**The Hut on Chicken Legs** Elisa S. Frost,2002 *The Russian Civil War* Evan Mawdsley,2009-02-24 The best book ever written on the Russian civil war A first rate work of scholarly synthesis Robert McNeal In St Petersburg on October 25 1917 the A commanding chronicle of the three Bolshevik Party stormed the capital city and turbulent years that brought the ironfisted seized the power over the Russian Provisional Soviet regime to political power Government which had been operating ineffectively since the abdication of Tsar Nicholas II eight months before That October Revolution began the Russian Civil War which in three years would cost the largest country in the world more than seven million lives It was an apocalyptic struggle replete with famine and pestilence but out of the struggle a new social order would rise The Soviet Union Mawdsley offers a lucid superbly detailed account of the men and events that shaped twentieth century communist Russia He draws upon a wide range of sources to recount the military course of the war as well as the hardship the conflict brought to a country and its people for the victory and the reconstruction of the state under the Soviet regime came at a painfully high economic and human price *The Trace of Judaism* Val Vinokur,2008 Recipient 2008 Guggenheim Fellowship The defining quality of Russian literature for most critics is its ethical seriousness expressed through formal originality The Trace of Judaism addresses this characteristic through the thought of the Lithuanian born Franco Jewish philosopher Emmanuel Levinas Steeped in the Russian classics from an early age Levinas drew significantly from Dostoevsky in his ethical thought One can profitably read Russian literature through Levinas and vice versa Vinokur links new readings of Fyodor Dostoevsky Isaac Babel and Osip Mandelstam to the work of Levinas to ask How does Judaism haunt Russian literature In what ways is Levinas ethics as Russian as it is arguably Jewish And more broadly how do ethics and aesthetics inflect each other Vinokur considers how the encounter with the other invokes responsibilities ethical and aesthetic and shows how the volatile relationship between ethics and aesthetics much like the connection between the Russian and Jewish traditions may be inextricably symbiotic In an ambitious work that illuminates the writings of all of these authors Vinokur pursues the implications of this reading for our understanding of the function of literature its unique status as a sphere in

which an ethical vision such as that of Levinas becomes comprehensible
