Sacred Places British Columbias Early Churches:

Sacred Places Barry Downs, 1980 *Pioneer Churches along the Gold Rush Trail* Liz Bryan, 2022-06-14 A fascinating tour through BC's historical gold rush trails focusing on the nineteenth century churches that were pivotal to the establishment of early settler communities. Much has been written about the Cariboo gold rush from the trails and wagon roads to the rowdy mining camps from tales of great luck to those of disappointment and despair. This book paints a different picture of those pioneer days. It is a guide to the nineteenth century churches that were built during the gold rush or in the settlement days that followed. Most of these historic structures were handmade of local wood though they differed greatly in size and style. Some are now abandoned untenanted but still worthy of inspection. All were built to fill the spiritual need of the European migrants who flooded to the area to nurture a sense of community that survived even after the gold was gone. Filled with beautiful colour photography and detailed maps *Pioneer Churches along the Gold Rush Trail* highlights the history geography architecture craftsmanship and social context of dozens of gold rush era churches preserving them in their varying states of decay for posterity. While acknowledging the destructive forces of colonialism including Christianity on Indigenous Peoples this book also examines the historical role of churches in community building and invites the reader to consider this dichotomy with an open and curious mind.

Pioneer Churches of Vancouver Island and the Salish Sea
Liz Bryan, 2020-06-23 A concise full colour visitor's guide to dozens of historical churches scattered throughout Vancouver Island from humble country chapels to soaring urban cathedrals. For many European settlers who arrived on Vancouver Island in the late nineteenth century building a church was as important as establishing a homestead or erecting a school. The church was the heart of the community. Today although demographics have shifted and church attendance has waned many of those early structures are still standing. *Pioneer Churches of Vancouver Island and the Salish Sea* features more than forty surviving churches whose construction dates back to the 1800s. It explores the architecture the local history of the area and the stories of the builders worshippers clergy members those who are buried in the adjoining graveyards. Divided into geographical sections Victoria Esquimalt and the Saanich Peninsula the Cowichan Valley Salt Spring Island Central Vancouver Island and the North Island this book is a beautifully photographed easy to follow guide for anyone interested in exploring these architectural treasures and learning more about the history surrounding them.

Alex Lord's British Columbia
Alexander Russell Lord, 1991 Alex Lord a pioneer inspector of rural BC schools shares in these recollections his experiences in a province barely out of the stage coach era. Travelling through vast northern territory utilizing unreliable transportation and enduring climatic extremes Lord became familiar with the aspirations of remote communities and their faith in the humanizing effects of tiny assisted schools. En route he performed in resolute yet imaginative fashion the supervisory functions of a top government educator developing an educational philosophy of his own based on an understanding of the provincial geography a reverence for citizenship and a work ethic tuned to challenge and

accomplishment Although not completed these memoirs invite the reader to experience the British Columbia that Alex Lord knew Through his words we endure the difficulties of travel in this mountainous province We meet many of the unusual characters who inhabited this last frontier and learn of their hopes fears joys sorrows and eccentricities More particularly we are reminded of the historical significance of the one room rural school and its role as an indispensable instrument of community cohesion John Calam has organized the memoirs according to the regions through which Lord travelled He has included in his introduction a biography of Alex Lord a brief description of the British Columbia he knew a sketch of its public education system and an assessment of the place Lord s writing now occupies among other works on education and society

scales the local ethnographic literature histories of contact and conflict in mainland B C from the early nineteenth century the theology and sociology of mission and the recent critical literature on European colonialism Christophers rethinks mission work in the light of contemporary theories of colonial discourse and disciplinary power and speculates about the interpretative potential of such concepts In addition to Good s encounter with the Nlha7kapmx Positioning the Missionary also refers to other colonial missions identifying by turns the peculiarity of Good s experience and the ways in which it conforms to broader patterns of mission history As a reflection on the ongoing politics of colonialism this book discusses Good s contribution to the devastation of Nlha7kapmx culture and his duplicitous role in the appropriation of Nlha7kapmx lands

Vanishing British Columbia Michael Kluckner,2011-11-01 The old buildings and historic places of British Columbia form a kind of roadside memory a tangible link with stories of settlement change and abandonment that reflect the great themes of our history With small towns declining and old rural properties changing so little of the history of these places has been recorded in museums or archives and so much of it may disappear as families disperse and memories dim More than a decade ago Michael Kluckner began painting these dots on his personal map of the province in a watercolour sketchbook In 1999 after he put a few of the sketches on his website a network of correspondents emerged that eventually led him to the family letters photo albums and memories all from a disappearing era of the province Vanishing British Columbia is a record of these places and the stories they tell It combines engaging and insightful historical commentary with over 160 of the author s original paintings It has an exceptional assortment of historic imagery including old postcards architectural plans and photographs The study of roadside memory demonstrates the visceral connection that people especially those who are part of the rural to urban diaspora of modern times have for the sites of their family memories On a grander scale this approach leads to a broader understanding of more abstract historical themes and of the province s history and culture It also presents a compelling argument for stewardship of regional history in the face of urbanization and globalization
