Recovery From The Depression Australia And The World Economy In The 1930s:

Recovery from the Depression R. G. Gregory, N. G. Butlin, 1989-06-29 In Australian economic history as in the nation's politics and culture the Great Depression is a dominant theme In this volume an international group of economists and economic historians has collaborated to examine the ways in which Australia survived and recovered from economic depression The Australian experience is set in the wider context of the world economy and comparisons are made with Britain Canada New Zealand and Japan *The World Economy and National Economies in the Interwar Slump* T. Balderston, 2002-12-13 The functioning of the gold standard has recently been at the heart of explanations of the interwar depression particularly as a result of the research of Professors Barry Eichengreen and Peter Temin In *The World Economy and National Economies in the Interwar Slump* the interaction between the gold standard and the Great Depression in seven countries is examined by an international team of economists and economic historians The editor's introduction critically evaluates the Eichengreen Temin thesis and Eichengreen and Temin themselves contribute an Afterword **Australia in the Global Economy** Barrie Dyster, David Meredith, 2012-09-13 Explores the evolution of Australia's position in the global economy from the start of the twentieth century through to today *Australia in the Global Economy* David Meredith, Barrie Dyster, 2000-01-17 This up to date volume considers Australian economic development in light of worldwide political and social developments arguing that the Australian economy is an integral part of the world economy and subject to the same trends across the globe The book also focuses on domestic factors that have shaped the growth of the Australian economy such as the growth of exports the role of foreign capital and the positive contribution of migrants The authors also consider the Gulf Wars the East Asian financial crisis and globalization **Golden Fetters** Barry Eichengreen, 1992-05-07 This book offers a reassessment of the international monetary problems that led to the global economic crisis of the 1930s It explores the connections between the gold standard the framework regulating international monetary affairs until 1931 and the Great Depression that broke out in 1929 Eichengreen shows how economic policies in conjunction with the imbalances created by World War I gave rise to the global crisis of the 1930s He demonstrates that the gold standard fundamentally constrained the economic policies that were pursued and that it was largely responsible for creating the unstable economic environment on which those policies acted The book also provides a valuable perspective on the economic policies of the post World War II period and their consequences **Creativity and Innovation in Business and Beyond** Leon Mann, Janet Chan, 2011-02 *Creativity and Innovation in Business and Beyond* illustrates the ways in which creativity spurs innovation not only in the realms of business and management where the innovation is regularly acknowledged and discussed but throughout the social sciences With contributions from experts in fields as far flung as policy history economics law psychology and education in addition to business and management this volume explores the manifold avenues for creativity and innovation within and across a multitude of disciplines *Themes in Macroeconomic History* Solomos Solomou, 1996-04-18 The period between

the two World Wars was remarkable mass unemployment protectionism diverse exchange rate regimes the disintegration of world trade poor growth prospects and high business cycle volatility This comprehensive textbook surveys key questions arising from the British economy from 1919 to 1939 Why was unemployment so high Did a fast transition to the pre 1913 gold parity lead to a low growth equilibrium Why were interwar business cycles so volatile Did tariffs stimulate economic recovery in the 1930s A comparative approach is adopted throughout For example the question of gold parity is contrasted with countries that allowed their currencies to depreciate The book is aimed primarily at students studying economic history The book continually applies economic theory to historical examples enabling students to evaluate the relevance of competing theoretical frameworks **Top Incomes Over the Twentieth Century** A. B. Atkinson, Thomas

Piketty, 2007-05-10 Based on pioneering research on top incomes this volume uses data from income tax records in 10 OECD countries over the past century to cast new light on the dramatic changes that have taken place among top earners The volume provides rich material for exploring inequality taxation the impact of wars and executive compensation The

Economics Graeme Snooks, 2019-10-19 Neo classical economics is frequently criticised for paying inadequate attention to historical processes However it has proved easier to make broad claims that history matters than to theorise with any depth about the appropriate role for history in economic analysis Historical Analysis in Economics considers what history can contribute to the science of economics how would it matter if history mattered **Body and Mind** Graeme Davison, Pat

Jalland, Wilfrid Prest, 2009-07-15 Body and Mind pays tribute to one of Australia's most outstanding and influential historians F B Barry Smith Barry has made pioneering contributions to the political social and cultural histories of Britain and Australia and these essays range across the fields he made his own especially the interconnected histories of medicine body and ideas mind The editors bring together several generations of Barry's admirers colleagues friends and pupils including Joanna Bourke writing on war and industrial trauma Peter Edwards on the Agent Orange controversy Pat Jalland on death in the London Blitz and Phillipa Mein Smith on the idea of Australasia Body and Mind is a salute to the inestimable work and the life

and times of F B Smith **Capitalism, Culture and Decline in Britain** W.D. Rubinstein,2002-11 First published in 2002 Routledge is an imprint of Taylor Francis an informa company Policy Responses to the Interwar Economic Crisis Adnan Türegün,2022-04-01 This book is about national economic policy responses to the Great Depression of the interwar period Taking off from a generally liberal starting point in the 1920s states diverged greatly in their responses Some were daring while others remained conservative The two groups further differed among themselves in both degree and kind The book gives a certain shape to this messy reality by identifying broad policy patterns paradigms and offers an explanation of it which emphasizes the ideational disposition of policy actors while recognizing the context that limits what they can do More specifically it argues that the ideas held by rulers and the strategies they consequently developed regarding three major groups of interest business labour and most critically agrarians largely determined economic policy variation across nations

Innovation and Independence John Singleton,Arthur Grimes,Gary Hawke,Frank Holmes,2013-11-01 This study of the Reserve Bank of New Zealand reveals why the Bank s presence in the national life is strong illustrates how it is internationally renowned for its mandate to eliminate inflation having been the first reserve or central bank in the world to adopt the inflation targeting approach to monetary policy and looks at how the Bank maintains the integrity of the currency preserves the stability of the financial system and undertakes a range of activities on behalf of the people of New Zealand

John Bullion's Empire G. Balachandran,2014-05-22 Study of the impact of Britain s economic and financial crises on currency and monetary policy making in India between the wars analysing colonial policies during Anglo US efforts to reconstruct the international financial system and Britain s struggle to restore the pre eminence of sterling and the City

'We are a farming class' Peter Woodley,2025-04-03 Notions of an arcadian farming life permeate settler Australian understandings of themselves and their nation Qualities of hard work perseverance resourcefulness and a steady devotion to family and community the historian John Hirst s Pioneer Legend are idealised in this nation But the people from whom the legend is derived have rarely been studied in depth They are more the stuff of myth and fond imagining than of concerted examination To what extent is the legend built on lived experience How have farming people thought of themselves and their contribution to a wider national mythos We are a farming class examines the lives of people in the farmlands surrounding Dubbo in the New South Wales central west between the 1870s and the 1950s from free selection and the establishment of agriculture to the dawning of postwar prosperity and change What emerges is a closely documented ethnographically rich portrait of a way of life and culture at once distinctive and surprising recognisable and unknown **The New Province for**
