyndon Shanley, Uma Narayan, 1997 In this volume a companion to *Feminist Interpretations and Political Theory* Penn State 1991 edited by Mary Lyndon Shanley and Carole Pateman leading feminist theorists rethink the traditional concepts of political theory and expand the range of problems and concerns regarded as central to the analysis of political life Written by well known scholars in philosophy political science sociology and law the book provides a rich interdisciplinary account of key issues in political thought While some of the chapters discuss traditional concepts such as rights power freedom and citizenship others argue that topics less frequently discussed in political theory such as the family childhood dependency compassion and suffering are just as significant for an understanding of political life The Introduction shows how such diverse topics can be linked together and how feminist political theory can be elaborated systematically if it takes notions of independence and dependency public and private and power and empowerment as central to its agenda

Reconstructing the Classics Edward Bryan Portis, 2007-06-07 To truly understand the substance and value of any great philosopher's work students must examine political theory against the backdrop of history the surrounding literature and the individual theorist's views on human nature and rational motivation In this third edition of his classic text Edward Portis provides students with the framework they need to fully appreciate the original texts they are reading and apply the concepts they are learning Fully updated since the previous edition almost a decade ago Portis expands his coverage to include a complete chapter on Max Weber Further Portis strengthens his lucid introductions to the greatest theorists of Western political thought proving them indispensable guides for both the politically engaged citizen and the practicing social scientist He also provides suggestions updated for this edition for further reading in political theory

Reconstructing Political Pluralism Avigail I. Eisenberg, 1995-01-01 This reappraisal of the pluralist tradition systematically explores accounts of political pluralism offered by James Dewey Figgis Cole Laski Follett and Dahl and shows how each variant contains a distinct account of the relation between group power individual interest and self development These historical accounts provide the resources with which Eisenberg reconstructs a democratic theory of political pluralism At the center of political pluralism she argues is a pluralist approach to self development that can address the key ambiguities of identity politics and provide a more effective means to balance the power relations between individuals and communities than can individualist or communitarian approaches

The Political Theory Reader Paul Schumaker, 2010-02-22 Utilizing 100 key readings *The Political Theory Reader* explores the rich tradition of ideas that shape the way we live and the great issues in political theory today Allows students to see how competing ideological viewpoints think about the same political issues Provides readers with direct access to authors covered in the *From Ideologies to Public Philosophies* text Facilitates discussions by having readings arranged thematically throughout text Extracts of works specifically chosen to focus on topics central to issues covered in chapters

Reconstructing Social Theory, History and

Practice Harry F. Dahms, Eric R. Lybeck, 2016-12-05 Taken from papers presented at the 2015 International Social Theory Consortium ISTC this volume focusses on Reconstruction dedicated to taking account of and interrogating the possibility of picking up the pieces

Reconstructing Rawls Robert S. Taylor, 2015-11-10 Reconstructing Rawls has one overarching goal to reclaim Rawls for the Enlightenment more specifically the Prussian Enlightenment Rawls's so called political turn in the 1980s motivated by a newfound interest in pluralism and the accommodation of difference has been unhealthy for autonomy based liberalism and has led liberalism more broadly toward cultural relativism be it in the guise of liberal multiculturalism or critiques of cosmopolitan distributive justice theories Robert Taylor believes that it is time to redeem A Theory of Justice's implicit promise of a universalistic comprehensive Kantian liberalism Reconstructing Rawls on Kantian foundations leads to some unorthodox conclusions about justice as fairness to be sure for example it yields a more civic humanist reading of the priority of political liberty a more Marxist reading of the priority of fair equality of opportunity and a more ascetic or antimaterialist reading of the difference principle It nonetheless leaves us with a theory that is still recognizably Rawlsian and reveals a previously untraveled road out of Theory a road very different from the one Rawls himself ultimately followed

Reconstructing the Classics Edward Bryan Portis, 1998 This work asserts the necessity of studying the works of seminal thinkers of the past in order to comprehend and articulate the fundamental theoretical assumptions that underlie all political behaviour The author explains that what the classic thinkers offer to practicing political scientists and students alike are conceptual options alternatives to one another and to the unstated conventional wisdom of our cultural context tools for the clarification of one's own thought and observations of contemporary phenomena

POLITICAL THEORY RAMASWAMY, SUSHILA, 2010-10-01 Political theory and political philosophy are generally used interchangeably though sometimes a distinction is made between the two This book on political theory deals with the study of political institutions along with the theories of State Law Liberty and Equality In its second edition the book continues to analyse the key concepts like Authority Power Sovereignty Political obligation Civil disobedience Citizenship Rights Democracy and Justice The non western ideas including Indian and Chinese are incorporated to underline cultural plurality and shared values in an enterprise that tries to set universal standards The book is designed for the undergraduate and postgraduate students of Political Science The book will be equally beneficial for the students appearing for the civil services examinations

