

Russian Revolution 1917

David R. Marples

Russian Revolution 1917:

From Tsar To Soviets Christopher Reed,2005-11-10 Written from the perspective of the factory worker and peasant at the ground level this study of Russia during the Revolution 1917 21 aims to shed light on the realities of living through and participating in these tumultuous events The book is intended for undergraduate courses in history Soviet studies and politics

The Russian Revolution Ronald Kowalski,2005-08-09 The collapse of the Soviet Union in 1991 has provided fresh perspectives from which to view the Revolution out of which it grew The Russian Revolution 1917 1921 by Ronald Kowalski reviews the ever changing debate on the nature of the Russian Revolution This collection of documents and sources includes newspapers memoirs and literature commentary and background information of each source a narrative of the major events of the period new material made available since the policy of glasnost a re examination of World War One and the Revolution focus on thematic issues such as the actions of peasants and workers For students of European history this will provide interesting and informative reading on this major event in Russia s turbulent past

The Russian Revolution, 1917-1921 William Henry Chamberlin,1952 *Lenin's Revolution* David R. Marples,2014-06-06 This study examines one of the key events in history the Russian Revolution Since the late Gorbachev period a wealth of new material has become available to historians that has triggered intense scholarly debate on the nature of revolution This timely new book takes account of the new scholarship including for example the role of Lenin It is argued that the initial flexibility of Lenin and the Bolshevik party allowed them to take power but that the conduct of both changed considerably once they were obliged to take steps to maintain their authority This book charts the February Revolution the October Revolution the Civil War and the main individuals involved giving a remarkable degree of clarity to the tumultuous events in Russia whose consequences the world lived with for the rest of the twentieth century

The Russian Revolution S. A. Smith,2002-02-21 This Very Short Introduction provides an analytical narrative of the main events and developments in Soviet Russia between 1917 and 1936 It examines the impact of the revolution on society as a whole on different classes ethnic groups the army men and women youth Its central concern is to understand how one structure of domination was replaced by another The book registers the primacy of politics but situates political developments firmly in the context of massive economic social and cultural change Since the fall of Communism there has been much reflection on the significance of the Russian Revolution The book rejects the currently influential liberal interpretation of the revolution in favour of one that sees it as rooted in the contradictions of a backward society which sought modernization and enlightenment and ended in political tyranny ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

SEC Monthly Statistical Review ,1987 **The Russian Revolution 1917** Nick Shepley,2016-07-11 In the third year of the First World

War The Russian Empire experienced a year of revolutionary turmoil that saw the fall of the emperor Tsar Nicholas II This was followed by the creation of an interim government which in turn was overthrown by an extreme revolutionary socialist regime in October that year By the end of 1917 a government that would rule Russia as a dictatorship for most of the rest of the 20th Century was firmly in power and its establishment would have profound implications for the rest of Russian and 20th Century history However the revolution was not simply the product of short term events instead it developed from long term problems and challenges from within Russia which the government of the tsars was incapable of controlling The purpose of this ebook is to focus closely on the revolutionary year of 1917 and explain why not just one but two governments fell in that year It will also examine how and why the Bolsheviks a revolutionary socialist party came to power Firstly however we must explore the long term causes of the Russian Revolution which stretch back deep into Russian history This ebook also features advice on source based questions and a section on historical interpretations of the Russian Revolution

The Russian Revolution, 1917 Rex A. Wade,2005-04-21 Rex Wade presents an account of one of the pivotal events of modern history combining his own long study of the revolution with the best of contemporary scholarship Within an overall narrative that provides a clear description of the 1917 revolution he introduces several new approaches on its political history and the complexity of the October Revolution Wade clears away many of the myths and misconceptions that have clouded studies of the period He also gives due space to the social history of the revolution and incorporates people and places too often left out of the story including women national minority peoples and peasantry front soldiers enabling a more complete history to emerge The 2005 second edition of this highly readable book has been thoroughly revised and expanded It will prove invaluable reading to anyone interested in Russian history

The Russian Revolution, 1917 Jim Whiting,2020-02-04 For centuries ordinary Russians lived under the absolute power of the czars the country's hereditary rulers For many such a life involved few rights and grinding poverty The Russian people increasingly wanted a greater voice in the way they were governed and a higher standard of living These desires put pressure on the government of the czars The civil unrest finally came to a head in 1917 The last czar Nicholas II was overthrown in what History calls the Russian Revolution But the government still wasn't stable Russians realized they had no more freedom under the new communist government than they had had under the czars Find out about the events that led up to the Russian Revolution one of the landmark events of the twentieth century and the decades of conflict that followed

The Russian Revolution Sheila Fitzpatrick,1984 Now in a new edition this provocative highly readable work presents a fascinating look at events that culminated in the Russian Revolution Focusing on the Revolution in its widest sense Sheila Fitzpatrick covers not only the events of 1917 and what preceded them but the social transformations brought about by the Bolsheviks

