## **Reconstruction And Regional Diplomacy In The Persian Gulf:**

**Reconstruction and Regional Diplomacy in the Persian Gulf** Hooshang Amirahmadi, Nader Entessar, 2002-09-11 The social political and economic patterns of interaction between the Gulf states The authors consider the role of the superpowers and of religion and offer their own policy prescriptions *RECONSTRUCTION AND REGIONAL DIPLOMACY IN THE PERSIAN GULF* Hooshang Amirahmadi, Nader Entessar, 2023 First Published in 1992 Reconstruction and Regional Diplomacy in the Persian Gulf goes beyond a description of the recent events by analysing the social political and economic patterns of interaction between the Gulf states The argument is strengthened by a consideration of the role of the superpowers in the region s political discourse and of religion as a force for a change Not only do the authors provide an easily accessible basis for explaining the current problems in the region but they also offer their own sometimes provocative policy prescriptions This book is an important read for scholars and researchers of Middle East politics and Middle East history

**Islands and International Politics in the Persian Gulf** Kourosh Ahmadi, 2008-05-03 The position of the Persian Gulf as the main highway between East and West has long given this region special significance both within the Middle East and in global affairs more generally This book examines the history of international relations in the Gulf since the 1820s as great powers such as Britain and the US and regional powers such as Iran and Iraq vied for supremacy over this geopolitically vital region It focuses on the struggle for control over the islands of the Gulf in particular the three islands of Abu Musa Greater Tunb and Lesser Tunb an issue that remains highly contentious today It describes how for 170 years Britain eroded Iranian influence in the Gulf both directly by asserting colonial rule over Iranian islands and port districts and also through claiming Iranian islands for their prot g s on the Arab littoral It shows how after Britain s withdrawal these islands became a pawn in the animosity and conflict that pitted at one time Arab radicals and nationalists against monarchical Iran and later the conservative moderate Arab camp against Islamic Iran It goes on to explore the impact of the rise of American power in the Gulf since the start of the 1990s its policy of containment of Iran and Iraq and how this has provided encouragement to the ambitions of the Persian Gulf Arab littoral states especially the UAE towards the islands of the Gulf

**Iran's Persian Gulf Policy** Christin Marschall, 2003-12-08 This book examines the foreign policy of the Islamic Republic of Iran towards the Persian Gulf states from 1979 to 1998

**Iran and the Gulf: A Search for Stability** Prof. Jamal Sanad Al-Suwaidi, This volume presents the research and analyses of internationally recognized scholars concerning the internal and external dynamics which affect and often determine the policies of the Islamic Republic of Iran Following an introduction designed to provide an analytical and contextual backdrop the volume begins with a detailed look at the Iranian polity its evolution before and after the revolution and the role of ideology The next section addresses Iranian foreign policy with respect to the Arab Gulf states as a function of domestic dynamics and as a response to regional and international events and constraints The third section discusses Iran s military capabilities and includes reasoned judgments concerning

the Islamic Republic's intentions and aspirations in the military realm The book concludes with a discussion of the evolving relationship between the GCC states and Iran with particular focus on the security dynamics that attend that relationship for the foreseeable future This timely and comprehensive work acknowledges Iran's important and immutable role in Gulf affairs and particularly in Gulf security affairs It also acknowledges the important evolution in Iranian foreign policy which has occurred since the revolution of 1979 and particularly since the death of the Iranian revolutionary leader Ayatollah Ruhollah Khomeini

*Iran* Anoushiravan Ehteshami, 2017-02-03 Having been ruled more or less continuously by a range of monarchical dynasties for three millennia the end of the monarchy in Iran was relatively sudden taking place in two short years Since then Iran has gone through tumultuous change yet is still apparently caught in a cycle of transition Iran has now created a complex but unique and non transferrable system of government but the question to be asked is whether the Islamic republic has lived up to its founding expectations serving the Iranian people and helping them to realize their aspirations This book is the first comprehensive analytical study of the forces which have been shaping and changing modern Iran and its relations with the rest of the world It looks at the roots of the 1979 revolution and the forces unleashed during the modernization process under the Pahlavi monarchy Applying a range of

