Italian Cinema and Modern European Literatures

Carlo Testa, 2002-03-30 The history of cinema and notably that of post war Italian cinema can only be understood adequately in the context of other contiguous cultural disciplines World literature including that of France Germany and Russia played a key role in the development of post war Italian film and the cinematic technique it has come to embody Moving away from the usual modes of defining this period a trajectory that begins with neorealism and ends with Bertolucci author Carlo Testa offers proof that coming to terms with literary texts is an essential step toward understanding the motion pictures they influenced The means of recreating literature for the screen has changed drastically over the last half century as has the impact of different national traditions on Italian cinema Testa's work is the first to explicitly and deliberately link postwar Italian cinema to general intellectual concerns such as the relationship between literary authors and cinematic auteurs Moreover his analysis of the impact of French German and Russian cultures on Italy brings forth a new reading of Italian cinema a new paradigm for exploring complex issues of authorship culture and art , **Blanchot** Leslie Hill, 2002-01-04 Blanchot provides a compelling insight into one of the key figures in the development of postmodern thought Although Blanchot's work is characterised by a fragmentary and complex style Leslie Hill introduces clearly and accessibly the key themes in his work He shows how Blanchot questions the very existence of philosophy and literature and how we may distinguish between them stresses the importance of his political writings and the relationship between writing and history that characterised Blanchot's later work and considers the relationship between Blanchot and key figures such as Emmanuel Levinas and Georges Bataille and how this impacted on his work Placing Blanchot at the centre stage of writing in the twentieth century Blanchot also sheds new light on Blanchot's political activities before and after the Second World War This accessible introduction to Blanchot's thought also includes one of the most comprehensive bibliographies of his writings of the last twenty years **Seducing the Eighteenth-Century French Reader** Paul J. Young, 2016-12-05 As he demonstrates that narratives of seduction function as a master plot for French literature in the eighteenth century Paul Young argues that the prevalence of this trope was a reaction to a dominant cultural discourse that coded the novel and the new practice of solitary reading as dangerous seductive practices Situating his study in the context of paintings educational manuals and criticism that caution against the act of reading Young considers both canonical and lesser known works by authors that include Rousseau Sade Bastide Laclos Crillon fils and the writers of two widely read libertine novels How these authors responded to a cultural climate that viewed literature and especially the novel as seductive sheds light on the perils and pleasures of authorship the ways in which texts interact with the larger cultural discourse and what eighteenth century texts tell us about the dangers of reading or writing Ultimately Young argues the seduction not in the text but by the text raises questions about the nature of pleasure in eighteenth century French literature and culture *Sade's Sensibilities* Kate

Parker, Norbert Sclippa, 2014-11-20 *Sade's Sensibilities* tells a new story of one of the most enduring and controversial figures in European literature. Blending ideas about subjectivity, identity and natural philosophy with politics and pornography, D A F de Sade has fascinated writers and readers for two hundred years and his materialist account of the human condition has been widely influential in post-structuralism, nihilism and feminism. This new collection of essays considers Sade's Enlightenment legacy both within and beyond the narratives of radicalism and aberration that have historically marked the study of his oeuvre. From different points of view, these essays argue that Sade engaged with and influenced traditional Enlightenment paradigms, particularly those related to sensibility, subjectivity and philosophy, as much as he resisted them. They thus recover a Sade more relevant even foundational to our twenty-first century understanding of modernity, selfhood and community. In *Sade's Sensibilities*, Sade is no longer a solitary peripheral radical but an Enlightenment philosopher in his own right.

The Libertine's Nemesis James Fowler, 2017-07-05 What is the role of the prude in the roman libertin? James Fowler argues that in the most famous novels of the genre by Richardson, Crébillon, Laclos and Sade, the prude is not the libertine's victim but an equal and opposite force working against him and that ultimately she brings retribution for his social, erotic and philosophical presumption. In a word, she is his Nemesis. He is vulnerable to her power because of the ambivalence he feels towards her; she is his ideological enemy but also his ideal object. Moreover, the libertine succumbs to an involuntary nostalgia for the values of the Seventeenth Century which the prude continues to embody through the age of Enlightenment. In Crébillon, Laclos and Richardson, the encounter between libertine and prude is played out as a skirmish or duel between two individuals. In Laclos and Sade, the presence of female libertines, the Marquise de Merteuil and Juliette, allows that encounter to be reenacted within a murderous triangle.

