and Recreation in Canadian History is a comprehensive textbook which provides an examination of events documents and pivotal moments that contributed to the development of sport in Canada Content ranges from indigenous recreation and the integration of British culture It moves to the emergence of organized sport and national sport organizations and their impact on how sport is viewed across the country Amateur and professional sport is covered in detail and finally the globalization of Canadian sport and its expansion and position on the international stage The Magic of Coin-Trees from Religion to Recreation Ceri Houlbrook,2018-04-23 This book traces the history of ritual landscapes in the British Isles and the transition

from religious practice to recreation by focusing on a highly understudied exemplar the coin tree These are trees imbued with magical properties into which coins have been ritually embedded This is a contemporary custom which can be traced back in the literature to the 1700s when it was practiced for folk medical and dedicatory purposes Today the custom is widespread with over 200 coin trees distributed across the British Isles but is more akin to the casual deposition of coins in a wishing well coins are deposited in the tree in exchange for wishes good luck or future fortune Ceri Houlbrook contributes to the debate on the historic relationships between religion ritual and popular magic in British contexts from 1700 to the present

Cricket, Kirikiti and Imperialism in Samoa, 1879-1939 Benjamin Sacks, 2019-10-10 This book considers how Samoans embraced and reshaped the English game of cricket recasting it as a distinctively Samoan pastime kirikiti Starting with cricket's introduction to the islands in 1879 it uses both cricket and kirikiti to trace six decades of contest between and within the categories of colonisers and colonised How and why did Samoans adapt and appropriate the imperial game How did officials missionaries colonists soldiers and those with mixed foreign and Samoan heritage understand and respond to the real and symbolic challenges kirikiti presented And how did Samoans use both games to navigate foreign colonialism's By investigating these questions Benjamin Sacks suggests alternative frameworks for conceptualising sporting transfer and adoption and advances understandings of how power politics and identity were manifested through sport in Samoa and across the globe

Serious Sport Scott A. G. M. Crawford, 2004 With essays covering all aspects of sports history this volume is a tribute to the scholarship of Professor Tony Mangan Regarded by many as a pioneer and mentor Professor Mangan's foundational work has sustained the field for decades

Soul Recreation Tom Schwanda, 2012-04-11 Spiritually there is a great hunger today for contemplative and more satisfying experiences with God Puritanism might seem to be an unlikely source for this yet few groups in the history of Christian spirituality have written more extensively or wisely on the subject Isaac Ambrose 1604-64 a relatively forgotten English Puritan developed a theological foundation for the spiritual life based upon the Christian's intimate union with Christ which the Puritans often called spiritual marriage Schwanda demonstrates that this vibrant relationship of union and communion with Jesus inspired by the Holy Spirit was manifested in a deep contemplative piety of gazing lovingly and gratefully upon God At the same time Ambrose did not neglect loving his neighbors This study reveals how heavenly meditation was one of the significant practices engaged by Ambrose to cultivate spiritual intimacy and enjoyment of God Further his experiential reading of Scripture in particular the Song of Songs provided him with a language of ravishment and delight in God This book provides a distinctively Protestant foundation for recovering the contemplative life while recognizing the significant contributions of the Western Catholic tradition

The Problem of Pleasure Dominic Erdozain, 2010 The book combines intellectual cultural and social history to address a major area of encounter between Christianity and British culture the world of leisure This book traces the rise and fall of the evangelical movement the powerhouse of Victorian religion via its preoccupation with pleasure Victorian

evangelicalism demonstrated an ability to excite the affections but also a corresponding suspicion of worldly pleasures. Suspicion developed into hostility and a movement premised on freedom became coercive and alienating. The crisis of Victorian religion began. It is generally held that the mid-Victorian turn to recreation and sport solved the problem justifying God to the people through cricket, cycling and football. This book argues otherwise that the problem of pleasure was inflamed by the ecclesiastical remedy. The problem of overdrawn boundaries between church and world gave way to a new and subtle confusion of gospel and culture. Historians have praised the mood of engagement but the costs were profound. In fact sport became the perfect vehicle for that humanistic unmystical morality that defines the secularity of the twentieth century. Secularisation did not wait for the Dionysian rebellions of the 1960s; it emerged almost a hundred years earlier in the Victorian transformation of religion into ethics. Central to the process was the problem of pleasure. DOMINIC ERDOZAIN is Lecturer in the History of Christianity, King's College London. **The Nation and Athenaeum**, 1926