theoretical approaches to understanding the Islamic republic's neo-authoritarian political system. Anoushiravan Ehteshami reflects on how the country's new elite emerged and how these new political forces have changed Iran, stresses on its political system, the forces shaping the country's political economy and the Islamic republic's international relations. As some of Iran's leaders appear to crave permanent revolution as their means of staying in power, this book argues that the struggle for the soul of the Islamic Republic has mired the country in a cycle of change. Constant reform and transition. The republic finds itself stuck in transition. Written in a clear and insightful manner, this book provides an unparalleled analysis of the Islamic Republic of Iran as a major regional actor and gives fresh insights into the political workings of the world's only Shia and revolutionary Islamic republic. It will be of great importance to students and scholars of Middle East Politics and International Relations as well as the policy community whose gaze is never too far from this unique country. **Ghost Wars** Steve Coll, 2005-03-03 The news-breaking book that has sent shockwaves through the White House. *Ghost Wars* is the most accurate and revealing account yet of the CIA's secret involvement in al-Qaeda's evolution. Prize-winning journalist Steve Coll has spent years reporting from the Middle East, accessed previously classified government files and interviewed senior US officials and foreign spymasters. Here he gives the full inside story of the CIA's covert funding of an Islamic jihad against Soviet forces in Afghanistan, explores how this sowed the seeds of bin Laden's rise, traces how he built his global network and brings to life the dramatic battles within the US government over national security. Above all, he lays bare American intelligence's continual failure to grasp the rising threat of terrorism in the years leading to 9/11 and its devastating consequences. **International Perspectives on the Gulf Conflict, 1990-91** Alex Danchev, Dan Keohane, 2016-07-27 *International Perspectives on the Gulf Conflict* is a collection of important new work on the conflict by the leading authorities in the field. Unusually, this is an international investigation of an international conflict. The result is stimulating, capacious, original and authoritative, the most complete and up-to-date guide to the subject yet to appear. **Iran and the Muslim World: Resistance and Revolution** N. Keddie, 1995-04-03 This book consists of a series of interrelated chapters analyzing why Iran, among all countries, has seen so many revolutionary movements in the past century, the degree to which its religion, Shi'ism, is revolutionary, and the history of revolutionary and resistance movements in the modern Muslim world. The author stresses historical change, such as the change of Twelver Shi'ism from political quietism to revolutionary opposition, and also previously unnoticed factors in revolution, such as the multi-urban character of all Iran's modern revolutions. **Revival: Ethnicity and Governance in the Third World (2001)** Pita Ogaba Agbese, 2017-07-12 This title was first published in 2001. Written by an outstanding international group of researchers focusing on ethnic conflict, this refreshing analysis provides practical and effective policy options for the people of the Third World. **China's Domestic Private Firms** Anne S. Tsui, Yanjie Bian, Leonard Kwok-Hon Cheng, 2006 Provides a comprehensive and multidisciplinary perspective on the factors important to the successful operation and growth of China's domestic private firms. **An Inquiry into the Existence of**

**Global Values** Dennis Davis, Alan Richter, Cheryl Saunders, 2015-08-27 The world appears to be globalising economically technologically and even to a halting extent politically This process of globalisation raises the possibility of an international legal framework a possibility which has gained pressing relevance in the wake of the recent global economic crisis But for any international legal framework to exist normative agreement between countries with very different political economic cultural and legal traditions becomes necessary This work explores the possibility of such a normative agreement through the prism of national constitutional norms Since 1945 more than a hundred countries have adopted constitutional texts which incorporate at least in part a Bill of Rights These texts reveal significant similarities the Canadian Charter of Rights and Freedoms for instance had a marked influence on the drafting of the Bill of Rights for South Africa New Zealand and Hong Kong as well as the Basic Law of Israel Similarly the drafts of Eastern European constitutions reflect significant borrowing from older texts The essays in this book examine the depth of these similarities in particular the extent to which textual borrowings point to the development of foundational values in these different national legal systems and the extent of the similarities or differences between these values and the priorities accorded to them From these national studies the work analyses the rise of constitutionalism since the Second World War and charts the possibility of a consensus on values which might plausibly underpin an effective and legitimate international legal order *The United States and the Middle East*

