Red Priests Renovationism Russian Orthodoxy And Revolution 1905 1946:

Red Priests Edward E. Roslof, 2002-10-24 The 1917 revolutions that gave birth to Soviet Russia had a profound impact on Russian religious life Social and political attitudes toward religion in general and toward the Russian Orthodox Church in particular remained in turmoil for nearly 30 years During that time of religious uncertainty a movement known as renovationism led by reformist Orthodox clergy pejoratively labeled red priests tried to reconcile Christianity with the goals of the Bolshevik state But Church hierarchy and Bolshevik officials alike feared clergymen who proclaimed themselves to be both Christians and socialists This innovative study based on previously untapped archival sources recounts the history of the red priests who acting out of religious conviction in a hostile environment strove to establish a church that stood for social justice and equality *Red Priests* sheds valuable new light on the dynamics of society politics and religion in Russia between 1905 and 1946

Alix and Nicky Virginia Rounding, 2012-01-17 The dramatic story of Emperor Nicholas II and his wife Alexandra Fyodorovna the last Tsar and Tsarina of Russia A penetrating and deeply personal study that gives profound psychological insight into their marriage and how it shaped the events that engulfed them There are few characters in history about whom opinion has been more divided than the last Tsar of Russia Nicholas II and his wife the Empress Alexandra Fyodorovna On one hand they are venerated as saints innocent victims of Bolshevik assassins and on the other they are impugned as the unwitting harbingers of revolution and imperial collapse blamed for all the ills that befell the Russian people in the 20th century Theirs was also a tragic love story for whatever else can be said of them there can be no doubt that Alix and Nicky adored one another Soon after their engagement Alix wrote in her fiancé's diary Ever true and ever loving faithful pure and strong as death words which met their fulfillment twenty four years later in a blood spattered cellar in Ekaterinburg Through the letters and diaries written by the couple and by those around them Virginia Rounding presents an intimate penetrating and fresh portrayal of these two complex figures and of their passion their love and their suffering She explores the nature and possible causes of the Empress's ill health and examines in depth the enigmatic triangular relationship between Nicky Alix and their favourite Ania Vyrubova protégée of the infamous Rasputin extracting the meaning from words left unsaid from hints and innuendoes The story of Alix and Nicky of their four daughters known collectively as OTMA and of their hemophiliac little boy Alexei is endlessly fascinating and Rounding makes these characters come alive presenting them in all their human dimensions and expertly leading the reader into their vanished world

History's Greatest Heist
Sean McMeekin, 2008-12-17 How Lenin's regime turned Russia's priceless cultural patrimony into armored cars trains planes and machine guns Historians have never resolved a central mystery of the Russian Revolution How did the Bolsheviks despite facing a world of enemies and leaving nothing but economic ruin in their path manage to stay in power through five long years of civil war In this penetrating book Sean McMeekin draws on previously undiscovered materials from the Soviet Ministry of Finance and other European and American archives to expose some of the darkest secrets of Russia's early days of communism Building on one archival revelation after another the author reveals how the Bolsheviks financed their aggression through astonishingly extensive thievery Their looting included everything from the cash savings of private citizens to gold silver diamonds jewelry icons antiques and artwork By tracking illicit Soviet financial transactions across Europe McMeekin shows how Lenin's regime accomplished history's greatest heist between 1917 and 1922 and turned centuries of accumulated wealth into the sinews of class war McMeekin also names names introducing for the first time the compliant bankers lawyers and middlemen who for a price helped the Bolsheviks launder their loot impoverish Russia and impose their brutal will on millions

The Many Deaths of Tsar Nicholas II Wendy Slater, 2007-06-26 How did Nicholas II Russia's last Tsar meet his death Shot point blank in a bungled execution by radical Bolsheviks in the Urals Nicholas and his family disappeared from history in the Soviet era But in the 1970s a local geologist and a crime fiction writer discovered the location of their clandestine mass grave and secretly removed three skulls before reburying them afraid of the consequences of their find Yet the history of Nicholas execution and the discovery of his remains are not the only stories connected with the death of the last Tsar This book recounts the horrific details of his death and the thrilling discovery of the bones and also investigates the alternative narratives that have grown up around these events Stories include the contention that the Tsar's killing was a Jewish plot in which Nicholas severed head was taken to Moscow as proof of his death tales of would be survivors of the execution self confessed children of the Tsar claiming their true identity and accounts of miracles performed by Nicholas who was made a saint by the Russian church in 2000 Not least among these alternative narratives is the romanticization of the Romanovs epitomized by the numerous photographs of the family released from the Russian archives

