*Theologies of Creation* Thomas Jay Oord, 2014-10-02 Humans have long wondered about the origin of the universe And such questions are especially alive today as physicists offer metaphysical theories to account for the emergence of creation Theists have attributed the universe's origin to divine activity and many have said God created something from absolute nothingness The venerable doctrine of creatio ex nihilo especially emphasizes God's initial creating activity Some contributors to this book explore new reasons creatio ex nihilo should continue to be embraced today But other contributors question the viability of creation from nothing and offer alternative initial creation options in its place These new alternatives explore a variety of options in light of recent scientific work new biblical scholarship and both new and old theological traditions      *The Liberating Image* J. Richard Middleton, 2005-03 Offers a deeply informed take on a key Christian doctrine and its interpretation and relevance today      2000 Susan Sarah Cohen, 2012-05-24 This work includes international secondary literature on anti-Semitism published throughout the world from the earliest times to the present It lists books dissertations and articles from periodicals and collections from a diverse range of disciplines Written accounts are included among the recorded titles as are manifestations of anti-Semitism in the visual arts e.g. painting caricatures or film action taken against Jews and Judaism by discriminating judiciaries pogroms massacres and the systematic extermination during the Nazi period The bibliography also covers works dealing with philo-Semitism or Jewish reactions to anti-Semitism and

Jewish self hate An informative abstract in English is provided for each entry and Hebrew titles are provided with English translations

**Latino Religions and Civic Activism in the United States** Gastón Espinosa, Virgilio P. Elizondo, Jesse Miranda, 2005 Presenting 16 new essays addressing important issues movements and personalities in Latino religions in America this book aims to overthrow the stereotype that Latinos are politically passive and that their churches have supported the status quo failing to engage in or support the struggle for civil rights and social justice

Reality According to the Scriptures José Soto, 2022-10-23 What is the nature of reality according to the Scriptures What is the nature and purpose of God's creation and of humanity within creation Did our role change after evil entered the world in Genesis 3 or is it fundamentally the same as at creation What is the meaning of life according to the Scriptures and how can such a vision be lived out and conveyed meaningfully in our generation These are the sorts of questions this book is beginning to address the first fruits of more than twelve years of research at the intersection of philosophy and biblical studies Reality According to the Scriptures is written by a Christian disciple for Christian disciples a call for the church to get our Story straight to find ourselves in the narrative world of the Bible and then do our best to play our part well

**EDITORIAL REVIEWS** This is one of the best researched works I have ever read Jos Soto did a great job of compiling all this data to create a masterpiece Each chapter builds up from the previous one giving the narrative a smooth flow and making it easier to understand Soto includes well researched references and organizes everything beautifully Apart from its amazing format and structure it also has a life changing message Everyone has their views on reality and the purpose of existence Reality According to the Scriptures presents us with a message about the part we are to play in this world The message of redemption is that of love hope and purpose What we emit into the world will reflect who we are and if we do the will of God we present Him to the world through our work He lives in all of us and no matter how far you think you have gone astray He is always there for each one of us This is the first volume in the series by Soto and I can't wait to read more of his work Luwi Nyakansaila reviewed for Readers Favorite

Reality According to the Scriptures Initial Reflections by Jos Soto explores the concept of reality as it is presented in the scriptures Soto argues that the biblical understanding of reality emphasizes the interconnectedness of all things and that the relationships between God humans and the natural world are all integral to the overall fabric of reality Another important theme is the idea that reality is both material and spiritual Reality According to the Scriptures suggests that the scriptures present a holistic view of reality that includes both physical and spiritual dimensions and that these dimensions are inseparable While the narrative style is thought provoking it also challenges us to think deeply about the nature of reality and the scriptures role in shaping our understanding of it I like how the narrative is shaped to be simple yet profound at the same time You don't have to be a Christian to understand this book Theology students will benefit from this straightforward narrative that packs a punch of knowledge I highly recommend it Rabia Tanveer reviewed for Readers Favorite

**The Betrayal of the Humanities** Bernard M. Levinson, Robert P. Ericksen, 2022-09-06 How did the academy react to the rise dominance and ultimate fall of Germany s Third Reich Did German professors of the humanities have to tell themselves lies about their regime s activities or its victims to sleep at night Did they endorse the regime Or did they look the other way whether out of deliberate denial or out of fear for their own personal safety The Betrayal of the Humanities The University during the Third Reich is a collection of groundbreaking essays that shed light on this previously overlooked piece of history The Betrayal of the Humanities accepts the regrettable news that academics and intellectuals in Nazi Germany betrayed the humanities and explores what went wrong what occurred at the universities and what happened to the major disciplines of the humanities under National Socialism The Betrayal of the Humanities details not only how individual scholars particular departments and even entire universities collaborated with the Nazi regime but also examines the legacy of this era on higher education in Germany In particular it looks at the peculiar position of many German scholars in the post war world having to defend their own work or the work of their mentors while simultaneously not appearing to accept Nazism

