**The Authentic Magic Flute Libretto** Michael Freyhan, 2009-10-26 Shortly after Wolfgang Amadeus Mozart's death his widow Constanze sent a manuscript copy of one of his most beloved operas *Die Zauberflöte* to the court of the Elector of Cologne It was eventually published by Nicolaus Simrock in 1814 as the first full score edition However the question still

remains as to why this early copy in her possession diverges from Mozart's autograph in so many libretto details. The Authentic Magic Flute Libretto: Mozart's Autograph or the First Full Score Edition investigates the origin and claim to authenticity of the first full score edition of Die Zauberflöte, drawing attention to the close bond between words and music. Michael Freyhan brings the subtlety of the first edition word setting to the attention of scholars, musicians, and opera lovers, setting out the evidence for its authenticity and detailing the quest pursued in 15 countries for the earliest possible historical sources. Freyhan examines the differences between the first edition and the autograph, discussing the quality of the word setting supported by 32 musical examples and evaluating the relationship of the two texts in terms of language and literature. The following chapters discuss the early history of the autograph, focusing on four alleged owners, its market value, and the misleading catalogue numbering systems seen on the first page. Details of the performance and publication history of the first edition text are followed by a new perspective on the disputed authorship of the libretto in light of the possible existence of two authentic texts. A concluding chapter discusses Mozart's sketches and working methods, while an appendix traces the character and career of Karl Ludwig Giesecke, one of the writers who claimed ownership of the opera's libretto. The book also includes several photos and the complete first edition libretto in German and with literal English translation, providing a side by side text comparison with the autograph text. **Nikolay Andreevich Rimsky-Korsakov** Gerald Seaman, 2014-12-17

**Nikolay Andreevich Rimsky-Korsakov** A Research and Information Guide, Second Edition, is an annotated bibliography of all substantial relevant published resources relating to the Russian composer. First published in 1988, this revised and expanded volume incorporates new information about the composer appearing over the last two decades, including literary publications, articles, and reviews. Other sections provide a brief biographical sketch, selective discography, chronology, and list of Rimsky-Korsakov's works. Pëtr Il'ich Tchaikovsky Gerald R. Seaman, 2019-08-23

Pëtr Il'ich Tchaikovsky A Research and Information Guide is an annotated bibliography of substantial relevant published resources relating to the Russian composer. Generally regarded as one of the most remarkable composers of the second half of the nineteenth century, Tchaikovsky is unique in that he was the first outstanding Russian composer to receive a professional musical education, being one of the first students to graduate from the newly opened St. Petersburg Conservatory. Composer of six symphonies, concertos, orchestral works, eight major operas, three ballets, and many chamber, keyboard, and vocal works, he also composed important sacred music, which is currently being reassessed by contemporary Russian musicologists who are able to examine materials previously restricted or inaccessible during the Soviet period. Like his colleagues in St. Petersburg, Tchaikovsky was deeply interested in Russian folk song, which plays an important part in his works. This volume evaluates the major studies written about the composer, incorporating new information that has appeared in literary publications, articles, and reviews. **The**
