Red Poppies Alai,2002 Red Poppies is the story of the wealthy Maiqi family its powerful chieftain his wife his son and his second idiot child the novel s narrator and unlikely hero Their stone fortress overlooks the arid steppes and all they rule a scattered populace of peasant farmers merchants and lamas But keeping power in the feudal politics of 1930s Tibet has its price When a dispute breaks out with the neighbouring chieftain an emissary of the Chinese Nationalists comes to the Maiqis aid with the tools of modern warfare In exchange the Maiqis must plant fields of poppies valuable in the Nationalist sponsored heroin trade It is a bargain that enriches the family s lavish lifestyle and earns them dangerous enmity in the first twist of a story that will reach its climax years later on the very eve of the Chinese occupation in 1950 Filled with intriguing characters and high drama Red Poppies is a sweeping cinematic novel you won t forget *Proceedings of the 2024 4th International Conference on Public Art and Human Development (ICPAHD 2024)* Jiu

Liu,Jinhua Zhu,Dedong Zheng,Jianfei Luo,2025-05-02 This is an open access book 2024 4th International Conference on Public Art and Human Development ICPAHD 2024 will be held from December 27 29 2024 at Chengdu China 2024 4th International Conference on Public Art and Human Development ICPAHD 2024 aims to continue the dynamic conversations initiated by its predecessors Set against the backdrop of an ever evolving global cultural landscape the conference underscores the significance of public art as a powerful tool for social and human development The confluence of art space and community offers a unique lens through which we can examine societal progress and collective well being ICPAHD 2024 seeks to bring together scholars artists policymakers and activists to explore the transformative potential of public art The conference aims to foster interdisciplinary dialogues share innovative practices and challenge existing paradigms By doing so it intends to shed light on how public art can contribute to social cohesion cultural identity and human development *The Rise of Gönpö Namgyel in Kham* Yudru Tsomu,2014-12-11 This book examines the ascendancy of a minor nineteenth century Tibetan chieftain Gönpö Namgyel who hailed from Eastern Kham a frontier region situated between the power centers of Central Tibet and Qing China For most of the nineteenth century Gönpö Namgyel dominated the politics of Kham and posed a serious challenge to both the Qing and Lhasa regimes The study explores the dynamics of local and national politics as well as the tensions over power and authority between the two power centers Drawing upon both Tibetan and Chinese primary sources the study sheds new light on the governance and polity of the Kham region enhancing our understanding of Sino

Tibetan conflicts regarding Kham from the nineteenth century up to the mid twentieth century The book focuses on local events rather than seeing history as shaped solely by the power centers The rise of G npo Namgyel is situated within the context of the local politics of Kham while taking into consideration its relations with mid nineteenth century Qing and Central Tibet It further explores the social cultural milieu that gave rise to this charismatic and controversial chief A series of questions emerge concerning traditional historiographical practice including the historical practices of Chinese and Tibetan scholars as well as approaches to the history of China and Tibet by Western scholars Probing into history from a local perspective adds a new dimension to the study of nineteenth century Sino Tibetan relations This research reveals that there is no single force determining history nor are persons in the periphery mere passive observers of national events The kings governors and chieftains in Kham were active in shaping their own regional identity and asserting their own terms in relation to the two power centers demonstrating that the peripheries are equal partners in central periphery relations rather than passive recipients as has commonly been represented in earlier historical narratives

The Epic World Pamela Lothspeich, 2024-01-30 Reconceptualizing the epic genre and opening it up to a world of storytelling The Epic World makes a timely and bold intervention toward understanding the human propensity to aestheticize and normalize mass deployments of power and violence The collection broadly considers three kinds of epic literature conventional celebratory tales of conquest that glorify heroism especially male heroism anti epics or stories of conquest from the perspectives of the dispossessed the oppressed the despised and the murdered and heroic stories utilized for imperialist or nationalist purposes The Epic World illustrates global patterns of epic storytelling such as the durability of stories tied to religious traditions and or to peoples who have largely stayed put the tendency to reimagine and retell stories in new ways over centuries and the imbrication of epic storytelling and forms of colonialism and imperialism especially those perpetuated and glorified by Euro Americans over the past 500 years resulting in unspeakable and immeasurable harms to humans other living beings and the planet Earth The Epic World is a go to volume for anyone interested in epic literature in a global framework Engaging with powerful stories and ways of knowing beyond those of the predominantly white Global North this field shifting volume exposes the false premises of Western civilization and Classics and brings new questions and perspectives to epic studies
