Russo-Persian Commercial Relations, 1828-1914 Marvin L. Enter, 1965 **The Struggle for Asia 1828-1914** David Gillard, 2023-05-03 The Struggle for Asia 1828 1914 1977 studies a classic case of rival imperialisms British leaders tended to believe that Russian expansion threatened India Russian leaders came to believe in a British threat to their empire Each sought security by trying to control the policies of weaker states which lay between their imperial frontiers and on whose alignment depended the balance of power By 1914 when both felt even more threatened by Germany than by one another Russia seemed to have gained the upper hand in a struggle for hegemony in Asia which had been crucial for the course of world politics This book examines the intellectual origins of the Great Game **Britain and the Persian Gulf, 1894-1914** Briton Cooper Busch, **British Imperialism in Qajar Iran** H. Lyman Stebbins, 2016-12-18 In 1888 there were just four British consulates in the country by 1921 there were twenty three H Lyman Stebbins investigates the development and consequences of British imperialism in Iran in a time of international rivalry revolution and world war While previous narratives of Anglo Iranian relations have focused on the highest diplomatic circles in Tehran London Calcutta and St Petersburg this book argues that British consuls and political agents made the vast southern borderlands of Iran the real centre of British power and influence during this period Based on British consular archives from Bushihr Shiraz Sistan and Muhammarah this book reveals that Britain India and Iran were linked together by discourses of colonial knowledge and patterns of political military and economic control It also contextualizes the emergence of Iranian nationalism as well as the failure and collapse of the Qajar state during the Iranian Constitutional Revolution and the First World War Anglo-Iranian Relations During World War I William J. Olson, 2013-12-19 A study of Anglo Iranian relations during World War I This book analyzes such diplomacy as an example of great power politics in regional affairs examining Britain s concern to maintain stability in Iran and exclude foreign interests from the Persian Gulf and the approaches to India A Modern Contagion Amir A. Afkhami, 2019-02-05 How deadly cholera pandemics transformed modern Iran Pandemic cholera reached Iran for the first of many times in 1821 assisted by Britain s territorial expansion and growing commercial pursuits The revival of Iran s trade arteries after six decades of intermittent civil war fractured rule and isolation allowed the epidemic to spread inland and assume national proportions In A Modern Contagion Amir A Afkhami argues that the disease had a profound influence on the development of modern Iran steering the country s social economic and political currents Drawing on archival documents from Iranian European and American sources Afkhami provides a comprehensive overview of pandemic cholera in Iran from the early nineteenth century to the First World War Linking the intensity of Iran s cholera outbreaks to the country s particular sociobiological vulnerabilities he demonstrates that local national and international forces in Iran helped structure the region s susceptibility to the epidemics He also explains how Iran s cholera outbreaks drove the adoption of new paradigms in medicine helped transform Iranian views of government and caused enduring institutional changes during a

critical period in the country's modern development Cholera played an important role in Iran's globalization and diplomacy influencing everything from military engagements and boundary negotiations to Russia and Britain's imperial rivalry in the Middle East Remedying an important deficit in the historiography of medicine public health and the Middle East A Modern Contagion increases our understanding of ongoing sociopolitical challenges in Iran and the rest of the Islamic world **The Cambridge History of Islam: Volume 1B, The Central Islamic Lands Since 1918** P. M. Holt, Ann K. S.

Lambton, Bernard Lewis, 1970 Volume 1B covers the history of the central Islamic lands from 1918 to the 1960s **The Great Game** Peter Hopkirk, 2006-03-27 For nearly a century the two most powerful nations on earth Victorian Britain and Tsarist Russia fought a secret war in the lonely passes and deserts of Central Asia Those engaged in this shadowy struggle called it The Great Game a phrase immortalized by Kipling When play first began the two rival empires lay nearly 2 000 miles apart By the end some Russian outposts were within 20 miles of India This classic book tells the story of the Great Game through the exploits of the young officers both British and Russian who risked their lives playing it Disguised as holy men or native horse traders they mapped secret passes gathered intelligence and sought the allegiance of powerful khans Some never returned The violent repercussions of the Great Game are still convulsing Central Asia today **Great Russian Fair**

