[Run of the Red Queen](#) Dan Breznitz, Michael Murphree, 2011-01-01 Few observers are unimpressed by the economic ambition of China or by the nation's remarkable rate of growth. But what does the future hold? This meticulously researched book closely examines the strengths and weaknesses of the Chinese economic system to discover where the nation may be headed and what the Chinese experience reveals about emerging market economies. The authors find that contrary to popular belief, cutting-edge innovation is not a prerequisite for sustained economic vitality and that China is a perfect case in point. ***The River Runs Deep*** Doug Roy, 2013 The book is an anthology of twenty-six items comprising stories, observations, ideas, and dreams of the author, a retired physician during his lifetime passion of the outdoors. [Love Runs Deep](#) Gail Chianese, 2017-02-21 Active duty is no time for romance, but when two naval officers find themselves in truly close quarters on the USS California, the temptation to fraternize is hard to resist. Can two ambitious sailors follow orders long enough to see if love is on the horizon when they're finally above water? Lieutenant Nic Riley is the only girl in a long-time Navy family, and she's determined to prove she's just as seaworthy as her brothers. When she accepts training for submarine duty, it calls for a celebration, and one incredibly hot guy is happy to party with her all night long. But when Nic boards the sub and finds herself face-to-face with her hunky fling, the idea of spending six months underwater takes on a whole new meaning. Having a girl in every port was Lieutenant Kyle Hutchinson's style until the explosive night he spent with Nic. Dating onboard is firmly off-limits, but Kyle can't get her off his mind, much less out of his vicinity, until a junior seaman's devastating stunt puts Nic's career in danger. Kyle won't let her take the heat alone, even when it means risking his own reputation, but fighting for a future together will be a whole new battle.
