Red Army Self-Propelled Guns of the Second World War Alexey Tarasov, 2025-01-30 Among all the branches of the Red Army during the Second World War self-propelled artillery is probably the most overlooked and misinterpreted Attention has focused on the tanks the Red Army deployed against the Germans on the Eastern Front the T 34 in particular the self-propelled guns which played an increasingly important tactical role after the shocking defeats of 1941 and 1942 have been neglected Alexey Tarasov in this detailed wide-ranging and very heavily illustrated history describes how the Soviets rose to the challenge of creating a series of self-propelled guns in extraordinarily difficult wartime conditions and he assesses and illustrates all the types they produced Also he covers the organization training tactics and combat operations of the self-propelled artillery units When the Germans invaded the Soviets lacked self-propelled artillery believing that tanks and field guns would provide sufficient support for their infantry But the effectiveness of the German assault guns persuaded them that they had to design similar armoured vehicles and rapidly they did so As the author shows by the end of the war after an intense process of improvisation and development they fielded self-propelled guns in particular the SU 76 SU 122 and SU 152 which matched those of the Germans in terms of performance and heavily outnumbered them on the battlefield Alexey Tarasov's photographic history will be essential reading for anyone who has a special interest in Soviet armour and armoured warfare in general and it will be a valuable source for modellers The Soviet High Command John Erickson, 2001 The study makes extensive use of Soviet military histories specialist military monographs Red Army regulations military manuals and handbooks memoirs documentary collections on Soviet military organization and Army Party relations Unpublished captured German military documents describe the secret Red Army Reichswehr collaboration Japanese Army records provide detailed information on the Soviet military build up in the Far East **Race for the Reichstag** Tony, Le Tissier MBE, 2013-05-13 The soldiers of the Red Army identified the Reichstag as the victor's prize to be taken in Berlin This account of the battle lays the many myths created by Soviet propaganda to rest and details what exactly happened as the Red Army and the Allies raced to be the first at the Reichstag Race for the Reichstag Tony Le Tissier, 1999 This account of lays the many myths created by Soviet propaganda to rest and details what exactly happened as the Red Army and the Allies raced to be the first at the Reichstag *The Russian-Chechen Conflict 1800-2000* Robert Seely, 2012-10-12 In 1994 the mountain