Jews in the Soviet Union: A History Elissa Bemporad, 2025-06-24 By making use of newly available archival documents and incorporating recent scholarship on the Jewish experience in the Soviet Union this book chronicles the encounter of one

of the largest Jewish communities in the world with war revolution and Soviet power from 1917 through 1930 **For God and Country** Peter C. Mentzel, 2021-03-11 Religion and nationalism are both powerful and important markers of individual identity but the relationship between the two has been a source of considerable debate Much if not most of the early work done in Nationalism Studies has been based at least implicitly on the idea that religion as a genealogical carrier of identity was displaced with the advent of secular modernity which was caused by nationalism Or to put it another way national identity and its ideological manifestation nationalism filled the void left in people s self identification as religion retreated in the face of modernity Since at least the late 1990s this view has been increasingly challenged by scholars trying to account for the apparent persistence of religious identities Perhaps even more interestingly scholars of both religion and nationalism have noted that these two kinds of self identification while sometimes being tense as the earlier models explained are also frequently coexistent or even mutually supportive This collection of essays explores the current thinking about the relationship between religion and nationalism from a variety of perspectives using a number of different case studies What all these approaches have in common is their interest in complicating our understandings of nationalism as a primarily secular phenomenon by bringing religion back into the discussion **The Heart of Russia** Scott Mark Kenworthy, 2010-10-08 In the 1830s and 1840s increasing numbers of Russians renounced the modernized secularized Westernized Russia created by Peter the Great in an effort to revive alternative lifestyles based on Orthodox spirituality and values This effort found expression in a revival of monasticism that began in the era of Nicholas I and would last for the duration of the imperial period brought to an end only by the cataclysm of revolution and repression of the new Bolshevik regime Suppressed by the communists Russian monasticism experienced another revival in the post World War II era and again in the post Soviet period demonstrating that the impulse to renounce the contemporary world for the cloister is a central pattern of Russian religiosity This book is the first comprehensive analysis of these monastic revivals presenting a fundamentally new picture of religion in modern Russia Scott Kenworthy s approach is that of a contextualized microhistory an in depth study of one monastic complex framed within research on monasticism more broadly The case study here is Russia s largest and most famous monastery the Trinity Sergius Lavra in Sergiev Posad near Moscow With the collapse of the Soviet Union the Russian Orthodox Church is again experiencing a revival and monasticism is playing a central role in this resurgence In the search to recover the past Russian Orthodox are turning to the nineteenth century revival as a normative model Numerous Russians are once again renouncing the contemporary world in this case both the socialist past and the post socialist capitalist present and opting for a mode of life that represents a return to past values Monasteries are again foci of popular piety as well as of important publishing activities and their spirituality is regarded as the purest expression of Orthodox ideals This book provides an essential basis for understanding Orthodoxy in its historical context and its contemporary manifestations **God Save the USSR** Jeff Eden, 2021-03-18 During the Second World War as the Soviet Red

Army was locked in brutal combat against the Nazis Joseph Stalin ended the state's violent decades long persecution of religion In a stunning reversal priests imams rabbis and other religious elites many of them newly released from the Gulag were tasked with rallying Soviet citizens to a Holy War against Hitler To the delight of some citizens and to the horror of others Stalin's reversal encouraged a widespread perception that his war on religion was over A revolution in Soviet religious life ensued soldiers prayed on the battlefield entire villages celebrated once banned holidays and state backed religious leaders used their new positions not only to consolidate power over their communities but also to petition for further religious freedoms Offering a window on this wartime religious revolution God Save the USSR focuses on the Soviet Union's Muslims using sources in several languages including Russian Tatar Bashkir Uzbek and Persian Drawing evidence from eyewitness accounts interviews soldiers letters frontline poetry agents reports petitions and the words of Soviet Muslim leaders Jeff Eden argues that the religious revolution was fomented simultaneously by the state and by religious Soviet citizens the state gave an inch and many citizens took a mile as atheist Soviet agents looked on in exasperation at the resurgence of unconcealed devotional life

Religion and the Political Imagination Ira Katznelson, Gareth Stedman Jones, 2010-10-07 The theory of secularisation became a virtually unchallenged truth of twentieth century social science First sketched out by Enlightenment philosophers then transformed into an irreversible global process by nineteenth century thinkers the theory was given substance by the precipitate drop in religious practice across Western Europe in the 1960s However the re emergence of acute conflicts at the interface between religion and politics has confounded such assumptions It is clear that these ideas must be rethought Yet as this distinguished international team of scholars reveal not everything contained in the idea of secularisation was false Analyses of developments since 1500 reveal a wide spectrum of historical processes partial secularisation in some spheres has been accompanied by sacralisation in others Utilising new approaches derived from history philosophy politics and anthropology the essays collected in Religion and the Political Imagination offer new ways of thinking about the urgency of religious issues in the contemporary world

Relics, Shrines and Pilgrimages Antón M. Pazos, 2020-03-04 Since Late Antiquity relics have provided a privileged spiritual bond between life and death between human beings and divinity Royalty nobility and clergy all

The Russian Orthodox Church, 1917-1948 Daniela Kalkandjieva, 2014-11-20 This book tells the remarkable story of the decline and revival of the Russian Orthodox Church in the first half of the twentieth century and the astonishing U turn in the attitude of the Soviet Union's leaders towards the church In the years after 1917 the Bolsheviks' anti religious policies the loss of the former western territories of the Russian Empire and the Soviet Union's isolation from the rest of the world and the consequent separation of Russian emigrants from the church were disastrous for the church which declined very significantly in the 1920s and 1930s However when Poland was partitioned in 1939 between Nazi Germany and the Soviet Union Stalin allowed the Patriarch of Moscow Sergei jurisdiction over orthodox congregations in the conquered territories and went on later to encourage the church to promote patriotic activities as part of the resistance to the Nazi invasion He agreed a Concordat with the church in 1943 and continued to encourage the church especially its claims to jurisdiction over migrant Russian orthodox churches in the immediate postwar period Based on extensive original research the book puts forward a great deal of new information and overturns established thinking on many key points
