A New Companion to Hispanic Mysticism Hilaire Kallendorf, 2010 The canon of Hispanic mysticism is expanding No longer is our picture of this special brand of early modern devotional practice limited to a handful of venerable saints Instead we recognize a wide range of marginal figures as practitioners of mysticism broadly defined Neither do we limit the study of mysticism necessarily to the Christian religion nor even to the realm of literature Representations of mysticism are also found in the visual plastic and musical arts The terminology and theoretical framework of mysticism permeate early modern Hispanic cultures Paradoxically by taking a more inclusive approach to studying mysticism in its marginal manifestations we draw mysticism in all its complex iterations back toward its rightful place at the center of early modern spiritual experience Contributors Colin Thompson Alastair Hamilton Christina Lee Clara Herrera Darcy Donahue Elena del Rio Parra Evelyn Toft Fernando Duran Lopez Plancisco Morales Freddy Dominguez Glyn Redworth Jane Ackerman Jessica Boon Jose Adriano de Freitas Carvalho Luce Lopez Barat Maria Mercedes Carrion Maryrica Lottman and Tess Knighton

The Routledge Companion to Shakespeare and Politics Chris Fitter, 2025-10-31 The Routledge Companion to Shakespeare and Politics challenges and transforms our understanding of the politics of Shakespeare's plays Through up to date essays by historians biographers and Shakespeare critics this Companion offers first a systematic examination of dominant institutions and emergent thought in Shakespeare's society then meditation on Shakespeare's representation of these Contributors consider the common law and the legally embattled royal prerogative the functioning of the justice system the impact of angry Tudor reformers early capitalism war libels rebellion populism religion and cosmological ferment as well as the class system Machiavelli Montaigne and theatrical transgression Opening chapters discuss the harsh politicisation of childhood Shakespeare the subversive practices built into grammar school education and the mythic retirement of Shakespeare to an idyllic Warwickshire Combining social panorama with sharp critical readings this synoptic approach allows identification of a political coherence to Shakespeare's drama identifying commonalities of vision frequently critical and dissident returning in different plays The

final section looks at Shakespeare's reception within Marxism feminism racial theory LGBTQ thought and ecocriticism The collection recovers a lost Shakespeare of substantial political disaffection in very dark times offering a challenging political redirection of Shakespeare studies and perhaps a Shakespeare for our era As an authoritative state of the art guide to this resonant topic it will be of interest to anyone researching or studying Shakespeare