Blanchot, Extreme Contemporary Leslie Hill, 1997 Placing Blanchot at the centre stage of writing in the twentieth century, Maurice Blanchot's *Extreme Contemporary* sheds new light on Blanchot's political activities before and after the Second World War.

Critical Fictions Meryl Tyers, 2017-12-02 Nerval's *Les Illuminés* (1852) has often been seen as a problem text and as a strange supplement to his masterpieces *Les Chimères*, *Les Filles du feu* and *Aurelia*. In this first book-length study in English or French of *Les Illuminés*, Meryl Tyers argues that it is a complex work of art in its own right and that its originality has been obscured by the tangled publishing history of its individual narratives. Tyers re-examines that history and provides a complete documentary basis for critical discussion of the work. She also traces the critical response from the earliest reviews through to the scholarly editions and studies of the present day. Tyers's own critical reading pays particular attention to La Bibliothèque de mon oncle Nerval's intriguing preface. By investigating in

detail those fragmentary structures and varying themes that may at first make the unity of *Les Illumines* seem elusive she is able to show that subtle integrative mechanisms are at work in a volume that deserves to be placed among the highest achievements of this incomparable poet

Sade's Theatre Thomas Wynn, 2007 Sade's rehabilitation as a major Enlightenment writer has hitherto not extended to a re evaluation of his dramatic works With a theoretical framework inspired by psychoanalysis and dramatic theory and attentive to eighteenth century theoretical debates Thomas Wynn demonstrates the value of these neglected works This is the first study to consider the nature and implications of Sade's dramatic aesthetic and to define the erotic quality of spectatorship in his experimental plays Challenging the assumption that the gaze is sadistic the author uses insights from film theory to argue that Sade adapts contemporary theatrical texts and practice to create an aesthetic distinct from that of his novels Rather than replicate the style of such works as *Les Cent vingt journées de Sodome* Sade's drama anticipates a masochistic model as theorised by Theodor Reik and Gilles Deleuze This analysis of Sadean spectatorship takes a thematic rather than chronological or text by text approach The author argues that Sade as an atheist materialist focuses on the structural elements of theatre to produce visual pleasure rather than moral improvement and that he elaborates an insistently visual dramatic aesthetic a mode analogous to the linguistic saturation of the novels tout dire With reference to eighteenth century obscene drama theatre architecture and the history of visuality the author explores the paradox that Sade's theatre is meant not for the stage but for

the private imagination His visionary theatre is an example of the late eighteenth century sublime an aesthetic of the ineffable and the unrepresentable which in its emphasis on the survival of the demeaned individual structurally resembles masochism Without deforming his technique or strategy the author shows that Sade's voluptuous theatre like his fiction addresses an individual whose sovereignty in a godless world is intimately linked to the independent imagination This book will be of interest to all those working in eighteenth century drama and theory of spectatorship

Narrating Marriage in Eighteenth-Century England and France Chris Roulston, 2016-04-22 In the eighteenth century when the definition of marriage was shifting from one based on an hierarchical model to one based on notions of love and mutuality marital life came under a more intense cultural scrutiny This led to paradoxical forms of representation of marriage as simultaneously ideal and unlivable Chris Roulston analyzes how as representations of married life increased they challenged the traditional courtship model offering narratives based on repetition rather than progression Beginning with English and French marital advice literature which appropriated novelistic conventions at the same time that it cautioned readers about the dangers of novel reading she looks at representations of ideal marriages in Pamela II and The New Heloise Moving on from these ideal domestic spaces bourgeois marriage is then problematized by the discourse of empire in Sir George Ellison and Letters of Mistress Henley by troublesome wives in works by Richardson and Samuel de Constant and by abusive husbands in works by Haywood Edgeworth Genlis and Restif de la Bretonne Finally the alternative marriage narrative in which the adultery motif is incorporated into the marriage itself redefines the function of heteronormativity In exploring the theoretical issues that arise during this transitional period for married life and the marriage plot Roulston expands the debates around the evolution of the modern couple