Inside the Russian Revolution Mrs. Rheta Childe Dorr,Rheta Childe Dorr,1917

Russian Revolution of 1917 Sean N. Kalic,Gates M. Brown,2023 Combining reference entries and examination of primary documents from the Russian Revolution this book

gives students a better understanding of how and why political forces fought to reshape the Russian empire 100 years ago and provides keen insights into the Soviet Union that resulted. This invaluable reference guide provides an understanding of the social, political, and economic forces and events in Russia that led to the 1905 Russian Revolution, in which leftists and radicals disposed of the Czar and his regime. It addresses key developments such as the formation of the provisional government, the Bolshevik Revolution in October 1917, and the Russian Civil War, connected evolutionary historical events that fundamentally reshaped Russia into the Soviet Union. This book serves students and general readers seeking a single source that provides in-depth coverage of the Russian Revolution and the Russian Civil War. Beyond the reference entries, the book contains primary documents that cover the key events, people, and issues that emerged during Russia's revolutions and Civil War. These documents give readers a more detailed understanding of how the Bolsheviks used calls for greater democracy to gain support for their revolution, how the Bolsheviks used terror and control as means to maintain their power once the Bolshevik Revolution took place, and why the Bolsheviks believed such extreme measures were needed. Also included is a chronology of major events from 1890 through 1923 and a bibliography that serves as a starting point for more directed research.

[The Russian Revolution and Civil War 1917-1921](#) Jonathan Smele, 2006-04-15 The Russian Revolution and Civil War in the years 1917 to 1921 is one of the most widely studied periods in history. It is also somewhat inevitably one that has generated a huge flow of literature in the decades that have passed since the events themselves. However, until now, historians of the revolution have had no dedicated bibliography of the period and little claim to bibliographical control over the literature. *The Russian Revolution and Civil War 1917-1921* offers for the first time a comprehensive bibliographical guide to this crucial and fascinating period of history. The Bibliography focuses on the key years of 1917 to 1921, starting with the February Revolution of 1917 and concluding with the 10th Party Congress of March 1921, and covers all the key events of the intervening years. As such, it identifies these crucial years as something more than simply the creation of a communist state.

The Russian Revolution Sean McMeekin, 2017-05-30 A powerful revisionist history. *Times UK* illuminating the tensions and transformations of the Russian Revolution. In *The Russian Revolution*, acclaimed historian Sean McMeekin traces the events which ended Romanov rule, ushered the Bolsheviks into power, and introduced Communism to the world. Between 1917 and 1922, Russia underwent a complete and irreversible transformation. Taking advantage of the collapse of the Tsarist regime in the middle of World War I, the Bolsheviks staged a hostile takeover of the Russian Imperial Army, promoting mutinies and mass desertions of men in order to fulfill Lenin's program of turning the imperialist war into civil war. By the time the Bolsheviks had snuffed out the last resistance five years later, over 20 million people had died, and the Russian economy had collapsed so completely that Communism had to be temporarily abandoned. Still, Bolshevik rule was secure, owing to the new regime's monopoly on force, enabled by illicit arms deals signed with capitalist neighbors such as Germany and Sweden, who sought to benefit politically and economically from the revolutionary chaos in Russia. Drawing on scores of previously

untapped files from Russian archives and a range of other repositories in Europe Turkey and the United States McMeekin delivers exciting groundbreaking research about this turbulent era The first comprehensive history of these momentous events in two decades The Russian Revolution combines cutting edge scholarship and a fast paced narrative to shed new light on one of the most significant turning points of the twentieth century Russian Revolution of 1917 Sean N. Kalic,Gates M. Brown,2017-09-21 Combining reference entries and examination of primary documents from the Russian Revolution this book gives students a better understanding of how and why political forces fought to reshape the Russian empire 100 years ago and provides keen insights into the Soviet Union that resulted This invaluable reference guide provides an understanding of the social political and economic forces and events in Russia that led to the 1905 Russian Revolution in which leftists radicals disposed of the Czar and his regime It addresses key developments such as the formation of the provisional government the Bolshevik Revolution in October 1917 and the Russian Civil War connected evolutionary historical events that fundamentally reshaped Russia into the Soviet Union This book serves students and general readers seeking a single source that provides in depth coverage of the Russian Revolution and the Russian Civil War Beyond the reference entries the book contains primary documents that cover the key events people and issues that emerged during Russia s revolutions and Civil War These documents give readers a more detailed understanding of how the Bolsheviks used calls for greater democracy to gain support for their revolution how the Bolsheviks used terror and control as means to maintain their power once the Bolshevik Revolution took place and why the Bolsheviks believed such extreme measures were needed Also included is a chronology of major events from 1890 through 1923 and a bibliography that serves as a starting point for more directed research *The Russian Revolution* William H. Chamberlin,1957 **The Russian Revolution and the Soviet State 1917-1921** Martin McCauley,1975 *British Labour and the Russian Revolution, 1917-1924* Stephen Richards Graubard,1956 *The Russian Revolution 1917* Neil Mater,2021-04-14 The Russian Revolution of 1917 involved the collapse of an empire under Tsar Nicholas II and the rise of Marxian socialism under Lenin and his Bolsheviks It sparked the beginning of a new era in Russia that had effects on countries around the world This book examines the history of some of the 20th century s most seminal events Along with pictures depicting important people places and events you will learn about the Russian Revolution like never before The Russian Revolution Nikolai Nikolaevič Sukhanov,1984

Eventually, you will unquestionably discover a further experience and endowment by spending more cash. nevertheless when? realize you endure that you require to get those every needs with having significantly cash?
