104th floor of the South Tower of the World Trade Center but the dream of becoming a firefighter with the FDNY remained. When the Twin Towers fell Welles's parents had no idea what happened to him. In the unbearable days that followed they came to accept that he would never come home. But the mystery of his final hours persisted. Eight months after the attacks however Welles's mother read a news account from several survivors badly hurt on the 78th floor of the South Tower who said they and others had been led to safety by a stranger carrying a woman on his back down nearly twenty flights of stairs. After leading them down the young man turned around. I'm going back up was all he said. The survivors didn't know his name but despite the smoke and panic one of them remembered a single detail clearly the man was wearing a red bandanna. Tom Rinaldi's *The Red Bandanna* is about a fearless choice about a crucible of terror and the indomitable spirit to answer it. Examining one decision in the gravest situation it celebrates the difference one life can make. *The Railroad Telegrapher*, 1907

Merle Haggard Merle Haggard, 2002 Merle Haggard is known as the poet of the common man. His songs are some of the most important and influential in the history of country music on par with the likes of those by Jimmie Rodgers and Hank Williams. Through a life as tumultuous as his music scarred by struggles with inner demons incarceration and addiction all of which he has brutally and directly confronted through his lyrics Haggard has emerged with an American songbook that captures the rough side of life with an unblinking eye gazing on the workings of the human heart. This collection comes on the heels of his acclaimed album *If I Could Only Fly* his first new studio album in four years which finds the former wildman coping with aging taking on familial responsibilities and learning to appreciate the wonders of home life versus the pitfalls of the highway. Haggard's lyrics demonstrate why this acclaimed member of the Country Music Hall of Fame is a legend who will live forever.

Women and the Republican Party, 1854-1924 Melanie Gustafson, 2001-10-15 Acclaimed as groundbreaking since its publication *Women and the Republican Party 1854-1924* explores the forces that propelled women to partisan activism in an era of widespread disfranchisement and provides a new perspective on how women fashioned their political strategies and identities before and after 1920. Melanie Susan Gustafson examines women's

partisan history against the backdrop of women's political culture. Contesting the accepted notion that women were uninvolved in political parties before gaining the vote, Gustafson reveals the length and depth of women's partisan activism between the founding of the Republican Party whose abolitionist agenda captured the loyalty of many women and the passage of the Nineteenth Amendment. Her account also looks at the complex interplay of partisan and nonpartisan activity, the fierce debates among women about how to best use their influence, the ebb and flow of enthusiasm for women's participation and the third parties that fused the civic world of reform organizations with the electoral world of voting and legislation.

Presidential Sheet Music Danny O. Crew, 2001-01-01 Political historians have traditionally interpreted the people and events of each presidential era by studying books, periodicals, letters, diaries and speeches. One source of printed material that has not received much scholarly attention is published music, much of which has been all but lost in the archives of libraries and museums. These two volumes of *Presidential Sheet Music* present an exhaustive listing of presidential related music in all printed forms with information on each piece.
