Red Hand The Ulster Colony:

Red Hand: the Ulster Colony Constantine FitzGibbon, 1971 **Herod** Conor Cruise O'Brien, 2015-03-19 In *Herod Reflections on Political Violence* first published in 1978 Conor Cruise O'Brien collects a number of essays alongside three short plays that dramatise political arguments through the infamous figure of the Roman king of Judaea for whom the collection is named. A great book. In it O'Brien not only denounces IRA terrorism as you would expect from a mainstream politician but in a sense quite different from the rationalisations offered by ideological apologists for political violence seeks to understand it. I mean really understand it not extenuate it by equivocation and non sequitur. And his thinking leads him to attack the republican mythology at the heart of the Irish state. Few writers have analysed terrorism so acutely or been as effective in undermining its ideological justifications. Oliver Kamm from his preface to this edition. *The Invention of the White Race, Volume 1* Theodore W. Allen, 2014-04-29 When the first Africans arrived in Virginia in 1619 there were no white people there. Nor according to colonial records would there be for another sixty years. In this seminal two volume work *The Invention of the White Race* Theodore W. Allen tells the story of how America's ruling classes created the category of the white race as a means of social control. Since that early invention white privileges have enforced the myth of racial superiority and that fact has been central to maintaining ruling class domination over ordinary working people of all colors throughout American history. Volume I draws lessons from Irish history comparing British rule in Ireland with the white oppression of Native Americans and African Americans. Allen details how Irish immigrants fleeing persecution learned to spread racial oppression in their adoptive country as part of white America. Since publication in the mid nineties *The Invention of the White Race* has become indispensable in debates on the origins of racial oppression in America. In this updated edition scholar Jeffrey B. Perry provides a new introduction, a short biography of the author and a study guide.

The Literature of Terrorism Edward F. Mickolus, 1980-12-29 Product information not available *Northern Ireland* Rona M. Fields, 2020-03-09 The troubles in Ireland are not new. They have taken a heavy toll in lives and perhaps more importantly in psychological health. This book is not concerned with events in themselves although it includes historical analysis of the conflict in Northern Ireland. It does attempt to discover the human effects of long term conflicts such as those occurring in Ireland. From testing and interviews with the children, women and men of Northern Ireland beginning in 1969 the author has developed a case study of the long term effects of stress on a population. She identifies certain social control mechanisms that produce a mixture of chaos and docility in the troubled North and argues that England has established these in order to destroy the identity of the people, a process she calls psychological genocide. Northern Ireland Society Under Siege applies social psychological theory to a concrete and ongoing situation in a way that is illuminating for the general reader and for the specialist. Dr. Fields has done what might appear obvious: find out the effects of stress on a population by going to that population and observing what their lives are like. The remarkable fact is however that until now no one has done so, a wide

ranging and perceptive book A significant thrust and contribution of this book is Fields discussion of psychological and social control procedures and practices Fields report is a challenge to humanity and an indictment of English patricianism racism and imperialism Alfred McClung Lee Dr Rona Field is a brave and deeply compassionate human being a committed researcher who cannot be intimidated by gunmen English soldiers bigots ferocious politicians or the horrors of confronting human suffering in dreadful forms This valiant woman deserves international praise and recognition for the unflinching study of a tragic society Dennis Clark National Catholic Reporter

