Sacred Spaces Margaret Silf, 2013-05 There are many books that explore actual physical sacred space and pilgrimage sites This is a different kind of book It introduces seven traditional sacred spaces but then leads readers into a deeper reflection on what such sacred space means in our own lives and experience The various sacred spaces explored are the Celtic Cross the infinite knot hilltops wells and springs causeways and bridges thresholds and burial grounds and boundaries In each chapter the author introduces a sacred space as the main theme and then illustrates this by associating it with a particular stage of life and a particular sacramental experience The ideas are then brought together by means of a scripture story

Landscape as Sacred Space Steven Lewis, 2005-07-15 Steven Lewis's *Landscape as Sacred Space* Metaphors for the Spiritual Journey invites new discussions about our spiritual journeys and allows seekers to rethink approaches to Christian spirituality and theology in light of postmodernity Landscape metaphors provide a common and accessible language to articulate one's spiritual journey Spiritual mountains deserts and valleys are dominant landscapes on our journey through life Most people have experienced the joy of a mountaintop spiritual experience the pain of spiritual deserts or perhaps the dreariness too often associated with spiritual valleys There is a tendency however to highlight spiritual mountaintops while avoiding spiritual deserts and ignoring spiritual valleys This leaves many Christians ill equipped either to deal with crises or to integrate God into ordinary life Each landscape offers rich lessons that when combined together lead us toward a maturing faith and into a deeper relationship with God *Landscape as Sacred Space* is intended to aid those who search for more meaningful ways to articulate their faith journey The book grants permission to struggle with life's landscapes provides safe spaces to reflect on the journey and introduces language that enables exploration and discovery

Sacred Space for the Missional Church William R. McAlpine, 2011-02-14 *Sacred Space for the Missional Church* examines the strong link between the theology and mission of the Church and the spaces in which and from which that theology and mission are lived out The author demonstrates that the built environment is not incidental or even subservient to mission Rather it is a key player in the fulfillment and the communication of that mission The book begins with a working definition of the missional church underscoring the connection between God's mission *missio Dei* and the Church's

mission The reader is presented with historical and theological frameworks for sacred space and reminded of the pivotal role of the built environment in the fulfillment of the mission of the Church The design and construction of sacred spaces are shown to be fundamentally a theological exercise and not solely a matter of function pragmatics and fiscal astuteness The author questions the uncritical application of blanket statements such form must follow function and challenges the conviction that it does not matter where worship occurs only that it occurs The book addresses genuine concerns such as legitimizing the cost of church buildings and concludes with practical suggestions and essential questions that must be considered in posturing the built environment within the missional praxis of the Church Pilgrimage—The Sacred Art Dr. Sheryl A. Kujawa-Holbrook, 2013-06-10 Explore the many dimensions of the pilgrimage experience and change your orientation to the world Pilgrimage is an opportunity for pilgrims to cultivate their inner life or inner voice in a way that leads to a greater sense of peace and compassion a sense that pervades all of life From Chapter 6 Preparing to Practice Pilgrimage is a spiritual practice of nearly every major religion of the world If you are a Christian you may travel to sites associated with the life of Jesus Jews might visit the Western Wall in the Old City of Jerusalem and other sacred places in the Holy Land of Israel Muslims participate in the Hajj the journey to Mecca Buddhists visit the sacred sites related to the life of Buddha Even if you practice no religion at all you will still find that you most likely participate in this practice the Jefferson Memorial in Washington DC and Lenin s tomb in Moscow are considered national pilgrimage sites As a spiritual practice pilgrimage transcends religious national cultural and linguistic boundaries This fascinating look at the sacred art of pilgrimage integrates spirituality practice spiritual formation psychology world religions and historical resources It examines how the world s religious pilgrimages evolved as central spiritual practices and the relationship between pilgrimage and transformation It explains what makes a place holy and why and how some sites are so compelling that they attract thousands even millions of pilgrims each year The Younger Evangelicals Robert E.
