Sacrifice and Prophecy in Turkana Cosmology Anthony J. Barrett, 1989 Sacrifice and Prophecy in Turkana Cosmology Anthony J. Barrett, 1998 *Who Do the Ngimurok Say That They Are?* Kevin P. Lines, 2018-04-12

How do missiologists describe the cosmologies of those that Christianity encounters around the world? Our descriptions often end up filtered through our own Western religious categories. Furthermore, indigenous Christians adopt these Western religious categories. This presents the problem of local Christianities described by Kwame Bediako as those that have not known how to relate to their traditional culture in terms other than those of denunciation or of separateness.

Kevin Lines's phenomenological study of local religious specialists in Turkana, Kenya, not only challenges our Western categories by revealing a more authentic complexity of the issues for local Christians and Western missionaries but also provides a model for continued use of phenomenology as a valued research method in larger missiological studies. Additionally, this study points to the ways that local Christians and traditional religious practitioners interpret Western missionaries through local religious categories. Clearly, missionaries, missiologists, anthropologists, and religious studies scholars need to do a much more careful job of studying and describing the contextually specific phenomena of traditional religious specialists before relying on meta-categories that come out of our Western theology or older, overly simplified ethnographies.

The research from this current study of Turkana religious specialists begins that process in the Turkana context and offers a model for future studies in contexts where traditional religion and Christianity intersect.

Human Sacrifice and the Supernatural in African History Mbogoni, Lawrence E.Y., 2013-11-03

Since time immemorial, human beings the world over have sought answers to the vexing questions of their origins, sickness, death, and after death, the meaning of natural phenomena such as earthquakes, eclipses of the sun and moon, birth of twins, etc., and how to protect themselves from such mysterious events. They invented God and gods and the occult sciences, witchcraft, divination, and soothsaying in order to seek the protection of supernatural powers while individuals used them to gain power to dominate others and to accumulate wealth. Human sacrifice was one way in which they sought to expiate the gods for what they believed were punishments for their transgressions. One example, the Ghana Asante Kingdom's very origins are associated with human sacrifice. On the eve of war against Denkyira, individuals volunteered themselves to be sacrificed in order to guarantee victory. Later, human sacrifice in Asante was mainly politically motivated as kings and religious leaders offered human sacrifice in remembrance of their ancestral spirits and to seek their protection against their enemies. The Asante Kingdom is one of several examples included in this study of human sacrifice and ritual killing on the African continent. Case studies include practices in Sierra Leone, Tanzania, Mainland Zanzibar, Uganda, and Swaziland. Advertisements relating to the occult were a common feature of *Drum* magazine, the popular South African magazine in Southern, Eastern, and Central Africa, in late years of colonial and early years of postcolonial periods, indicating a wide belief in these practices among the people in these countries. Each case examined is introduced by an expose of folklore.

that puts in perspective beliefs in the supernatural and how folklore continues to perpetuate them Through careful study of these select cases this book highlights general features of human sacrifice which recur with striking uniformity in all parts of sub Saharan Africa and why they persist until today He draws upon extensive written sources to expose these practices in other cultures including those in Western societies

The Social Meanings of Sacrifice in the Hebrew Bible David Janzen, 2012-08-09 This work uses anthropological theory and field studies to investigate the social function and meaning of sacrifice All rituals including sacrifice communicate social beliefs and morality but these cannot be determined outside of a study of the social context Thus there is no single explanation for sacrifice such as those advanced by Ren Girard or Walter Burkert or late 19th and

early 20th century scholars The book then examines four different writings in the Hebrew Bible the Priestly Writing the Deuteronomistic History Ezra Nehemiah and Chronicles to demonstrate how different social origins result in different social meanings of sacrifice

The Vitality of Karamojong Religion Ben Knighton, 2017-05-15 How long can a traditional religion survive the impact of world religions state hegemony and globalization The Karamoja problem is one that has perplexed colonial and independent governments alike Now Karamojong notoriety for armed cattle raiding has attracted the attention of the UN and USAID since the proliferation of small arms in the pastoralist belt across Africa from Sudan to stateless Somalia is deemed a threat to world security The consequences are ethnocidal but what makes African peoples stand out against state and global governance The traditional African religion of the Karamojong despite the multiple external influences of the twentieth century and earlier has remained at the heart of their culture as it has changed through time Drawing on oral accounts and the language itself as well as his extensive experience of living and working in the region Knighton avoids Western perspectivism to highlight the successful reassertion of African beliefs and values over repeated attempts by interventionists to replace or subvert them Knighton argues that the religious aspect of Karamojong culture with its persistent faith dimension is one of the key factors that have enabled them to maintain their amazing degree of religious political and military autonomy in the postmodern world Using historical and anthropological approaches the real continuities within the culture and the reasons for mysterious vitality of Karamojong religion are explored