**The Hebrew Bible Reborn** Yaacov Shavit, Mordechai Eran, 2008-09-25 This work the first of its kind describes all the aspects of the Bible revolution in Jewish history in the last two hundred years as well as the emergence of the new biblical culture It describes the circumstances and processes that turned Holy Scripture into the Book of Books and into the history of the biblical period and of the people the Jewish people It deals with the encounter of the Jews with modern biblical criticism and the archaeological research of the Ancient Near East and with contemporary archaeology The middle section discusses the extensive involvement of educated Jews in the Bible Babel polemic at the start of the twentieth century which it treats as a typological event The last section describes at length various aspects of the key status assigned to the Bible in the new Jewish culture in Europe and particularly in modern Jewish Palestine as a guide to life in education culture and politics as well as part of the attempt to create a new Jewish man and as a source of inspiration for various creative arts

**The Making of the Modern Jewish Bible** Alan T. Levenson, 2011-08-16 Tracing its history from Moses Mendelssohn to today Alan Levenson explores the factors that shaped what is the modern Jewish Bible and its

centrality in Jewish life today The Making of the Modern Jewish Bible explains how Jewish translators commentators and scholars made the Bible a keystone of Jewish life in Germany Israel and America Levenson argues that German Jews created a religious Bible Israeli Jews a national Bible and American Jews an ethnic one In each site scholars wrestled with the demands of the non Jewish environment and their own indigenous traditions trying to balance fidelity and independence from the commentaries of the rabbinic and medieval world

**Earliest Christianity within the Boundaries of Judaism** Alan Avery-Peck, Craig A. Evans, Jacob Neusner, 2016-02-02 Twenty two essays written by top scholars in the fields of early Christianity and Judaism focus on methodological issues earliest Christianity in its Judaic setting Gospel studies and history and meaning in later Christianity These essays honor Bruce Chilton recognizing his seminal contribution to the study of earliest Christianity in its Judaic setting Chilton s scholarship has established innovative approaches to reconstructing the life of Jesus a Jew whose religious ideology developed and therefore must be understood within the Judaism of the first centuries Following upon Chilton s approaches and insights the essays collected here illustrate the centrality of the literatures of early Judaism to the critical exegesis of the New Testament and other writings of early Christianity

**The Nature of Love** Thomas Jay Oord, 2010-04-01 God is love Consequently shouldn t love exist at the center of Christian theology When love is at the center theology is understood differently than it has typically been understood Some theologians have placed faith at the center others God s sovereignty still others the Church but Dr Oord places the emphasis on love God s love for us revealed in Christ in the Church and in creation and our love for God and others as ourselves must be afforded its rightful place Beginning with the foundation of love is what differentiates the Christian faith from others a loving God Dr Oord defines love as To love is to act intentionally in sympathetic empathetic response to God and others to promote overall well being Is this not what has defined Christians throughout history

*The Origins of the Canon of the Hebrew Bible* Juan Carlos Ossandón Widow, 2018-09-11 In The Origins of the Canon of the Hebrew Bible An Analysis of Josephus and 4 Ezra Juan Carlos Ossandón Widow examines the thorny question of when how and why the collection of twenty four books that today is known as the Hebrew Bible was formed He carefully studies the two earliest testimonies in this regard Josephus Against Apion and 4 Ezra and proposes that along with the tendency to idealize the past which leads to consider that divine revelation to Israel has ceased an important reason to specify a collection of Scriptures at the end of the first century CE consisted in the need to defend the received tradition to counter those that accepted more books

**Introducing the Women's Hebrew Bible** Susanne Scholz, 2017-08-10 Introducing the Women s Hebrew Bible is an up to date feminist introduction to the historical socio political and academic developments of feminist biblical scholarship In the second edition of this popular text Susanne Scholz offers new insights into the diverse field of feminist studies on the Hebrew Bible Scholz provides a new introductory survey of the history of feminism more broadly giving context to its rise in biblical studies before looking at the history and issues as they relate specifically to feminist readings and readers of the Hebrew Bible Scholz then presents the life and work

of several influential feminist scholars of the Bible outlining their career paths and the characteristics of their work The volume also outlines how to relate the Bible to sexual violence and feminist postcolonial demands Two new chapters further delineate recent developments in feminist biblical studies One chapter addresses the relationship between feminist exegesis and queer theory as well as masculinity studies Another chapter problematizes the gender discourse as it has emerged in the Christian Right s approaches to the Old Testament

**The Old Testament Between Theology and History** Niels Peter Lemche, 2008-01-01 From its inception at the time of the Enlightenment until the mid twentieth century the historical critical method constituted the dominant paradigm in Old Testament studies In this magisterial overview Niels Peter Lemche surveys the development of the historical critical method and the way it changed the scholarly perception of the Old Testament In part 1 he describes the rise and influence of historical critical approaches while in part 2 he traces their decline and fall Then in part 3 he discusses the identity of the authors of the Old Testament based on the content of the literature they wrote demonstrating that the collapse of history does not preclude critical study Part 4 investigates the theological consequences of this collapse and surveys Old Testament and biblical theology in its various manifestations in the twentieth century An appendix includes a history of Palestine from the Stone Age to modern times constructed without recourse to the Old Testament

*God and World in the Old Testament* Prof. Terence E. Fretheim, 2010-08-01 Fretheim presents here the Old Testament view of the Creator God the created world and our role in creation Beginning with *The Beginning* he demonstrates that creation is open ended and connected Then from every part of the Old Testament Fretheim explores the fullness and richness of Israel s thought regarding creation from the dynamic created order to human sin from judgment and environmental devastation to salvation redemption and a new creation
