Poole, 2021-09-16 This book authored by an international group of scholars focuses on a vibrant central current within the history of Russian legal thought how Christianity and theistic belief generally has inspired the aspiration to the rule of law in Russia informed Russian philosophies of law and shaped legal practices Following a substantial introduction to the phenomenon of Russian legal consciousness the volume presents twelve concise non technical portraits of modern Russian jurists and philosophers of law whose thought was shaped significantly by Orthodox Christian faith or theistic belief Also included are chapters on the role the Orthodox Church has played in the legal culture of
