Russian Grammar Nevill Forbes, 1916 This book is a practical rather than a scientific grammar It is intended for the use of those students who are working under a teacher able to explain the difficulties of the language to them and also for the use of those who are working at the language by themselves with the object of being able to read it but it does not profess to be an adequate means of teaching anyone working alone how to speak Russian Preface

Russian Pulp Anthony Olcott, 2001 The detektiv Russia's version of the murder mystery has conquered what in Soviet days loved to call itself the most reading nation on earth Most Russians don't read much Tolstoy but they devour the lurid covers and cheap paper of the detektivs by the millions Serials based on the works of two of the most popular authors Andrei Kivinov and Aleksandra Marinina have been hits of the last few TV seasons their characters now a part of Russian everyday life The ubiquity of the detektiv may puzzle Westerners who may conclude that this is a post Soviet import like McDonalds Not so Russia sprouted its own versions of penny dreadfuls as soon as peasants came off the land and learned to read The guardians of Russia's high culture however were enraged by this pulpy popular genre and so contrived under the Soviets to suppress it making everyone read improving and uplifting literature instead Russia's junk readers hung on though snatching up the few detektivs that made their way through censorship until in the Gorbachev era the genre blossomed as the perfect vehicle for social criticism the detektiv talked about social problems in a way that was

exciting enough that people wanted to read it When the Soviet Union finally collapsed one of the few things left standing in the rubble was the detektiv which now is sold on every street corner and read on every bus The first full length study of the genre Russian Pulp demonstrates that the detektiv is no knock off Summarizing and quoting extensively from scores of novels this study shows that Russians understand law breaking and crime policemen and criminals in ways wholly different from those of the West After explaining why solving a crime is always a social function in Russia Russian Pulp examines the staples of crime fiction sex theft and murder to demonstrate that Russians see police officer and criminal thief and victim as part of a single continuum To the Russians both chased and chaser are products of human imperfection separated from one another only by the imperfect laws of human creation What both criminal and policeman seek but seldom find is the much rarer quality of justice Russian Pulp is intended for all students of Russia from those making first acquaintance to those who have worked for years to understand this puzzling country and its people Using the detektiv and its counterpart the many mysteries and thrillers set in Russia but written by Westerners as evidence Russian Pulp demonstrates that Russians and Westerners view the basic issues of crime guilt justice law and redemption in such fundamentally different ways as to make each people incomprehensible to the other At the same time however Russian Pulp also demonstrates that Westerners and Russians alike share a passion for literary gore pulp fiction thrills and the deep furtive pleasures of junk fiction **The**

Romance of Words ... Ernest Weekley,1911 Sphere of Understanding Kalevi Kull,Ekaterina Velmezova,2025-03-17 The book presents dialogues with fourteen highly influential semioticians Juri Lotman Vyacheslav Ivanov Boris Uspenskij Umberto Eco Paolo Fabbri Myrdene Anderson Winfried N th Gunther Kress Roland Posner Stuart Kauffman Jesper Hoffmeyer Terrence Deacon Paul Copley and Jaan Valsiner They have all made a remarkable impact on contemporary research in the Tartu centre of semiotics As well as these remarkable dialogues the first part of the volume features an illuminating sequence of chapters on topics including the importance of dialogues the historical roots and context of semiotics in Tartu since the 19th century plus the main principles formulated in Jakob von Uexk ll s and Juri Lotman s works **Cognitive Perspectives**

on Bilingualism Monika Reif,Justyna A. Robinson,2016-04-25 Only 15 years ago bilingualism was somewhat outside the main debates in cognitive linguistics Cognitive linguistics had to a large extent taken for granted the fact that language is embodied in our experience However not much attention was given to questions of whether any changes to our language repertoire alter the way we perceive the world around us A growing body of recent research suggests that one cannot understand the cognitive foundations of language without looking at bi and multilingual speakers In this vein the present book aims to contribute to the existing debate of the relationship between language culture and cognition by assessing differences and similarities between monolingual and bilingual language acquisition and use In particular it investigates the effect of conceptual semantic and pragmatic properties of constructions on code choice and code switching as well as the impact of bilingual and bicultural education on speakers cognitive development This collective volume systematises reviews

and promotes a range of theoretical perspectives and research techniques that currently inform work across the disciplines of bilingualism and code switching *Word-Formation across Languages* Pavol Štekauer, Salvador Valera, Livia Körtevélyessy, 2017-01-06 Research into cross linguistic aspects and typology of word formation has not been paid relevant and systematic attention by morphologists and only a few articles dealing with various word formation issues of this kind appear in journals The chapters in this volume address this issue by discussing on contrastive principles important questions of word formation in a sample of 26 languages The focus of the book as a whole is on typological features of word formation in the languages sampled It is aimed at researchers that have an interest in word formation in a variety of languages

Multilingualism in Post-Soviet Countries Aneta Pavlenko, 2008 In the past two decades post Soviet countries have emerged as a contested linguistic space where disagreements over language and education policies have led to demonstrations military conflicts and even secession This collection offers an up to date comparative analysis of language and education policies and practices in post Soviet countries **Speech and Computer** Alexey Karpov, Rodmonga Potapova, Iosif Mporas, 2017-09-01 This book constitutes the proceedings of the 19th International Conference on Speech and Computer SPECOM 2017 held in Hatfield UK in September 2017 The 80 papers presented in this volume were carefully reviewed and selected from 150 submissions The papers present current research in the area of computer speech processing recognition synthesis understanding etc and related domains including signal processing language and text processing computational paralinguistics multi modal speech processing human computer interaction Words Like Birds Jenanne Ferguson, 2019-02 What does it mean to speak Sakha in the city Words Like Birds a linguistic ethnography of Sakha discourses and practices in urban far eastern Russia examines the factors that have aided speakers in maintaining and adapting their minority language over the course of four hundred years of contact with Russian speakers and the federal power apparatus Words Like Birds analyzes modern Sakha linguistic sensibilities and practices in the urban space of Yakutsk Sakha is a north Siberian Turkic language spoken primarily in the Sakha Republic Yakutia in the northeastern Russian Federation For Sakha speakers Russian colonization in the region inaugurated a tumultuous history in which their language was at times officially supported and promoted and at other times repressed and discouraged Jenanne Ferguson explores the communicative norms that arose in response to the top down promotion of the Russian language in the public sphere and reveals how Sakha ways of speaking became emplaced in villages and the city s private spheres Focusing on the language ideologies and practices of urban bilingual Sakha Russian speakers Ferguson illuminates the changes that have taken place in the first two post Soviet decades in contexts where Russian speech and communicative norms dominated during the Soviet era Weaving together three major themes language ideologies and ontologies language trajectories and linguistic syncretism this study reveals how Sakha speakers transform and adapt their beliefs evaluations and practices to revalorize a language maintain and create a sense of belonging and make their words heard in Sakha again in many domains of city life Like the

moveable spirited words the focus of Words Like Birds is mobility change and flow the tracing of the situation of bilinguals in Yakutsk
