Russian Religious Thought Hardcover:

Faith and Science in Russian Religious Thought Teresa Obolovitch, 2019-05-09 Faith and Science in Russian Religious Thought provides a comprehensive analysis of the relationship between science and faith in Russian religious thought Teresa Obolovitch offers a synthetic approach on the development of the problem throughout the whole history of Russian thought starting from the medieval period and arriving in contemporary times She considers the relationship between science and religion in the eighteenth century the so called academic philosophy of the 19th and 20th century the thought of Peter Chaadaev the Slavophiles and in the most influential literature figures such as Fedor Dostoevsky and Lev Tolstoy The volume also analyses two channels of the formation of philosophy in the context of the relationship between theology and science in Russia The first is connected with the attempt to rationalize the truths of faith and is exemplified by Vladimir Soloviev and Nikolai Lossky the second with the apophatic tradition is presented by Pavel Florensky and Semen Frank The book then describes the relation to scientific knowledge in the thought of Lev Shestov Nikolai Berdyaev Sergius Bulgakov and Alexei Losev as well as the original project of Russian Cosmism on the examples of Nikolai Fedorov Konstantin Tsiolkovsky and Vladimir Vernadsky Obolovitch presents the current state of the discussion on this topic by paying attention to the Neoplatonic synthesis of Georges Florovsky and his followers and offers the brief comparative analysis of the relationship between science and religion from the Western and Russian perspectives **Ultimate Questions**, 1965 **Visual**

Thought in Russian Religious Philosophy Clemena Antonova, 2019-08-30 This book considers a movement within Russian religious philosophy known as full unity vseindstvo with a focus on one of its main representatives Pavel Florensky 1882-1937 Often referred to as the Russian Leonardo Florensky was an important figure of the Russian religious renaissance around the beginning of the twentieth century This book shows that his philosophy conceptualized in his theory of the icon brings together the problem of the religious turn and the pictorial turn in modern culture as well as contributing to contemporary debates on religion and secularism Organized around the themes of full unity and visuality the book examines Florensky's definition of the icon as energetic symbol drawing on St Gregory Palamas before offering a theological reading of Florensky's theory of the pictorial space of the icon It then turns to Florensky's idea of space in the icon as Non Euclidean Finally the icon is placed within wider debates provoked by Bolshevik cultural policy which extend to current discussions concerning religion modernity and art Offering an important contribution from Russian religious philosophy to issues of contemporary modernity this book will be of interest to scholars of religious philosophy Russian studies theology and the arts and the medieval icon Eros and Creativity in Russian Religious Renewal Anna Lisa Crone, 2010 Eros and Creativity in Russian Religious Renewal explores a tradition of sublimation and the theories of creativity in works of the four greatest Russian religious thinkers Solovyov Rozanov Berdyaev and Vysheslatsev Crone's study adds what is missing to the few books that currently exist about the use of psychoanalysis in Russia It shows how the sexual theories of creativity sublimation of

Solovyov and Rozanov led to the concepts of Berdyaev and Vysheslatsev *Ultimate Questions* Aleksandr Shmeman, 1965
Ultimate Questions is an invitation to discover a living body of ideas that are still disputed and defended quietly in the USSR
more openly in the West Most of the selections have never before appeared in English Includes short biographies of authors

The Living Church, 1964 **Beyond Modernity** Artur Mrowczynski-Van Allen, Teresa Obolevitch, Pawel
Rojek, 2016-10-11 Post secularism is the fundamental evidence of the end of modernity Modernity as sleeping reason in
Francisco Goya's painting realizes that although it thought that it was awake it was producing monsters We try to analyze
post secular philosophy from the point of view of Russian religious thought We believe that such philosophers as Vladimir
Soloviev Pavel Florensky Sergey Bulgakov Nikolai Berdyaev Georges Florovsky and Semen Frank may be helpful for
understanding and overcoming post secular order Their unique views on the relations between religion and philosophy
science and social life are apparently missing in the current Western debates It seems to us that Russian religious philosophy
becomes surprisingly up to date and attractive in the contemporary world We hope that the present volume will be a
significant step forward in the inclusion of the heritage of Russian religious philosophy in contemporary debates **Ideas
Against Ideocracy** Mikhail Epstein, 2021-09-09 Winner of the Aldo and Jeanne Scaglione Prize for Studies in Slavic
Languages and Literatures awarded by the Modern Languages Association This groundbreaking work by one of the world's
foremost theoreticians of culture and scholars of Russian philosophy gives for the first time a systematic examination of the
development of Russian philosophy during the late Soviet period Countering the traditional view of an intellectual wilderness
under the Soviet regime Mikhail Epstein provides a comprehensive account of Russian thought of the second half of the 20th
century that is highly sophisticated without losing clarity It provides new insights into previously mostly ignored areas such
as late Soviet Russian nationalism and Eurasianism religious thought cosmism and esoterism and postmodernism and
conceptualism Epstein shows how Russian philosophy has long been trapped in an intellectual prison of its own making as it
sought to create its own utopia However he demonstrates that it is time to reappraise Russian thought now freed from the
bonds of Soviet totalitarianism and ideocracy but nevertheless dangerously engaged into new nationalist aspirations and
metaphysical radicalism We are left with not only a new and exciting interpretation of recent Russian intellectual history but
also the opportunity to rethink our own philosophical heritage **Pro Ecclesia**, 2002 **The Meaning of Life** S. L.
