Russian Lawyers The Soviet State:

Russian Lawyers and the Soviet State Eugene Huskey, 2014-07-14 This study traces the development of the Soviet Bar through periods of legal nihilism and legal revival to its final integration into the Soviet order at the end of the 1930s a story of uncertainty and conflict in the Bolshevik ranks over the role of the lawyer under socialism and one of resistance to Soviet power by a profession jealous of its own autonomy Originally published in 1986 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Russian Lawyers and the Soviet State Eugene Huskey, **Bolshevik Visions** William G. Rosenberg, 1990 The first volume of a collection of writings by early Soviet critics and theorists *Law and the Russian State* William E. Pomeranz, 2018-12-27 Russia is often portrayed as a regressive even lawless country and yet the Russian state has played a major role in shaping and experimenting with law as an instrument of power In *Law and the Russian State* William E. Pomeranz examines Russia's legal evolution from Peter the Great to Vladimir Putin addressing the continuities and disruptions of Russian law during the imperial Soviet and post Soviet The book covers key themes including Law and empire Law and modernization The politicization of law The role of intellectuals and dissidents in mobilizing the law The evolution of Russian legal institutions The struggle for human rights The rule of law The quest to establish the law based state It also analyzes legal culture and how Russians understand and use the law With a detailed bibliography this is an important text for anyone seeking a sophisticated understanding of how Russian society and the Russian state have developed in the last 350 years *Soviet State and Society Between Revolutions, 1918-1929* Lewis H. Siegelbaum, 1992-08-20 The evolution of the ruling Communist Party and its New Economic Policy is explored in the first book to analyze the relationship between the Soviet state and society from 1917 through the early 1930s through the changing fortunes of its peoples **A Companion to the Russian Revolution** Daniel Orlovsky, 2020-08-17 A compendium of original essays and contemporary viewpoints on the 1917 Revolution The Russian revolution of 1917 reverberated throughout an empire that covered one sixth of the world It altered the geo political landscape of not only Eurasia but of the entire globe The impact of this immense event is still felt in the present day The historiography of the last two decades has challenged conceptions of the 1917 revolution as a monolithic entity the causes and meanings of revolution are many as is reflected in contemporary scholarship on the subject A Companion to the Russian Revolution offers more than thirty original essays written by a team of respected scholars and historians of 20th century Russian history Presenting a wide range of contemporary perspectives the Companion discusses topics including the dynamics of violence in war and revolution Russian political parties the transformation of the Orthodox

church Bolshevism Liberalism and more Although primarily focused on 1917 itself and the singular Revolutionary experience in that year this book also explores time periods such as the First Russian Revolution early Soviet government the Civil War period and even into the 1920 s Presents a wide range of original essays that discuss Brings together in depth coverage of political history party history cultural history and new social approaches Explores the long range causes influence on early Soviet culture and global after life of the Russian Revolution Offers broadly conceived contemporary views of the revolution largely based on the author s original research Links Russian revolutions to Russian Civil Wars as concepts A Companion to the Russian Revolution is an important addition to modern scholarship on the subject and a valuable resource for those interested in Russian Late Imperial or Soviet history as well as anyone interested in Revolution as a global phenomenon

Counsel in the Caucasus: Professionalization and Law in Georgia Christopher P. M. Waters, 2013-12-14 This book traces the development of the rule of law in Georgia since its independence and speculates on its future direction It does so by focusing on changes in the legal profession after 1991 Intriguingly the book which is based on extensive field work concludes that culture and informal regulation are key to understanding how Georgian lawyers are governed or rather govern themselves Indeed for several years after independence from the Soviet Union there was no functioning law on attorneys informal regulation based on the importance of reputation and networks was the only sort of regulation Other topics addressed in the book include Georgia s legal history its current human rights situation theories of professionalization and the link between law and development The book also compares the Georgian experience to that country s South Caucasian neighbors Armenia and Azerbaijan thus rounding the book out as a regional study *The Foundations of Russian Law*

Marianna Muravyeva, 2023-04-06 This accessible text explains how Russian law works in all its principal areas It elucidates the main concepts and frameworks behind Russian law and uses original legal sources and case law to explain how it operates in practice The contributors all of whom are leading experts on Russian law employ original research to further knowledge of the Russian legal profession legal culture judiciary and court systems providing a scholarly and practical account of Russian law for students and scholars alike It is essential reading for anyone seeking a deeper understanding of the subject **Russian Review**, 1925 **The Russian Revolution and Civil War 1917-1921** Jonathan Smele, 2006-04-15

The Russian Revolution and Civil War in the years 1917 to 1921 is one of the most widely studied periods in history It is also somewhat inevitably one that has generated a huge flow of literature in the decades that have passed since the events themselves However until now historians of the revolution have had no dedicated bibliography of the period and little claim to bibliographical control over the literature The Russian Revolution and Civil War 1917 1921 offers for the first time a comprehensive bibliographical guide to this crucial and fascinating period of history The Bibliography focuses on the key years of 1917 to 1921 starting with the February Revolution of 1917 and concluding with the 10th Party Congress of March 1921 and covers all the key events of the intervening years As such it identifies these crucial years as something more than

simply the creation of a communist state *ABA Journal* ,1959-03 The ABA Journal serves the legal profession Qualified recipients are lawyers and judges law students law librarians and associate members of the American Bar Association

