D. Austin,2012-08 The most powerful shaman of the People of the Bear Mother invites a young woman to take her soul s great adventure by painting a new piece of animal art on the walls in the deepest chambers of the awesome Great Cave The time has come for Little Bear to make the life altering choice to overcome her fear of the terrifying old shaman and in doing so unalterably change all the lives her soul will subsequently experience even as her lion eye reappears in each lifetime to identify her avatar But before she may embark on her hero s journey she must be initiated as hunter and then as Seer through trials ordeals and the revelations of her people s mythology expressed in the art of the Cave The tale builds to an unexpected climax as one soul experiences many lifetimes in a hunting culture where being born female or male homosexual or heterosexual young or old are equally valid ways of being human Inspired by the work of Joseph Campbell and the artwork of France s 35 000 yearold Chauvet Cave the novel takes a fresh look at and is a new take on the life ways and religion of our earliest ancestors through Little Bear s encounters with shamans hunters avatars and painted caves This story reveals that the spiritual messages hidden within this magnificent incredibly ancient art are the same metaphysical beliefs of the New Age and the same universal human truths at the heart of every world religion and mystical philosophy 2011 Book

Rock art in the Ennedi massif** Roberta Simonis,Adriana Ravenna,Pier Paolo Rossi,2017-12-18 In the last few decades a surprisingly large variety of subjects and styles of rock art have been brought to light in northern Chad by scholars and passionate travellers In the Ennedi region relatively recent painted scenes of daily life occur but also earlier human figures and rare events such as a leopard hunt However what is really characteristic of this region are the galloping mounted horses and camels painted in original styles Interestingly the DStretch plugin to ImageJ has recently made it possible to see that in some cases the visible paintings are superimposed on older faint images very different in style and barely discernible to the naked eye In some cases paintings in an archaic style are revealed where just blurry spots appear on rocks Farther to the east on the Ennedi plateau the Niola Doa groups of intricately decorated human figures stand out as a superlative example of Saharan art The focus of the volume is the most significant art blended into the spectacular landforms of the region We can only imagine the Ennedi landscape at the time the artists were decorating the rock surfaces with their pictograms and petroglyphs but it must have been a sensational sight
