have crafted a name for himself simply by cleverly playing the role of the political tyro who knew little about the game the green horn the opposition made the fatal mistake of underrating Peace loving It is hard to imagine any other Zambian politician would so willingly have yielded to another the instruments of power left with them in accordance with the law by a sitting president as Michael Sata did when he left Edgar Lungu to serve in his place the night he left for the UK to seek medical help in 2014 When Sata died in hospital there were many expert voices advising Lungu to keep hold onto the instruments of power rather than decline to the incumbent Vice President Guy Scott Lungu happily handed over the instruments to a man who would then go on to do almost all in his powers to hinder his ambition to win the subsequent Presidential election This is because he sought peace I want to be remembered as an ordinary person who became President a person who brought ordinary and human characteristics to the office of the Presidency Edgar Chagwa Lungu Hot FM radio interview October 2015 By Anthony Mukwita      A Woman's Place Connie Sitterly, Beth Whitley Duke, 1988      **Creative Supervision** Karen R. National Labor Relations Board, 2014      **Sack the Startup** Banudas Athreya, 2017-08-30 Any conversation about startups begins with More than 90% of the startups fail You hear this you stay away from the startup ecosystem For the first time Banudas Athreya brings about a real breakthrough for success in startups and the startup ecosystem for you When you are in a startup you should look upon yourself as an investor who is investing time and energy and not just as an employee getting paid for his services An investor evaluates the performance of the companies in which money is invested and does not hesitate to exit the investment if necessary Sack the Startup is about the attitude you wear and carry to be successful in the startup ecosystem It emphasizes that you are on equal footing with the employer and have the same power and responsibilities When you work for a startup you also need to evaluate whether the startup works for you In Sack the Startup you get to know The attitude required to be successful in startups The need to work on yourself first before working on products or markets That being the right person is more important than doing the right things That you can be successful whether the startup is successful or not The startup offers you a journey that is exciting irrespective of the destination
