Robert Greenfield,2025-05-01 One of the greatest rock books ever written GQ Thirty years ago the Rolling Stones swept America taking Exile on Main Street to Main Streets across the nation Everyone held their breath to see what would happen the Stones previous U S tour had been a chaotic circus culminating in the infamous death of a fan at Altamont And this tour the Stones Touring Party was rumored to be wilder than ever bigger shows in major arenas with a far larger entourage and even more drugs Robert Greenfield went along for the ride and came away with a riveting insider s account called by Ian Rankin one of the greatest rock books ever written The reality lived up to the rumor take one part Lee Radziwill a dash of Truman Capote set the scene at Hef s Playboy mansion and toss in the county jail for good measure That was the Stones Touring Party the ultimate rock n roll band at the height of its spectacular depravity **Books in Print**

Exile on Main Street Robert Greenfield,2008-02-12 Recorded during the blazing hot summer of 1971 at Villa Nellc te Keith Richards s seaside mansion in southern France Exile on Main Street has been hailed as one of the greatest rock records of all time Yet its improbable creation was difficult torturous and at times nothing short of dangerous In self imposed exile the Stones along with wives girlfriends and an unrivaled crew of hangers on spent their days smoking snorting and drinking whatever they could get their hands on while at night Villa Nellc te s basement studio became the crucible in which creative strife outsized egos and all the usual byproducts of the Stones legendary hedonistic excess fused into something potent volatile and enduring Here for the first time is the season in hell that produced Exile on Main Street [American](#)
