Jelen, Michael P. Kramer, L. Scott Lerner, 2011-06-06 Is there such a thing as a distinctive Jewish literature While definitions have been offered none has been universally accepted Modern Jewish literature lacks the basic markers of national literatures it has neither a common geography nor a shared language though works in Hebrew or Yiddish are almost certainly included and the field is so diverse that it cannot be contained within the bounds of one literary category Each of the fifteen essays collected in Modern Jewish Literatures takes on the above question by describing a movement across boundaries between languages cultures genres or spaces Works in Hebrew and Yiddish are amply represented but works in English French German Italian Ladino and Russian are also considered Topics range from the poetry of the Israeli nationalist Natan Alterman to the Russian poet Osip Mandelstam from turn of the century Ottoman Jewish journalism to wire recorded Holocaust testimonies from the

intellectual salons of late eighteenth century Berlin to the shelves of a Jewish bookstore in twentieth century Los Angeles The literary world described in *Modern Jewish Literatures* is demarcated chronologically by the Enlightenment the Haskalah and the French Revolution on one end and the fiftieth anniversary of the State of Israel on the other The particular terms of the encounter between a Jewish past and present for modern Jews has varied greatly by continent country or village by language and by social standing among other things What unites the subjects of these studies is not a common ethnic religious or cultural history but rather a shared endeavor to use literary production and writing in general as the laboratory in which to explore and represent Jewish experience in the modern world

Red on Red Craig S. Womack, 1999 How can a square peg fit into a round hole It can t How can a door be unlocked with a pencil It can t How can Native literature be read applying conventional postmodern literary criticism It can t That is Craig Womack s argument in Red on Red Indian communities have their own intellectual and cultural traditions that are well equipped to analyze Native literary production These traditions should be the eyes through which the texts are viewed To analyze a Native text with the methods currently dominant in the academy according to the author is like studying the stars with a magnifying glass In an unconventional and piercingly humorous appeal Womack creates a dialogue between essays on Native literature and fictional letters from Creek characters who comment on the essays Through this conceit Womack demonstrates an alternative approach to American Indian literature with the letters serving as a Creek chorus that offers answers to the questions raised in his more traditional essays Topics range from a comparison of contemporary oral versions of Creek stories and the translations of those stories dating back to the early twentieth century to a queer reading of Cherokee author Lynn Riggs s play The Cherokee Night Womack argues that the meaning of works by native peoples inevitably changes through evaluation

by the dominant culture *Red on Red* is a call for self determination on the part of Native writers and a demonstration of an important new approach to studying Native works one that engages not only the literature but also the community from which the work grew
