Red Star Over Kabul:

Red Star Over the Third World Vijay Prashad, 2019-04-20 From Cuba to Vietnam from China to South Africa the October Revolution inspired millions of people beyond the territory of Russia The Revolution proved that the masses could not only overthrow autocratic governments but also form an opposing government in their own image The new idea that the working class and the peasantry could be allied combined with the clear strength and necessity of a vanguard party guided multiplying revolutions across the globe This book explains the ideological power of the October Revolution in the Global South From Ho Ch Minh to Fidel Castro to reflections on polycentric Communism and collective memories of Communism it shows how for a brief moment another world was possible It is not a comprehensive study but a small book with a large hope that a new generation will come to see the importance of this revolutionary spirit for the working class and peasantry in the parts of the world that suffered under the heel of colonial domination for centuries **Red Star Over Kabul** Madhav Madane, 1993 The Statesman's Year Book: 1992-93 B. Harrison, 1995-06-29 When the Soviet Union pulled its forces out of Afghanistan the American media had a simple explanation Soviet troops had been hounded out of the mountains by U S armed guerrillas the skies cleared of Soviet aircraft by Stinger missiles until the Kremlin was forced to cry uncle But Diego Cordovez and Selig S Harrison shatter this image Out of Afghanistan shows that the Red Army was securely entrenched when the Soviet Union agreed to withdraw American weaponry and Afghan bravery raised the costs for Moscow but it was six years of skillful diplomacy that gave the Russians a way out Cordovez and Harrison provide the definitive account of the Soviet blunders that led up to the invasion and the bitter struggles over the withdrawal that raged in the Soviet and Afghan Communist parties and the Reagan Administration The authors are particularly well suited to their task Cordovez was the United Nations mediator who negotiated the Soviet pullout and Harrison is a leading South Asia expert with four decades of experience in covering Afghanistan Their story of the U N negotiations is interwoven with a gripping chronicle of the war years complete with palace shootouts in Kabul turf warfare between rival Soviet intelligence agencies and the CIA role in building up Islamic fundamentalist guerrilla leaders at

the expense of Afghan moderates Cordovez opens up his diaries to take us behind the scenes in his negotiations and Harrison draws on interviews with Mikhail Gorbachev former Secretary of State George Shultz and other key actors The result is a book full of surprises For example the authors demonstrate that the Soviets intervened not out of a desire to drive to the Indian Ocean but out of a fear of a U S supported Afghan Tito Rebuffs by hardline bleeders in the Reagan Administration undermined efforts by Yuri Andropov to secure a settlement before his death in 1983 Even more startling Gorbachev resumed the search for a negotiated withdrawal more than a year before the first American supplied Stinger missiles were deployed in the war The Soviet intervention in Afghanistan was one of the pivotal events of recent history Out of Afghanistan destroys many of the myths surrounding the Afghan war and will have a profound impact on the emerging debate over how and why the Cold War ended

world An Absence of Faith: A Tale of Afghanistan Craig Trebilcock, 2024-05-05 Inspired by real world events AN ABSENCE OF FAITH A Tale of Afghanistan is a novel of the collapse of Afghanistan seen through the eyes of two protagonists Daniyal an Afghan army private and Colonel Trevanathan a U S Army officer assigned the Sisyphean task of ending Afghan government corruption Daniyal is a university student in Kabul who is forced into the Afghan army by a military press gang He is starved beaten and watches his friends die from incompetent leadership When he is made the Headquarters clerk for the heartless Command Sergeant Major Mahmood he learns his army s leaders are getting rich from selling their soldiers food and medical supplies Daniyal is torn between the privilege and safety his headquarters job provides versus his complicity in the widespread corruption The second parallel story is the arrival in Kabul of U S Army Colonel William Trevanathan who is to be the Counter Corruption Director for the NATO command in Afghanistan It is November 2015 Trevanathan learns that multiple NATO countries plan to pull out of the war from their frustration with Afghan embezzlement of NATO military aid The domino effect of departing Western allies will likely lose the war against the Taliban as the Afghan military is incapable of fighting on its own Trevanathan s job is to prevent that NATO pullout by ensuring the corrupt Afghan government players are prosecuted despite no Afghan politician or senior military commander having been charged in the past fifteen years The challenge is great enough before Colonel Trevanathan learns his efforts are being undermined by The U S Embassy Both Daniyal and Trevanathan embark on a Kafka esque adventure across the breadth of Afghanistan to save the Afghan people and themselves as they fight to cling to their humanity and beliefs in a war where allies are enemies and yes almost always means no For anyone who has ever wanted clarity why the U S was unable to defeat the Taliban despite spending 2 trillion investing twenty years into building the Afghan National Army and suffering tens of thousands of U S casualties this is the book you ve been waiting for **The Statesman's Year-book** Frederick Martin, Sir John Scott Keltie, Isaac Parker Anderson Renwick, Mortimer Epstein, Sigfrid Henry Steinberg, John Paxton, Brian Hunter (Librarian), Barry Turner, 1984
