The Mysteries of Mithras Payam Nabarz, 2005-06-09 The Mysteries of Mithras presents a revival of this ancient Roman mystery religion popular from the late second century B C Payam Nabarz reveals the history and tenets of Mithraism its connections to Christianity Islam and Freemasonry and the modern neo pagan practice of Mithraism today Included are seven of its initiatory rituals *Friedrich Max Müller and the Sacred Books of the East* Arie L. Molendijk, 2016-07-21 This volume offers a critical analysis of one the most ambitious editorial projects of late Victorian Britain the edition of the fifty substantial volumes of the Sacred Books of the East 1879 1910 The series was edited and conceptualized by Friedrich Max Müller 1823 1900 a world famous German born philologist orientalist and religious scholar Müller and his influential Oxford colleagues secured financial support from the India Office of the British Empire and from Oxford University Press Arie L. Molendijk documents how the series has become a landmark in the development of the humanities especially the study of religion and language in the second half of the nineteenth century The edition also contributed significantly to the Western perception of the religious or even mystic East which was textually represented in English translations The series was a token of the rise of big science and textualized the East by selecting their sacred books and bringing them under the power of western scholarship

Mysticism and the Eastern church Nikolaï Sergeevich Arsen'ev, 1926 **Keramat, Sacred Relics and Forbidden Idols in Singapore** William L. Gibson, 2024-08-29 Keramat holy graves and shrines represent physical markers of Singapore's history as a multi ethnic maritime trading center They offered sanctified spaces not only for Muslims but also for the entire community in which they emerged Maintained by self appointed caretakers the stories of keramat often interweave fact with folklore that mirror the history and sensibilities of the community While once an abundant part of the social landscape of Singapore many keramat were destroyed during the post independence rush to develop These keramat now face a second vanishing with memories of them fading as caretakers and community members age and pass away In parallel many modern Muslims consider keramat as a form of shirk or polytheism and tacitly consent to their destruction This book concludes by critically examining the often tense relationship between keramat and authority both secular and religious from colonial to modern times The dilemmas of grappling with puritanical norms and grassroots elaborations in varying modes of

preservation are investigated using case studies from Singapore and the wider region A vital resource for scholars this work contributes to a people s history of Singapore one that both deepens and problematizes official historical accounts
