Crossing Waters Marisel C. Moreno, 2022-07-26 2023 Honorable Mention Isis Duarte Book Prize Haiti Dominican Republic section LASA 2023 Winner Gordon K and Sybil Lewis Book Award Caribbean Studies Association An innovative study of the artistic representations of undocumented migration within the Hispanophone Caribbean Debates over the undocumented migration of Latin Americans invariably focus on the southern US border but most migrants never cross that arbitrary line Instead many travel via water among the Caribbean islands The first study to examine literary and artistic representations of undocumented migration within the Hispanophone Caribbean Crossing Waters relates a journey that remains silenced and largely unknown Analyzing works by novelists short story writers poets and visual artists replete with references to drowning and echoes of the Middle Passage Marisel Moreno shines a spotlight on the plight that these migrants face In some cases Puerto Rico takes on a new role as a stepping stone to the continental United States and the society migrants will join there Meanwhile the land border between Haiti and the Dominican Republic the only terrestrial border in the Hispanophone Caribbean emerges as a complex space within this cartography of borders And while the Border Patrol occupies US headlines the Coast Guard occupies the nightmares of refugees An untold story filled with beauty possibility and sorrow Crossing Waters encourages us to rethink the geography and experience of undocumented migration and the role that the Caribbean archipelago plays as a border zone