Hooshang Amirahmadi, 1993-01-01 This book advances a critical analysis of U S Middle East policy and offers alternative perspectives It highlights areas of policy shortcomings in the wake of ongoing global and domestic changes and draws attention to the need for a new and more plausible U S policy The United States and the Middle East evaluates the roots and consequences of post World War II diplomatic and military initiatives including the Arab Israeli conflict the Palestinian question United States relations with Iran following the Iranian revolution Irangate the reflagging of Kuwaiti tankers and the war led by the United States against Iraq The important roles of U S media and Middle East studies and education in influencing U S foreign policy are also emphasized A concluding chapter focuses on the ongoing global restructuring and the U S quest for world leadership in the wake of the Persian Gulf War **Iran and the Arab World** Hooshang

Amirahmadi, Nader Entessar, 1993-01-15 The Middle East has been the arena of three cataclysmic events since 1979 the Iranian Revolution the Iran Iraq War and the Gulf War All of these have brought about major changes in the inter regional politics and relations between Middle East countries and the outside world This book seeks to analyze the impact of these events on Iranian Arab relations The authors examine Iran s relations with the Arab states of the Gulf in detail and sheds light on the changing patterns of Iranian Egyptian and Lebanese relations *Kurdish Politics in the Middle East* Nader Entessar, 2010-01-01 Kurdish Politics in the Middle East analyzes Kurdish politics in Iran Iraq and Turkey and places Kurdish socio political developments in the context of regional and global politics The book also explains the impact of the downfall of Saddam Hussein s regime in Iraq on Kurdish autonomy The Bin Ladens Steve Coll, 2008 The Bin Ladens rose from

poverty to privilege they loyally served the Saudi royal family for generations and then one of their number changed history on September 11 2001 Journalist Steve Coll tells the story of the rise of the Bin Laden family and of the wildly diverse lifestyles of the generation to which Osama bin Laden belongs and against whom he rebelled Starting with the family s escape from famine at the beginning of the twentieth century through its jet set era in America after the 1970s oil boom and finally to the family s attempts to recover from September 11 this book unearths extensive new material about the family and its relationship with the United States and provides a richly revealing and emblematic narrative of our globally interconnected times From publisher description      **Religion and International Relations** K.R. Dark,2000-01-26

Discussions of religion in international relations have often focused narrowly on religious fundamentalism and on the potentially negative consequences of religious differences This book attempts to take a more balanced and much broader view of the subject bringing together new research based studies by specialists from international relations history and theology Case studies and thematic analyses examine both seldom discussed issues such as the political consequences of large scale religious change and review old themes in new ways      *The Rising Tide of Cultural Pluralism* Crawford Young,1993 Two decades after the publication of his prize winning book *The Politics of Cultural Pluralism* Crawford Young and a distinguished panel of contributors assess the changing impact of cultural pluralism on political processes around the world specifically in the former Soviet Union China United States India Ethiopia and Guatemala The result is an arresting look at the dissolution of the nation state system as we have known it Crawford Young opens with an overview of the dramatic rise in the political significance of cultural pluralism and of scholars changing understanding of what drives and shapes ethnic identification Mark Beissinger brilliantly explains the demise of the last great empire state the USSR while Edward Friedman notes growing challenges to the apparent cultural homogeneity of China Nader Entessar suggests intriguing contrasts in Azeri identity politics in Iran and the ex USSR Ronald Schmidt and Noel Kent explore the language and racial dimensions of the rising multicultural currents in the United States Douglas Spitz shows the extent of the decline of the old secular vision of India of the independence generation Alan LeBaron traces the recent emergence of an assertive Mayan identity among a submerged populace in Guatemala long thought to be destined for Ladinoization A case study of the diversity and uncertain future of Ethiopia dramatically emerges from four contrasting contributions Tekle Woldemikael looks at the potential cultural tensions in Eritrea Solomon Gashaw offers a central Ethiopian nationalist perspective Herbert Lewis reflects the perspectives of a restless and disaffected periphery and James Quirin provides an arresting explanation of the construction of identity amongst the Beta Israel Ethiopian Jews Virginia Sapiro steps back from specific regions offering an original analysis of the interaction between cultural pluralism and gender