International Relations, Political Theory, and the Problem of Order Nicholas J. Rengger, 2000 This book seeks to offer a general interpretation and critique of both methodological and substantive aspects of International theory

Athenian Political Thought and the Reconstruction of American Democracy J. Peter Euben, John R. Wallach, Josiah Ober, 1994 A collection of essays on Athenian democracy organized in three sections on situating the Athenian democracy in relation to various regimes exploring how discourse in democratic Athens displayed awareness of democracy's limitations and creating direct dialogues between the discourse of Athenian democracy and that of contemporary thought Annotation

copyright by Book News Inc Portland OR The Reconstruction of Economic Theory Simon Nelson Patten,1912

Interpretation in Political Theory Clement Fatovic, Sean Noah Walsh, 2016-09-13 Theorists interested in learning more about any given interpretive approach are often required to navigate a dizzying array of sources with no clear sense of where to begin The prose of many primary sources is often steeped in dense and technical argot that novices find intimidating or even impenetrable *Interpretation in Political Theory* provide students of political theory a single introductory reference guide to major approaches to interpretation available in the field today Comprehensive and clearly written the book includes A historical and theoretical overview that situates the practice of interpretation within the development of political theory in the twentieth century Chapters on Straussian esotericism historical approaches within the Cambridge School of interpretation materialist approaches associated with Marxism the critical approaches associated with varieties of feminism Greimassian semiotics Foucaultian genealogy the negative dialectics of Theodor Adorno deconstruction as exemplified by Jacques Derrida and Paul de Man and Lacanian psychoanalysis An exposition of the theoretical and disciplinary background of each approach the tools and techniques of interpretation it uses its assumptions about what counts as a relevant text in political theory and what it considers to be the purpose or objective of reading in political theory A reading of Thomas Hobbes s *Leviathan* to illustrate how each approach can be applied in practice A list of suggestions for further reading that will guide those interested in pursuing more advanced study An invaluable textbook for advanced undergraduates graduate students and even seasoned scholars of political theory interested in learning more about different interpretive approaches

The Reconstruction of the Juridico-Political Ian Bryan, Peter Langford, John McGarry, 2015-12-22 Hans Kelsen and Max Weber are conventionally understood as the original proponents of two distinct and opposed processes of concept formation generating two separate and contrasting theoretical frameworks for the study of law *The Reconstruction of the Juridico Political Affinity and Divergence* in Hans Kelsen and Max Weber contests the conventional understanding of the theoretical relationship between Kelsen s legal positivism and Weber s sociology of law Utilising the conceptual frame of the juridico political the contributors to this interdisciplinary volume analyse central points of affinity and divergence in the work of these two influential figures Thus the chapters collected in *The Reconstruction of the Juridico Political* offer a comprehensive reconsideration of these affinities and divergences through a comparison of their respective reconstruction of the notions of democracy the State legal rights and the character of law From this reconsideration a more complex understanding of their theoretical relationship emerges combined with a renewed emphasis upon the continued contemporary relevance of the work of Kelsen and Weber **The Realist Tradition in International Relations** Barry Scott Zellen, 2011-08-19 This comprehensive foundation for the study of realism will introduce students in disciplines as varied as philosophy international relations and strategic studies to the majestic breadth of the realist tradition that unifies them all *The Realist Tradition in International Relations The Foundations of Western Order* introduces the principal theorists

who have shaped and defined the realist tradition This once dominant theory of international politics has reemerged to provide a shared foundation for understanding political theory international relations theory and strategic studies The work is comprised of four volumes each focusing upon a distinct period and the pivotal contributors writing in that era Volume 1 State of Hope looks at the classical era when chaos reigned supreme Volume 2 State of Fear goes through the early modern period and the emergence of the modern state Volume 3 State of Awe explores the age of total war with its unprecedented dangers Volume 4 State of Siege examines the present era of insurgency and asymmetrical conflict A truly monumental work this sweeping study will surely foster a new appreciation of the rich tapestry of realist thought and its continuing relevance to the study of world politics

A Japanese Reconstruction Of Marxist Theory Robert Albritton,1986-04-02 *Jefferson's Revolutionary Theory and the Reconstruction of Educational Purpose* Kerry T. Burch,2020-05-27 This book newly interprets the educational implications of Thomas Jefferson's revolutionary thought In an age where American democracy is imperilled and the civic purposes of schooling eviscerated Burch turns to Jefferson to help bring to life the values and principles that must be recovered in order for Americans to transcend the narrow purposes of education prescribed by today's neoliberal paradigm The author argues that critical engagement with the most radical dimensions of Jefferson's educational philosophy can establish a rational basis upon which to re-establish the civic purposes of public education Bracketing the defining features of Jefferson's theory throughout each of the chapters the author illuminates the deficiencies of the dominant educational paradigm and charts a new path forward for its progressive renewal

