Building A New Heritage (RLE Tourism) Gregory Ashworth, Peter Larkham, 2013-05-20. At the heart of the European debate lies the tension between the idea of European unity and individual state identities and nationalisms. This volume provides an insight into this dichotomy by exploring the role of heritage in the new Europe. The main theme of this book is that a number of possible heritages can be shaped from the European past depending on the purposes for which they are intended. Through different methods of management, intervention, heritage can fulfil a variety of functions, becoming a major commercial resource in the form of the tourism industry or enlisted in the creation and maintenance of place identities. Leading contributors look at different perceptions of heritage by different cultures and the social and political consequences of heritage planning. The nature of heritage planning for emerging spatially fragmented state structures is also discussed.

The Routledge Handbook of Events Stephen J. Page, Joanne Connell, 2014-10-14. The Routledge Handbook of Events explores and critically evaluates the debates and controversies associated with this rapidly expanding discipline. The Greening of London, 1920–2000 Matti O. Hannikainen, 2017-05-15 The long term development of public green spaces such as parks public gardens and recreation grounds in London during the twentieth century is a curiously neglected subject despite the fact that various kinds of green spaces cover huge areas in cities in the UK today This book explores how and why public green spaces have been created and used in London and what actors have been involved in their evolution during the course of the twentieth century Building on case studies of the contemporary boroughs of Camden and Southwark and making use of a wealth of archival material the author takes us through the planning and creation stages to the intended and actual uses and ongoing management of the spaces By highlighting the rise and fall of municipal authorities and the impact of neo liberalism after the 1970s the book also deepens our understanding of

how London has been governed planned and ruled during the twentieth century It makes a crucial contribution to academic as well as political discourse on the history and present role of green space in sustainable cities
