Sacco And Vanzetti Rebel Lives:

Sacco & Vanzetti John Davis, 2004 Political activists Nicola Sacco and Bartolomeo Vanzetti were framed and executed for murder in a wave of anti immigrant hysteria in Boston in the 1920s Their story is a salutary one illustrating the way in which anarchists and immigrants were painted as terrorists a grim reminder of the consequences of using fear as a political weapon Eventually pardoned in 1977 by Governor Dukakis Sacco and Vanzetti s case sparked an unprecedented international defence campaign backed by writers artists politicians and musicians It remains one of the most famous political trials in history

Albert Einstein Jim Green, 2003 The popular image of Einstein as an absent minded genius with his head in the clouds is a far cry from the real picture A sensitive man deeply interested in social issues Einstein felt it was his duty to use his fame and intellect to advance the cause of social justice John Green takes a new and subversive look at Time magazine s Person of the Century whose forthright opposition to war led to the FBI declaring him too clever not to track

Italian Immigrant Radical Culture Marcella Bencivenni, 2011 Maligned by modern media and often stereotyped Italian Americans possess a vibrant if largely forgotten radical past In *Italian Immigrant Radical Culture* Marcella Bencivenni delves into the history of the *sovversivi* a transnational generation of social rebels and offers a fascinating portrait of their political struggle as well as their milieu beliefs and artistic creativity in the United States As early as 1882 the *sovversivi* founded a socialist club in Brooklyn Radical organizations then multiplied and spread across the country from large urban cities to smaller industrial mining areas By 1900 thirty official Italian sections of the Socialist Party along the East Coast and countless independent anarchist and revolutionary circles sprang up throughout the nation Forming their own alternative press institutions and working class organizations these groups created a vigorous movement and counterculture that constituted a significant part of the American Left until World War II *Italian Immigrant Radical Culture* compellingly documents the wide spectrum of this oppositional culture and examines the many cultural and artistic forms it took from newspapers to literature and poetry to theater and visual art As the first cultural history of Italian American activism it provides a richer understanding of the Italian immigrant experience while also deepening historical perceptions of radical politics and culture

Plausible Legality Rebecca Sanders, 2018-08-01 In many ways the United States post 9 11 engagement with legal rules is puzzling Officials in both the Bush and Obama administrations authorized numerous contentious counterterrorism policies that sparked global outrage yet they have repeatedly insisted that their actions were lawful and legitimate In Plausible Legality Rebecca Sanders examines how the US government interpreted reinterpreted and manipulated legal norms and what these justificatory practices imply about the capacity of law to constrain state violence Through case studies on the use of torture detention targeted killing and surveillance Sanders provides a detailed analysis of how policymakers use law to achieve their political objectives and situates these patterns within a broader theoretical understanding of how law operates in contemporary politics She argues that legal culture defined as collectively shared understandings of legal legitimacy and appropriate forms of legal practice in particular contexts plays a significant role in shaping state practice In the global war on terror a national security culture of legal rationalization encouraged authorities to seek legal cover to construct the plausible legality of human rights violations in order to ensure impunity for wrongdoing Looking forward law remains vulnerable to evasion and revision As Sanders shows despite the efforts of human rights

advocates to encourage deeper compliance the normalization of post 9 11 policy has created space for future administrations to further erode legal norms

Hollywood's Italian American Filmmakers Jonathan J. Cavallero, 2011-05-01 Hollywood's Italian American Filmmakers explores the different ways in which Italian American directors from the 1920s to the present have responded to their ethnicity While some directors have used film to declare their ethnic roots and create an Italian American imagined community others have ignored or even denied their background Jonathan J Cavallero examines the films of Frank Capra Martin Scorsese Nancy Savoca Francis Ford Coppola and Quentin Tarantino with a focus on what the films reveal about each director's view on Italian American identities Whereas Capra's films highlight similarities between immigrant characters and WASP Americans Scorsese accepts his ethnic heritage but also sees it as confining Similarly many of Coppola's films provide a nostalgic treatment of Italian American identity but with little criticism of the culture's more negative aspects And while Savoca's movies reveal her artful ability to recognize how ethnic gender and class identities overlap Tarantino's films exhibit a playfully postmodern engagement with Italian American ethnicity Cavallero's exploration of the films of Capra Scorsese Savoca Coppola and Tarantino demonstrates how immigrant Italians fought prejudice how later generations positioned themselves in relation to their predecessors and how the American cinema usually seen as a cultural institution that works to assimilate has also served as a forum where assimilation was resisted

What Every Radical Should Know about State Repression Victor Serge, 2005 An expose of the methods of surveillance and harassment of political activists used by the Czarist police Serge's words read like a spy thriller but their message is real in the uncertain climate of a post 9 11 world political activists are facing a new wave of repression under coercive patriotism bills and racial profiling in the name of the war on terror Includes an introduction by Dalia Hashad
