Library of Congress Subject Headings Library of Congress. Cataloging Policy and Support Office, 2002 **Soviet Americana** Sergei Zhuk, 2018-01-08 The Americanist community played a vital role in the Cold War as well as in large part directing the cultural consumption of Soviet society and shaping perceptions of the US To shed light onto this important yet under studied academic community Sergei Zhuk here explores the personal histories of prominent Soviet Americanists

considering the myriad cultural influences from John Wayne's bravado in the film *Stagecoach* to Miles Davis that shaped their identities careers and academic interests Zhuk's compelling account draws on a wide range of understudied archival documents periodicals letters and diaries as well as more than 100 exclusive interviews with prominent Americanists to take the reader from the post war origins of American studies via the extremes of the Cold War thaw and perestroika to Putin's Russia *Soviet Americana* is a comprehensive insight into shifting attitudes towards the US throughout the twentieth century and an essential resource for all Soviet and Cold War historians

Stalin's Apologist S. J. Taylor, 2020-02-21 Short unattractive hobbling about Stalin's Moscow on a wooden leg Walter Duranty was an unlikely candidate for the world's most famous foreign correspondent Yet for almost twenty years his articles filled the front page of *The New York Times* with gripping coverage of the aftermath of the Russian Revolution A witty engaging impish character with a flamboyant life style he was a Pulitzer Prize winner the individual most credited with helping to win the U S recognition for the Soviet regime and the reporter who had predicted the success of the Bolshevik state when all others claimed it was doomed But as S J Taylor reveals in this provocative biography Walter Duranty played a key role in perpetrating some of the greatest lies history has ever known *Stalin's Apologist* deftly unfolds the story of this accomplished but sordid and tragic life Drawing on sources ranging from newspapers to private letters and journals to interviews with such figures as William Shirer and W Averell Harriman Taylor's vivid narrative unveils a figure driven by ambition whose early success reporting on Bolshevik Russia he was foremost in predicting Stalin's rise to power established his international reputation fed his overconfident contempt for his colleagues and indeed led him to identify with the Soviet dictator Thus during the great Ukrainian famine of the early 1930s which Stalin engineered to crush millions of peasants who resisted his policies Duranty dismissed other correspondents reports of mass starvation and though secretly aware of the full scale of the horror effectively reinforced the official cover up of one of history's greatest man made disasters Later he took the rigged show trials of Stalin's Great Purges at face value blithely accepting the guilt of the victims He believed himself the leading expert on the Soviet Union and his faith in his own insight drew him into a downward spiral of distortions and untruths typified by his memorable excuse for Stalin's crimes You can't make an omelet without breaking eggs Taylor brilliantly captures the full range of Duranty's astonishing life from his participation in the Satanic orgies of Aleister the Beast Crowley to his dramatic front line reporting during World War I to his epic womanizing and heavy drug and alcohol abuse It is the bitter ironic story of a man who had the rare opportunity to bring to light the suffering of the millions of Stalin's victims but remained a prisoner of vanity self indulgence and success