One Man's Family Edward Henry Coughran, 2015-03-10 This book is the result of my inquiry into how this family and the places they lived influenced each other over 400 years in seven countries on four continents I have been collecting bits and pieces about the family history for as long as I can remember There is a family story true according to my Aunt Lucille who was there that Big Daddy my grandfather received a letter stating that he could by moving to Ireland assume the inheritance of a castle He decided not to stating that his family was American and the subject was closed Nobody now has any idea where the castle was or any of the real circumstances There is also a story probably apocryphal that Andrew and his brother had taken an adventurous trip across the United States when they couldn't steal horses they walked went back to Ireland and then emigrated This is my attempt to record what I have found out and what I remember about the Coughran family history *Newsletter* United States. Contemporary Irish Republican Prison Writing L. Whalen, 2007-11-26 As it traces the textual history of the works of authors like Bobby Sands and Gerry Adams this book analyses Republican resistance to disciplinary structures demonstrating the ways in which prisoners appropriate space through discursive strategies Political Integration and Disintegration in the British Isles Anthony H. Birch, 2024-06-26 Originally published in 1977 this book provided the first analysis of the processes of political integration and devolution within the British Isles taking account of the social economic and cultural factors involved as well as the unique character of the political system together with the growth of Scottish and Welsh nationalism The book contains both an analysis of the nationalist movements of Ireland Ulster Scotland and Wales and a critical assessment of the way British central Governments have reacted to these movements Interpretations of Greek Mythology (Routledge Revivals) Jan N. Bremmer, 2014-03-18 Interpretations of Greek Mythology first published in 1987 builds on the innovative work of Walter Burkert and the Paris school of Jean Pierre Vernant and represents a renewal of interpretation of Greek mythology The contributors to this volume present a variety of approaches to the Greek myths all of which eschew a monolithic or exclusively structuralist hermeneutic method Specifically the notion that mythology can simply be read as a primitive mode of narrative history is rejected with emphasis instead being placed on the relationships between mythology and history ritual and political genealogy The essays concentrate on some of the best known characters and themes Oedipus Orpheus Narcissus reflecting the complexity and fascination of the Greek imagination The volume will long remain an indispensable tool for the study of Greek mythology and it is of great interest to anyone interested in the

development of Greek culture and civilisation and the nature of myth

The Northern Ireland Question Patrick John Roche, Brian Barton, 2013 Barton and Roche have drawn on the expertise of scholars in Irish history political philosophy sociology demography and criminal and constitutional law to provide a major contribution to understanding the dynamics of the terrorist conflict that engulfed Northern Ireland for thirty years The legal dimension of the book provides accessible understanding both of the use of the criminal law in response to terrorism and of the constitutional status of Northern Ireland prior to the 1998 Belfast Agreement The Northern Ireland Question Myth and Reality explicates the civic character of unionism which differentiates unionism as a form of political identity from the ethnicity of traditional Irish nationalism The contributions explore the ambiguities of southern Irish politics with respect to the Northern Ireland question and challenge a conventional and widely accepted understanding inimical to unionism and unionists of the genesis of the terrorist conflict in Northern Ireland and the extent of discrimination under the Stormont administration but without loss of objectivity and professional detachment

The Bloody Red Hand Derek Lundy, 2011-04-20 A bestselling chronicler of the sea turns to a trio of his own ancestors to see what memory and the selective plundering of history has made of the truth in Northern Ireland The name Lundy is synonymous with traitor in Ulster Derek Lundy's first ancestral subject was the Protestant governor of Derry in 1688 just before it came under siege by the Catholic Irish army of James II For reasons that remain ambiguous Robert ordered the gates of the city opened in surrender Protestant hard liners staged a coup de ville and drove him away in disgrace a traitor to the cause But Robert is more memorable for his peace seeking moderation than for the treachery the standard history attributes to him William Steel Dickson's legacy is a little different a Presbyterian minister born in the late 18th century he preached with famous eloquence in favour of using whatever means necessary to resist the tyranny of the English including joining forces with the Catholics in armed rebellion Finally there is Billy Lundy born in 1890 the antithesis of the ecumenical William and the embodiment of what the Ulster Protestants had become by the beginning of World War I a tribe united in their hostility to Catholics and to the project of an independent Ireland The lives of Robert Lundy William Steel Dickson and Billy Lundy encapsulate many themes in the Ulster past In telling their stories Derek Lundy lays bare the harsh and murderous mythologies of Northern Ireland and gives us a revision of its history that seems particularly relevant in today's

world Excerpt from The Bloody Red Hand The other thing I remember is the look the young man gave me after he had taken the cash put his pistol away and was standing with his hands in his jacket pockets It wasn't the expression of someone who was thinking of shooting me too I never had that feeling But the way he looked at me was so familiar wary and calculating Many people in Belfast had stared in the same way since I'd arrived for a visit For a long time I couldn't understand what it meant Eventually I knew They were trying to decide what foot I kicked with what religion I was There were supposed ways to tell subtle indicators Was I someone they should fear Or was I one of them That was what the armed robber was doing too He had just shot a man who knew him by his first name But he was looking at me the stranger and trying to figure out whether I was a Prodigal or a Taig
