**The Russian Revolution** Sean McMeekin, 2017-05-30 A powerful revisionist history Times UK illuminating the tensions and transformations of the Russian Revolution In The Russian Revolution acclaimed historian Sean McMeekin traces the events which ended Romanov rule ushered the Bolsheviks into power and introduced Communism to the world Between 1917 and 1922 Russia underwent a complete and irreversible transformation Taking advantage of the collapse of the Tsarist regime in the middle of World War I the Bolsheviks staged a hostile takeover of the Russian Imperial Army promoting mutinies and mass desertions of men in order to fulfill Lenin's program of turning the imperialist war into civil war By the time the Bolsheviks had snuffed out the last resistance five years later over 20 million people had died and the Russian economy had collapsed so completely that Communism had to be temporarily abandoned Still Bolshevik rule was secure owing to the new regime's monopoly on force enabled by illicit arms deals signed with capitalist neighbors such as Germany and Sweden who sought to benefit politically and economically from the revolutionary chaos in Russia Drawing on scores of previously untapped files from Russian archives and a range of other repositories in Europe Turkey and the United States McMeekin delivers exciting groundbreaking research about this turbulent era The first comprehensive history of these momentous events in two decades The Russian Revolution combines cutting edge scholarship and a fast paced narrative to shed new light on one of the most significant turning points of the twentieth century **(vol. **Revolutionary Russia** Rex A. Wade, 2004-07-31 This collection presents the major recent writings on the Russian Revolution and its context It brings together key texts to illustrate new interpretive approaches and covers the central topics and themes Together the chapters in this volume form a coherent representation of both the events and the theories and debates that relate to them Soviet State and Society Between Revolutions, 1918-1929 Lewis H. Siegelbaum, 1992-08-20 The evolution of the ruling Communist Party and its New Economic Policy is explored in the first book to analyze the relationship between the Soviet state and society from 1917 through the early 1930s through the changing fortunes of its peoples **Catalogue of European Books, 1918-1919** 俄國革命史. 俄國革命, 1920 **The Russian Revolution and Civil War 1917-1921** Jonathan Smele, 2006-04-15 The Russian Revolution and Civil War in the years 1917 to 1921 is one of the most widely studied periods in history It is also somewhat inevitably one that has generated a huge flow of literature in the decades that have passed since the events themselves However until now historians of the revolution have had no dedicated bibliography of the period and little claim to bibliographical control over the literature The Russian Revolution and Civil War 1917-1921 offers for the first time a comprehensive bibliographical guide to this crucial and fascinating period of history The

Bibliography focuses on the key years of 1917 to 1921 starting with the February Revolution of 1917 and concluding with the 10th Party Congress of March 1921 and covers all the key events of the intervening years As such it identifies these crucial years as something more than simply the creation of a communist state     The Bloomsbury Handbook of the Russian Revolution Geoffrey Swain,Charlotte Alston,Michael C. Hickey,Boris Kolonitskii,Franziska Schedewie,2022-12-15 Through 30 interpretative essays The Bloomsbury Handbook of the Russian Revolution sees an international team of leading scholars comprehensively examine Russia s revolutionary years In the wake of the 2017 centenary this handbook is the first reference point for anyone wishing to learn more about the changes which took place in Russia between 1917 and 1921 and subsequently the 20th century Split into six sections covering political crises politicians and parties social groups identities regions and peoples and civil war the volume covers the collapse of Tsarism and the February Revolution the emergence of the Provisional Government and major historical figures such as Lenin Kerensky and the Socialist Revolutionary leader Viktor Chernov It also explores the events surrounding the Bolshevik seizure of power in October 1917 the first year of Soviet Government until the Bolshevik dictatorship was established and the impact on Russia of the subsequent civil war The focus is broader than these issues of high politics however since this handbook also considers events in the provinces as well as revolutionary Petrograd and examines the social impact of the revolution in terms of class gender age and culture     *The Johns Hopkins University Studies in Historical and Political Science* ,1922     **The "Russian" Civil Wars, 1916-1926** Jonathan Smele,2016-01-15 This volume offers a comprehensive and original analysis and reconceptualisation of the compendium of struggles that wracked the collapsing Tsarist empire and the emergent USSR profoundly affecting the history of the twentieth century Indeed the reverberations of those decade long wars echo to the present day not despite but because of the collapse of the Soviet Union which re opened many old wounds from the Baltic to the Caucasus Contemporary memorialising and de memorialising of these wars therefore form part of the book s focus but at its heart lie the struggles between various Russian political and military forces which sought to inherit and preserve or even expand the territory of the tsars overlain with examinations of the attempts of many non Russian national and religious groups to divide the former empire The reasons why some of the latter were successful Poland and Finland for example while others Ukraine Georgia and the Muslim Basmachi were not are as much the author s concern as are explanations as to why the chief victors of the Russian Civil Wars were the Bolsheviks Tellingly the work begins and ends with battles in Central Asia a theatre of the Russian Civil Wars that was closer to Mumbai than it was to Moscow     *Handbook of Research on the Global Political Economy of Work* Maurizio Atzeni,Dario Azzellini,Alessandra Mezzadri,Phoebe Moore,Ursula Apitzsch,2023-10-06 This ground breaking Handbook broadens empirical and theoretical understandings of work work relations and workers It advances a global intersectional labour studies agenda laying the foundations for the politically emancipatory project of decolonising the political economy of work     *Encyclopedia of Twentieth-Century Photography, 3-Volume Set* Lynne
