*The Power of Urban Ethnic Places* Jan Lin, 2010-10-18 The *Power of Ethnic Places* discusses the growing visibility of ethnic heritage places in U.S. society. The book examines a spectrum of case studies of Chinese, Latino, and African American communities in the U.S., disagreeing with any perceptions that the rise of ethnic enclaves and heritage places are harbingers of separatism or balkanization. Instead, the text argues that by better understanding the power and dynamics of ethnic enclaves and heritage places in our society, we as a society will be better prepared to harness the economic and cultural changes related to globalization rather than be hurt or divided by these same forces of economic and cultural restructuring.