The Blackwell Guide to Social and Political Philosophy Robert L. Simon,2008-04-15 The Blackwell Guide to Social and Political Philosophy brings together a collection of newly commissioned essays which examine fundamental issues in social and political theory Written by leading social and political philosophers each essay provides a map to the history of the issue at hand and a judicious assessment of the main arguments that have been brought to bear upon that issue

Methods in Analytical Political Theory Adrian Blau,2017-05-02 This is the first book to explain how to use key methods in analytical political theory The methods discussed include contractualism reflective equilibrium positive political theory thought experiments and ideological analysis Many discussions of political theory methods describe and justify these methods with little or no discussion of their application emphasizing what is and why do over how to This book covers all three Each chapter explains what kinds of problems in political theory might require researchers to use a particular method the basic principles behind the method being proposed and an analysis of how to apply it including concrete principles of good practice The book thus summarizes methodological ideas grouped in one place and made accessible to students and it makes innovative contributions to research methods in analytical political theory

Indian Political Theory Aakash Singh Rathore,2017-02-24 At present a nativist turn in Indian political theory can be observed There is a general assumption that the indigenous thought to which researchers are supposed to be returning may somehow be immediately visible by ignoring the colonization of the mind and polity In such a

conception of svaraj which can be translated as authentic autonomy the tradition to be returned to would be that of the indigenous elites In this book this concept of svaraj is defined as a thick conception which links it with exclusivist notions of spirituality profound anti modernity exceptionalistic moralism essentialistic nationalism and purism However post independence India has borne witness to an alternative trajectory a thin svaraj The author puts forward a workable contemporary ideal of thin svaraj i e political and free of metaphysical commitment The model proposed is inspired by B R Ambedkar s thoughts as opposed to the thick conception found in the works of M K Gandhi KC Bhattacharya and Ramachandra Gandhi The author argues that political theorists of Indian politics continue to work with categories and concepts alien to the lived social and political experiences of India s common man or everyday people Consequently he emphasises the need to decolonize Indian political theory and rescue it from the grip of western theories and fascination with western modes of historical analysis The necessity to avoid both universalism and relativism and more importantly address the political predicaments of the people is the key objective of the book and a push for a reorientation of Indian political theory An interesting new interpretation of a contemporary ideal of svaraj this analysis takes into account influences from other cultures and sources as well as eschews thick conceptions that stifle imaginations and imaginaries This book will be of interest to academics in the fields of philosophy political science sociology literature and cultural studies in general and contemporary political theory South Asian and Indian politics and political theory in particular *Liberty's Refuge* John D. Inazu, 2012-01-24 This original and provocative book looks at an important constitutional freedom that today is largely forgotten the right of assembly While this right lay at the heart of some of the most important social movements in American history abolitionism women s suffrage the labor and civil rights movements courts now prefer to speak about the freedoms of association and speech But the right of expressive association undermines protections for groups whose purposes are demonstrable not by speech or expression but through ways of being John D Inazu demonstrates that the forgetting of assembly and the embrace of association lose sight of important dimensions of our constitutional tradition

Reviewing **Reconstructing Political Theory**: Unlocking the Spellbinding Force of Linguistics

In a fast-paced world fueled by information and interconnectivity, the spellbinding force of linguistics has acquired newfound prominence. Its capacity to evoke emotions, stimulate contemplation, and stimulate metamorphosis is truly astonishing. Within the pages of "**Reconstructing Political Theory**," an enthralling opus penned by a very acclaimed wordsmith, readers set about an immersive expedition to unravel the intricate significance of language and its indelible imprint on our lives. Throughout this assessment, we shall delve into the book's central motifs, appraise its distinctive narrative style, and gauge its overarching influence on the minds of its readers.

Reconstructing Political Theory Introduction

In today's digital age, the availability of Reconstructing Political Theory books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Reconstructing Political Theory books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Reconstructing Political Theory books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Reconstructing Political Theory versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Reconstructing Political Theory books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Reconstructing Political Theory books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Reconstructing Political Theory books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to

borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Reconstructing Political Theory books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Reconstructing Political Theory books and manuals for download and embark on your journey of knowledge?

FAQs About Reconstructing Political Theory Books

1. Where can I buy Reconstructing Political Theory books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Reconstructing Political Theory book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Reconstructing Political Theory books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.

6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are Reconstructing Political Theory audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