Anne L Fitzpatrick, 2016-02-24 *Transition to Global Rivalry* John Albert White, 2002-06-27 During the years before the First World War the realignment of world powers resulted in agreements concluded in 1904 and 1907 between Britain France Russia and Japan John Albert White terms this a Quadruple Entente a more accurate and complete description than the more commonly used Triple Entente which omits Japan His more inclusive view leaves undisturbed the conception of Europe as the centre of political gravity but at the same time calls proper attention to the enhanced role which Japan had won through her victories in the Sino Japanese and Russo Japanese wars and by her careful management of her entry into the larger family of nations This wider perspective on the crucial pre war years shows how in its political context as well as its geographical terrain and its general impact the First World War was a world war in every sense **Russian**

Imperialism Dietrich Geyer, 1987-01-01 This book offers a fresh and stimulating analysis of the often elusive relationship between domestic and foreign policy in Russia before the First World War Dietrich Geyer one of Germany's leading historians of Russia discusses a wide variety of economic fiscal institutional and ideological developments within imperial Russia In so doing he brings into sharp relief the difficulties faced by the ruling elites in maintaining Russia's great power position in Europe the Near East and the Far East Now available in English for the first time this widely acclaimed book will be welcomed as an indispensable resource by all those who were unable to read the original German edition By far the most perceptive knowledgeable and intelligent work on the last half century of imperial Russia in print Theodore H Von Laue Russian History This important tightly packed book analyzes the basic problems of Russian imperialism thoroughly and with enormous erudition Scholars concerned with imperialism and Russian domestic and foreign problems will welcome this

thought provoking work David MacKenzie American Historical Review A convincing and important analysis of the mutual dependence of autocratic domestic and foreign politics This book ought to be the occasion for a renewed and wide discussion of Russian imperialism and should give rise to further studies of the question Alan Kimball Slavic Review This is a remarkably good book Good in many respects quality of research and writing breadth of view command of the facts balance and penetration in judgment familiarity with relevant theory The book represents a revived and deepened historicism Paul W Schroeder Journal of Modern History

Iran Between Two Revolutions Ervand Abrahamian,2021-05-11 Emphasizing the interaction between political organizations and social forces Ervand Abrahamian discusses Iranian society and politics during the period between the Constitutional Revolution of 1905 1909 and the Islamic Revolution of 1977 1979 Presented here is a study of the emergence of horizontal divisions or socio economic classes in a country with strong vertical divisions based on ethnicity religious ideology and regional particularism Professor Abrahamian focuses on the class and ethnic roots of the major radical movements in the modern era particularly the constitutional movement of the 1900s the communist Tudeh party of the 1940s the nationalist struggle of the early 1950s and the Islamic upsurge of the 1970s In this examination of the social bases of Iranian politics Professor Abrahamian draws on archives of the British Foreign Office and India Office that have only recently been opened newspaper memoirs and biographies published in Tehran between 1906 and 1980 proceedings of the Iranian Majles and Senate interviews with retired and active politicians and pamphlets books and periodicals distributed by exiled groups in Europe and North America in the period between 1953 and 1980 Professor Abrahamian explores the impact of socio economic change on the political structure especially under the reigns of Reza Shah and Muhammad Reza Shah and throws fresh light on the significance of the Tudeh party and the failure of the Shah's regime from 1953 to 1978

Political Elite of Iran Marvin Zonis,2015-03-08 In interviews with 170 politically active Iranians the author reveals that politics in Iran are based on interpersonal relationships marked by insecurity cynicism and mistrust He then assesses the significance of these characteristics for Iran's future development Originally published in 1971 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

