Red For Terror:

The 'Red Terror' and the Spanish Civil War Julius Ruiz, 2014-04-30 This study challenges the common view that extrajudicial executions in Republican Spain in July 1936 were the work of criminal or anarchist uncontrollables **Terror** Brett Bowden, Michael T. Davis, 2008 With a foreword by Geoffrey Robertson QC The issues of terror and terrorism confront us every day every time we board a flight pick up a newspaper or watch television Concerns about terrorism now dictate domestic and foreign policies around the world In a very real sense one way or another we find ourselves in the grip of terror But what is terror How is it described measured and experienced Is the current terrorist threat unprecedented The answers to many of these questions and the lessons therein are to be found in history and nowhere more so than in Europe In fact Europe has been home to some of the most terrifying and horrific events in recorded human history This collection takes a broad ranging yet detailed look at the landmark events and epochs of terror across Europe from the Gunpowder Plot of 1605 to the terrorist bombings on the London Underground in July 2005 Drawing on leading authorities from across the globe this volume explores the historical mutation of political violence and concepts of terror Terror will be of interest to scholars of history international relations and political science to policy makers and to the educated layperson **Terror in Red and White** Surya Prakash Nair, 2025-02-20 Terror in Red and White Historical Analysis delves into two significant periods of violent repression We explore the Red Terror linked to communist revolutions where new regimes used violence to crush dissent illustrated by examples from the Soviet Union under Lenin and Stalin In contrast the White Terror was a reactionary response aimed at restoring traditional power structures often led by right wing groups with cases from Spain and Greece Despite their ideological differences both Red and White Terrors employed similar methods killings arrests and fear to achieve their goals leading to societal divisions and lasting trauma Our book examines the causes methods and impacts of these terrors the international response and the importance of learning from history to prevent future violence and promote reconciliation **Evil Days** Alex De Waal, 1991 For the past thirty years under both Emperor Haile Selassie and President Mengistu Haile Mariam Ethiopia suffered continuous war and intermittent famine until every single province has been affected by war to some degree Evil Days documents the wide range of violations of basic human rights committed by all sides in the conflict especially the Mengistu government's direct responsibility for the deaths of at least half a million Ethiopian civilians *The Red Terror in Russia* Сергей Петрович Мельгунов, 1925 **Global Perspectives on the Psychology of Terrorism** Chitadze, Nika, 2022-09-16 The constant threat of terror leads to the destabilization of the political economic and social situation in the state Lack of confidence in personal safety contributes to the growth of anxiety fears and mental stress which negatively affects psychological health leading to the development of various psychosomatic disorders among the population Global Perspectives on the Psychology of Terrorism discusses the psychological aspects of terrorism including the determination of the main types of terrorism and the psychological characteristics of terrorists and

terrorist groups It further speaks on the negative impact of terrorism on the mass consciousness as well as the ways to deal with stress in people exposed to the impact of terrorist attacks features of human behavior in extreme situations and methods of psychological support in times of crisis Covering topics such as state terrorism international security and cyberterrorism this premier reference source is an excellent resource for government officials sociologists representatives of mass media non governmental organizations politicians psychologists students and faculty of higher education librarians researchers and academicians

Red Shambhala Andrei Znamenski, 2012-12-19 Many know of Shambhala the Tibetan Buddhist legendary land of spiritual bliss popularized by the film Shangri La But few may know of the role Shambhala played in Russian geopolitics in the early twentieth century Perhaps the only one on the subject Andrei Znamenski s book presents a wholly different glimpse of early Soviet history both erudite and fascinating Using archival sources and memoirs he explores how spiritual adventurers revolutionaries and nationalists West and East exploited Shambhala to promote their fanatical schemes focusing on the Bolshevik attempt to use Mongol Tibetan prophecies to railroad Communism into inner Asia We meet such characters as Gleb Bokii the Bolshevik secret police commissar who tried to use Buddhist techniques to conjure the ideal human and Nicholas Roerich the Russian painter who driven by his otherworldly Master and blackmailed by the Bolshevik secret police posed as a reincarnation of the Dalai Lama

to unleash religious war in Tibet We also learn of clandestine activities of the Bolsheviks from the Mongol Tibetan Section of the Communist International who took over Mongolia and then dressed as lama pilgrims tried to set Tibet ablaze and of their opponent Ja Lama an avenging lama fond of spilling blood during his tantra rituals

