Recovering The Orient:

Recovering the Orient C. Andrew Gerstle, Anthony Milner, 1995-03 This volume traces the modern critical and performance history of this play one of Shakespeare's most loved and most performed comedies The essay focus on such modern concerns as feminism deconstruction textual theory and queer theory The Recovery of the Ancient Orient Robert William Rogers, 1912 **Japan and Japonisme in Late Nineteenth Century Literature** Naomi Charlotte Fukuzawa, 2024-10-07 This book examines the transnational phenomenon of Japonisme in the exoticist and autoexoticist literature of the late nineteenth century Focusing on the way in which reciprocal processes of transcultural acquisition by Japan and from Japan were portrayed in the medium of literature the book illustrates how literary Japonisme and the wider processes whereby Japan with its alien exotic culture and unique refined aestheticism was absorbing Western civilization in its own way in the late nineteenth century at the same time as the phenomenon of Japonisme was occurring in Western fine arts which were inspired by traditional Japanese artistic practices Specifically the book focuses on the literary works of Lafcadio Hearn and Pierre Loti who travelled from France and America respectively to Japan and Mori gai and Natsume S seki who in turn went respectively to Germany and England from Japan Exploring the eclectic hybridity of Japan's modernization during the late nineteenth century this book will appeal to students and scholars of Japanese Studies Postcolonial Studies and Comparative Literature *Hearings* United States. Congress. Senate. Committee on Labor and Public Welfare, 1952 *The Recovery of Forgotten Empires* Samuel Alfred Browne Mercer, 1925 **Hearings** United States. Congress. House. Committee on Education, 1952 **National Directory of Drug and Alcohol Abuse Treatment Programs**, 2005 Ocean Energy Recovery Richard J. Seymour, 1992-01-01 This report establishes the state of the art in a full range of renewable energy technologies that harness the power of oceans Papers discuss mature technologies such as tidal energy extraction and conjectural technologies such as salinity gradients In addition the economics of the major systems are compared in a uniform manner making it possible to realistically assess their economic potential This publication provides a single source of balanced technical and economic assessments of competing technologies and should interest those involved in the search for alternative sources of energy **The Oriental Institute of the University of Chicago** James Henry Breasted, 1922 Recovering Assemblages Aysel Sultan, 2022-08-30 Drawing together insights and provocations from diverse fields of inquiry this important new book asks probing questions about the lived experience of substance use and misuse health and recovery What if we were to approach these experiences in terms of spaces and events affects and relations rather than subjects and their settled identities In charting this course the book offers a powerful new social logic of health wellbeing and recovery Cameron Duff Associate Professor RMIT University This is an important book which expands and deepens our understanding of recovery It presents recovery as something made in practice taking multiple forms in specific contexts Drawing on qualitative research with young people in Azerbaijan and Germany Sultan

takes the concept of recovery beyond its more familiar and normative iterations and instead introduces the reader to a fascinating field of dynamic and unruly relations Helen Keane Professor in Research School of Social Sciences Australian National University Recovering Assemblages offers an exciting new insight into the policies and practices of recovery and drug use bridging critical drug studies and the sociology of health and illness The book investigates lived experiences of young people in Azerbaijan and Germany during their personal recovery from alcohol and other drug use and shows the contingency of real experiences The sociomaterial and ontological analyses unfold the interrelation of practices spaces bodies and affects in experiencing recovery both within and outside of various treatment facilities The book will appeal to a range of scholars postgraduates and undergraduates engaged in critical methodological and empirical studies of recovery drug use and policy

Impossible Recovery Hannah Lucas,2025-01-14 The medieval mystic Julian of Norwich 1342 after 1416 is the first known woman to author a book in the English language recognized today for her strikingly optimistic claim that all shall be well Her visionary text Revelations of Divine Love is the product of many years of contemplation written and revised after a life changing event of near fatal illness and divine revelation Hannah Lucas explores the entanglement of illness and revelation in Julian s writings illuminating the unexpected commonalities between the medical and the mystical and their significance for philosophies of health Framed by an original application of post Heideggerian philosophy Impossible Recovery offers a vivid new interpretation of the medieval mystic as crafting a proto phenomenological theology of well being Lucas s careful readings pay close attention to Julian s mystical language and poetics revealing the surprising resonances of her writings with modern and postmodern thought Refracted through Julian s Revelations this book advances a powerful existential query about the possibilities of recovery of well being and of medieval history