The Political Economy of Iran Under the Qajars Hooshang Amirahmadi,2012-06-28 The political economy of Iran underwent the fundamental transition from feudalism to modernity from the early 19th to the 20th century a period which was a vital watershed in Iran's historical development This book provides a critical analysis of Iran's economic social and political development and shows how the path to modernity far from smooth was hindered by both internal and international factors These included a powerful monarchy with little interest in administrative and economic

reform a large aristocracy frequently holding vital provincial governorships and frustrating effective central government and a failure to create a modern civil service military banking finance or communications the essential infrastructure for economic development Reformers were marginalised and business suffered And the all powerful ulema were a further brake on modernisation On the international front the rivalry of Britain and Russia compounded the problems both acting to control Iran and to further their own interests Hooshang Amirahmadi explores the roots of present day challenges to modernisation and progress and using a wealth of primary sources and original research has produced a work which is invaluable for students of modern Iranian history politics and Iran s political economy Armenians And The Iranian Constitutional Revolution Of 1905-1911 Houri Berberian,2018-02-19 Drawing upon original sources this study provides the most comprehensive treatment to date of the issue of Armenian politicization and participation in the Iranian Constitutional Revolution 1905 1911 Houri Berberian traces the political economic and social situation of Armenians in the nineteenth century with a special emphasis on the Armenian provinces of the Ottoman Empire which became the focus of the Armenian revolutionary movement in the late nineteenth century and on the Russian ruled Caucasus which became the source of the nationalist and socialist revolutionary movement Discussion of the Iranian Armenian community includes for the first time a look into the roles and activism of Iranian Armenian women Berberian explores the ideological political and pragmatic motivations of Armenians and examines the collaboration of Armenian and Iranian constitutionalists drawing attention to the ideological and military contributions of Armenians to the revolution as well as to the internal and external conflicts among Armenian activists and between Armenian and Iranian constitutionalist elements Berberian concludes with a discussion of the causes and consequences of the retreat of Armenians from Iranian politics The Soviet Union and Revolutionary Iran (RLE Iran D) Aryeh Yodfat,2012-04-27 Relations between the USSR and Iran during the period from the overthrow of the Shah and the establishment of the Islamic Republic up to early 1983 are reviewed in this book It begins with a brief survey of Russian Persian relations in earlier years with a focus on the developments that served as a background to the current events It examines Soviet attitudes and reactions to Iran s foreign and internal policy and highlights the way in which the Soviets often raise events of which they do not approve in order to draw Iran closer to them In particular the book discusses the Soviet response to the Iran Iraq war and the position of the Tudeh Party and the other leftists within Iran Iran s policy towards the USSR is treated at length and it is shown that it is suspicious of a tacit USA USSR agreement over the fate of Iran Khomeini s attempts to isolate Iran from both East and West are also reviewed This book was one of the first to discuss this crucial dimension in Middle East politics and it makes a significant contribution to our understanding of the forces driving the Iranian Revolution A Diplomatic History of the Caspian Sea G. Mirfendereski,2001-08-10 In a series of short stories that both inform and amuse this book transports the reader across the windswept shores of the Caspian Sea and provides a provocative view of the wars peace intrigues and betrayals that have shaped the political geography of this

important and volatile region The demise of the Soviet Union in 1991 and the eclipsing of the old Iranian Soviet regime of the sea have given rise to new challenges for the regional actors and unprecedented opportunities for international players to tap into the area s enormous oil and gas resources third in size only behind Siberia and the Persian Gulf This book explores the historical themes that inform and animate the more immediate and familiar discussions about petroleum pipelines and ethnic conflict in the Caspian region *Iran and America* Badi Badiozamani,Ghazal Badiozamani,2005 *Dictionary of Iran: A Shorter Encyclopedia* D. L. Bradley,2015-01-11 A one volume encyclopedic reference work on Iran Persia organized in dictionary format concerning the history societies cultures religions governments structures geography and climate of the nation and its people **An Iranian Town in Transition** Christoph Werner,2000 An Iranian Town in Transition deals with the social and economic history of Tabriz a town in north west Iran and the centre of the historical province Azerbaijan The focus of this study is on the notables of the town in an epoch of fundamental change that stretches from the mid eighteenth to the mid nineteenth century Far from narrating a simple history of events the study addresses major questions related to endowments waqf the workings of the Shiite judiciary urban and provincial administration the changing role of the ulama and tenure of landed property in concrete case studies With its wide perspective on developments in urban society the study interprets the process of social change in the transitional period from the Zands to the Qajars as a crucial starting point for the modern history of Iran Stressing the importance of indigenous sources for this period the author drew heavily on hitherto neglected Persian archival material A large number of documents deeds and court protocols are included in critical edition in the appendix
