Smith und Richard L. Tierney erwecken in sechs RED SONJA Romanen das prähistorische hyborische Zeitalter das Zeitalter von CONAN dem Barbaren sowie die legendäre Figur der Schwertkämpferin Red Sonja zum Leben farbenprächtig exotisch und erfüllt von Magie Der Apex Verlag veröffentlicht die erstmals von 1981 bis 1983 in den USA und 1985 schließlich in Deutschland erschienenen Romane als durchgesehene und bearbeitete Neuausgaben Women of the Future Betty King, 1984 Following a chapter offering a historical perspective of women characters in science fiction beginning with the 1818 publication of Frankenstein King provides reading lists and annotations of a variety of science fiction series novellas and novels **Medievalist Comics and the American Century** Chris Bishop, 2016-08-25 The comic book has become an essential icon of the American Century an era defined by optimism in the face of change and by recognition of the intrinsic value of democracy and modernization For many the Middle Ages stand as an antithesis to these ideals and yet medievalist comics have emerged and endured even thrived alongside their superhero counterparts Chris Bishop presents a reception history of medievalist comics setting them against a greater backdrop of modern American history From its genesis in the 1930s to the present Bishop surveys the medievalist comic its stories characters settings and themes drawn from the European Middle Ages Hal Foster's Prince Valiant emerged from an America at odds with monarchy but still in love with King Arthur Green Arrow remains the

continuation of a long fascination with Robin Hood that has become as central to the American identity as it was to the British. The Mighty Thor reflects the legacy of Germanic migration into the United States. The rugged individualism of Conan the Barbarian owes more to the western cowboy than it does to the continental knight errant. In the narrative of Red Sonja, we can trace a parallel history of feminism. Bishop regards these comics as not merely happenstance but each success. Prince Valiant and The Mighty Thor or failure. Beowulf, Dragon Slayer as a result and an indicator of certain American preoccupations amid a larger cultural context. Intrinsically modernist paragons of pop culture ephemera. American comics have ironically continued to engage with the European Middle Ages. Bishop illuminates some of the ways in which we use an imagined past to navigate the present and plots some possible futures as we valiantly shape a new century.