The Red Horizon Pasquale De Marco, 2025-03-22

In the annals of history few events have left an imprint as profound as the Russian Revolution This comprehensive and captivating book takes readers on a journey through the tumultuous years that transformed Russia exploring the intricate web of factors that led to the revolution the dramatic events that unfolded and the far reaching consequences that reverberated across the globe With vivid prose and meticulous research the book delves into the twilight of the Romanov dynasty a ruling family steeped in tradition yet oblivious to the growing discontent among their subjects It examines the rise of revolutionary sentiment fueled by economic disparities social injustices and the influence of Western ideas The Russo Japanese War and the subsequent 1905 Revolution serve as harbingers of change setting the stage for the cataclysm to come The book brings to life the key players in this historical drama Vladimir Lenin the enigmatic Bolshevik leader whose unwavering determination and ideological fervor propelled the revolution Alexander Kerensky the head of the Provisional Government struggling to maintain order amidst chaos and Nicholas II the last Romanov tsar whose abdication marked the end of an era The narrative unfolds with gripping detail recounting the events of the February and October Revolutions the bitter civil war that ensued and the consolidation of Bolshevik power It explores the New Economic Policy NEP a delicate balancing act between socialism and capitalism and the ambitious Five Year Plans which transformed Russia into an industrial powerhouse Yet the book also delves into the darker aspects of this period shedding light on Stalin s Great Purge a reign of terror that decimated the Bolshevik Party and instilled an atmosphere of fear and paranoia The Gulag system a vast network of forced labor camps becomes a symbol of Stalin s oppressive regime Ultimately the book offers a comprehensive analysis of the Russian Revolution examining its causes consequences and legacy It provides readers with a deeper understanding of this pivotal event its impact on modern history and the enduring lessons it holds for generations to come

Lethal Politics R. J. Rummel, While there are estimates of the number of people killed by Soviet authorities during particular episodes or campaigns until now no one has tried to calculate the complete human toll of Soviet genocides and mass murders since the revolution of 1917 Here R J Rummel lists and analyzes hundreds of published estimates presenting them in the historical context in which they occurred His shocking conclusion is that conservatively calculated 61 911 000 people were systematically killed by the Communist regime from 1917 to 1987 Rummel divides the published estimates on which he bases his conclusions into eight historical periods such as the Civil War collectivization and World War II The estimates are further divided into agents of death such as terrorism deportations and famine Using statistical principles developed from more than 25 years of quantitative research on nations he analyzes the estimates In the collectivization period for example about 11 440 000 people were murdered During World War II while the

Soviet Union had lost almost 20 000 000 in the war the Party was killing even more of its citizens and foreigners probably an additional 13 053 000 For each period he defines counts and totals the sources of death He shows that Soviet forced labor camps were the major engine of death probably killing 39 464 000 prisoners overall To give meaning and depth to these figures Rummel compares them to the death toll from major wars world disasters global genocide deaths from cancer and other diseases and the like In these and other ways Rummel goes well beyond the bare bones of statistical analysis and tries to provide understanding of this incredible toll of human lives Why were these people killed What was the political and social context How can we understand it These and other questions are addressed in a compelling historical narrative This definitive book will be of interest to Soviet experts those interested in the study of genocide and violence peace researchers and students of comparative politics and society Written without jargon its statistics are confined to appendixes and the general reader can profitably read the book without losing the essence of the findings which are selectively repeated in the narrative *Bolshevik Terror Against Socialists* ,1925 **The Red Army, 1918-1941** Earl F Ziemke,2004-05-20 Supported by evidence released after the collapse of the Soviet Union this book follows the career of the Red Army from its birth in 1918 as the vanguard of world revolution to its affiliation in 1941 with the citadel of capitalism the USA
