Poetry and the Leningrad Religious-Philosophical Seminar 1974-1980 Josephine von Zitzewitz, 2016-05-12 The Religious Philosophical Seminar meeting in Leningrad between 1974 1980 was an underground study group where young intellectuals staged debates read poetry and circulated their own typewritten journal called 37 The group and its journal offered a platform to poets who subsequently entered the canon of Russian verse such as Viktor Krivulin 1944 2001 and Elena Shvarts 1948 2010 Josephine von Zitzewitz's new study focuses on the Seminar's identification of culture and spirituality which allowed Leningrad's unofficial culture to tap into the spirit of Russian modernism as can be seen in 37 This book is thus a study of a major current in twentieth century Russian poetry and an enquiry into the intersection between literary and spiritual concerns But it also presents case studies of five poets from a

World War II in Andreï Makine's Historiographic Metafiction Helena Duffy, 2018-04-17 Can it be ever possible to write about war in a work of fiction asks a protagonist of one of Makine's strongly metafictional and intensely historical novels Helena Duffy's *World War II in Andre Makine's Historiographic Metafiction* redirects this question at the Franco Russian author's fiction itself by investigating its portrayal of Soviet involvement in the struggle against Hitler To write back into the history of the Great Fatherland War its unmourned victims invalids Jews POWs women or starving Leningraders is the self acknowledged ambition of a novelist committed to the postmodern empowerment of those hitherto silenced by dominant historiographies Whether Makine succeeds at giving voice to those whose suffering jarred with the triumphalist narrative of the war concocted by Soviet authorities is the central concern of Duffy's book

Soft Matter Julia Vaingurt, 2025-01-15 Identifies and examines a poetics of weakness in Soviet underground literature Artists of the late Soviet era sought new nonconformist ways of approaching literary fiction arriving at weakness as a crucial principle of narrative and character formation Julia Vaingurt argues that this counter discourse of strategic weakness constituted both an aesthetic strategy and an ethical code affording like minded authors a feeling of recognition and commonality and uniting an international community of artists in resistance to the divisiveness of their worlds *Soft Matter The Poetics of Weakness in Late Soviet Socialism* explores the cultivation of weak subjectivity through modes such as gender subversion queer holy foolishness intoxication madness and writing disorders like graphomania and writer's block Identifying the poetics of weakness as formative for Soviet underground literature of the 1960s and 70s Vaingurt also traces the inheritance of a far older tradition within Russian culture of salutary weakness As democratic deliberation continues to be under threat around the world alternatives to the ubiquitous politics of force are an aesthetic ethical and ideological imperative

Transfiction Klaus Kaindl, Karlheinz Spitzl, 2014-01-28 This volume on Transfiction understood as an aestheticized imagination of translatorial action recognizes the power of fiction as a vital and pulsating academic resource and in doing so helps expand the breadth and depth of TS The book covers a selection of peer reviewed papers from the 1st International Conference on Fictional Translators and Interpreters in Literature and Film held at the University of Vienna Austria in 2011 and links literary and cinematic works of translation fiction to state of the art translation theory and practice It presents not just a mixed bag of cutting edge views and perspectives but great care has been taken to turn it into a well rounded transficcionario with a fluid dialogue among its 22 chapters Its investigation of translatorial action in the mirror of fiction i e beyond the cognitive barrier of fact and its multiple transdisciplinary trajectories make for thought provoking readings in TS comparative literature as well as foreign language and literature courses *Literature in Post-communist Russia and*

Eastern Europe Rajendra A. Chitnis, 2005 This book considers Russian Czech and Slovak fiction in the late communist and early post communist periods It focuses on the most innovative trend to emerge in this period on those writers who during and after the collapse of communism characterised themselves as liberators of literature It shows how these writers in their fiction and critical work reacted against the politicisation of literature by Marxist Leninist and dissident ideologues rejecting the conventional perception of literature as moral teacher and redefining the nature and purpose of writing The book demonstrates how this quest enacted in the works of these writers served for many critics and readers as a metaphor for the wider disorientation and crisis precipitated by the collapse of communism **The absurd in literature** Neil

Cornwell, 2013-07-19 Neil Cornwell's study while endeavouring to present an historical survey of absurdist literature and its forbears does not aspire to being an exhaustive history of absurdism Rather it pauses on certain historical moments artistic movements literary figures and selected works before moving on to discuss four key writers Daniil Kharmis Franz Kafka Samuel Beckett and Flann O'Brien The absurd in literature will be of compelling interest to a considerable range of students of comparative European including Russian and Central European and English literatures British Isles and American as well

as those more concerned with theatre studies the avant garde and the history of ideas including humour theory It should also have a wide appeal to the enthusiastic general reader **Preserving Petersburg** Helena Goscilo, Stephen M.

Hashamova, 2010-03-30 This wide ranging collection investigates the father son dynamic in post Stalinist Soviet cinema and its Russian successor Contributors analyze complex patterns of identification disavowal and displacement in films by such diverse directors as Khutsiev Motyl Tarkovsky Balabanov Sokurov Todorovskii Mashkov and Bekmambetov Several chapters focus on the difficulties of fulfilling the paternal function while others show how vertical and horizontal male bonds are repeatedly strained by the pressure of redefining an embattled masculinity in a shifting political landscape

Unvarnishing Reality Derek C. Maus, 2012-10-15 Unvarnishing Reality draws original insight to the literature politics history and culture of the cold war by closely examining the themes and goals of American and Russian satirical fiction As Derek C Maus illustrates the paranoia of nuclear standoff provided a subversive storytelling mode for authors from both nations including Thomas Pynchon Robert Coover John Barth Walker Percy Don DeLillo Kurt Vonnegut Jr Vasily Aksyonov Yuz Aleshkovsky Alexander Zinoviev Vladimir Voinovich Fazil Iskander and Sasha Sokolov Maus surveys the background of each nation s culture language sociology politics and philosophy to map the foundation on which cold war satire was built By highlighting common themes of utopianism technology and propaganda Maus effectively shows the ultimate motive of satirists on both sides was to question the various forces contributing to the cold war and to expose the absurdity of the

continuous tension that pulsed between the United States and the Soviet Union for nearly half a century Although cold war literature has been studied extensively few critics have focused so keenly on comparisons of satirical fictions by Russian and American writers that condemn and subvert the polarizing ideologies inherent in superpower rivalry Such a comparison reveals thematic and structural similarities that transcend specific national and cultural origins In considering these works together Maus locates a thoroughgoing humanistic refutation of the cold war and its operative doctrines as well as a range of proposed alternatives Just as the cold war combatants ultimately reconciled in 1991 with the fall of the Soviet Union Maus seeks to bring these two literary canons together now Their thematic scope transcends cultural differences and as Maus demonstrates these writers saw that there was not only the atomic bomb to fear but also the dangers of complete national militarization and the constant polarizing threat of emergency Thus their cold war critiques still resonate today and invite further comparative studies such as this one