Russian Pluralism U. Ra'anani, K. Armes, K. Martin, 2016-04-30 The dissolution of the U S S R marked also the end of the communist system However its replacement by a working democracy is not assured First a civil society built upon a pluralistic infrastructure has to be established This requires the achievement of a law based state pluralism in the political media an unshackled media and freedom of religion The distinguished experts in these fields brought together in this book question whether such an infrastructure is firm enough as yet to preclude reversion to an authoritarian system Current events in Russia form an experiment of incalculable importance to the future of the international system *Russian Pluralism Now Irreversible* offers a lucid stimulating assessment of the experiment s chances for success *Lawyers in 21st-Century Societies* Richard L Abel, Ole Hammerslev, Hilary Sommerlad, Ulrike Schultz, 2020-04-02 The world s legal professions have undergone dramatic changes in the 30 years since publication of the landmark three volume *Lawyers in Society* which launched comparative sociological studies of lawyers This is the first of two volumes in which scholars from a wide range of disciplines countries and cultures document and analyse those changes The present volume presents reports on 46 countries with broad coverage of North America Western Europe Latin America Asia Australia North Africa and the Middle East sub Saharan Africa and former communist countries These national reports address the impact of globalisation and neoliberalism on national legal professions the relationship of lawyers and their professional associations to the state and tensions between state and citizenship changes in lawyer demography rapidly growing numbers and the profession s efforts to retain control the entry of women and obstacles to full gender equality ethnic diversity legal education the proliferation of institutions and pedagogic innovation the regulation of lawyers structures of production especially the growth of large firms and the impact of technology and paraprofessionals the distribution of lawyers across roles and access to justice state funded legal aid and pro bono services The juxtaposition of the reports reveals the dramatic transformations of professional rationales labour markets and working practices and the multiple contingencies of the role of lawyers in societies experiencing increasing juridification within a new geopolitical order **State Continuity and Nationality: The Baltic States and Russia** Ineta Ziemele, 2025-09-01 Political changes in Central and Eastern Europe in the 1990s led to important territorial changes and confronted decision makers and international lawyers with complex questions relevant to State continuity and succession The case of the Baltic States was particularly difficult since they re emerged after half a century of Soviet occupation In addition to questions on the status of new States important issues arose with regard to the fate of nationals of the former federations generating frantic international efforts in developing and consolidating available rules and principles on nationality in situations of territorial change In this context the Baltic case stood apart It raised questions of non recognition of consequences of their illegal occupation in international law but that was not the way the issues were dealt with The book

documents and examines the story of the Soviet occupation of the Baltic States in 1940 and their claim to State continuity fifty years later It brings in the issue of the obligations of Russia in this context The book asks the question what nationality solutions had to be adopted in the region and shows the scrutiny they received from international institutions This second edition of the book revisits decisions that were taken in the 1990s and asks whether they have withstood the test of time The case of the Baltic States is an example of the strength of international law rules when applied with courage and of the risks when too many compromises with rules and principles are accepted Although the book is specific in its coverage it is of general importance because it draws conclusions concerning developments in law and practice which are relevant for a better understanding and regulation of statehood and nationality in international law

Reinterrogating the Classical Marxist Discourses of Revolutionary Democracy Soma Marik,2008 Russian Conservatism Paul Robinson,2019-10-15

Russian Conservatism examines the history of Russian conservative thought from the beginning of the nineteenth century to the present Robinson charts the contributions made by philosophers politicians and others during the Imperial Soviet and post Soviet periods Looking at cultural political and social economic conservatism in Russia Russian Conservatism demonstrates that such ideas are helpful in interpreting Russia s present as well as its past and will be influential in shaping Russia s future for better or for worse in the years to come

Reforming Justice in Russia, 1864-1996 Peter H. Solomon,1997 Based on a set of papers prepared for a spring 1995 conference held at Massey College University of Toronto reflecting collaboration and discussion among specialists in law and justice in tsarist Russia and their counterparts working on the subject in the USSR and post Soviet Russia Organized in sections on varieties of justice in imperial Russia courts and Soviet power and justice and the Russian transition papers examine areas such as rural arson in European Russia in the late imperial era sexual harassment claims of the 1920s criminal justice under Stalin and trials in modern Russia Annotation copyrighted by Book News Inc Portland OR The Jewelers' Circular ,1926 *Soviet Politics* Richard Sakwa,2012-11-12

Soviet Politics in Perspective is a new edition of Richard Sakwas successful textbook *Soviet Politics* an introduction Thoroughly revised and updated it builds on the previous editions comprehensive and accessible exploration of the Soviet system from its rise in 1919 to its collapse in 1991 The book is divided into five parts which focus on key aspects of Soviet politics They are historical perspectives beginning with the Tsarist regime on the eve of Revolution the rise and development of Stalinism through to the decline of the regime under Brezhnev and his successors and Gorbachev s attempts to revive the system institutions of Government such as the Communist Party security apparatus the military the justice system local government and participation theoretical approaches to Soviet politics including class and gender politics the role of ideology and the shift from dissent to pluralism key policy areas the command economy and reform nationality politics and foreign and defence policy an evaluation of Soviet rule and reasons for its collapse Providing key texts and bibliographies this book offers the complete history and politics of the Soviet period in a single volume It will be indispensable to students of Soviet and post

Soviet politics as well as the interested general reader A Guide to Scholarly Resources on the Russian Empire and the Soviet Union in the New York Metropolitan Area Robert A. Karlowich, 2019-07-12 Identifies collections held by public and university libraries historical societies and other institutions as well as private collections with material relating to any subject and historical period and to the widest geographical area under imperial or Soviet rule Includes movements for example
