Tell My Mother I'm Not Dead Trevor Hamilton, 2012-10-08 This book divides into two parts The first is a personal narrative of the impact of the death of the author's son Ralph on him and his family and his efforts to see if there was any evidence for his continued existence generated largely through visits to mediums that a thinking person could take seriously The second is an attempt to evaluate that evidence objectively based on an extensive survey of current and past scientific research in the UK and the USA The title reflects the inevitable tension between emotion and intellect in such an enquiry

Who Are We? William Sowder, Dr. Juanita Christopher, 2017-12-27 In this book among other sources we have compiled key thoughts and material that were dictated to Alice Bailey starting in the 1920s and continuing through the 1960s from the Tibetan master Djwhal Khul As you see in the references she wrote eighteen books which were published by Lucis Publishing Company New York Djwhal Khul shared this material from another dimension giving us a new perspective We highly recommend these books because Djwhal Khul is in a higher vibrational dimension working and aiding us in an enlightened evolution What we have added to this book is some of our thoughts about the energies to which Khul refers We know very little about these energies and this material presents a challenge to us in our evolutionary sojourn Each of us must pursue our understanding and knowledge about these energies This is our goal and our reason for writing this book Good travels to

WTF Just Happened?! Elizabeth Entin, 2024-08-17 What if everything you thought you knew about how the world worked was challenged Again In this sequel to WTF Just Happened A sciencey skeptic explores grief healing and evidence of an afterlife Elizabeth Liz Entin continues to look for scientific proof of an afterlife Something she had always considered about as realistic as the Tooth Fairy when she first began this shot in the dark search after the loss of her dad Picking up where the first book left off this second book in the series shows Liz once again using her analytical mind to research psychic mediums and the scientists who study them No longer new to this strange world she starts conducting her own WTF can happen experiments with mediums studying under a former secret psychic spy from the United States government s Defense Intelligence Agency and training with experts in paranormal activity She also tries to talk to dead people including her dad meet up with mediums in different dimensions move objects with her mind and apply CIA tactics to spy on faraway spots She is still stunned when during some of these attempts the inexplicable continues to happen Along her journey she deepens previously unimaginable relationships with mentors who have studied this afterlife phenomena for almost 20 years and keeps getting more and more evidence that everything she once thought about how the world and the world beyond it worked was way more extraordinary than she a hard core sciencey skeptic had ever imagined And in a subplot that seems to fall right in line with the weird trajectory of her life and tackled with the same humorous approach she takes to addressing life s darker moments Liz unexpectedly gets called as a secondary witness in the Harvey Weinstein case which despite its serious tones is filled with the most hilarious twists including visits from Liz s late chihuahua Peanut Through it all Liz continues to honestly address the reality of living with grief call out frauds among the medium community embrace her full awkwardness as she meets researchers she always admired and share her continued shock that overall very normal people seem to be doing the impossible Liz will not only have you laughing but will also leave even the biggest skeptic wondering and hoping could this really be true Could we actually survive death Life, One Big

Existential Crisis Kerry Louise Stalker, 2021-01-25 Life One Big Existential Crisis takes the reader on an epic journey It starts by asking What s the point then ventures down the psychological philosophical spiritual cosmological and conspiratorial rabbit hole to answer this great ontological question In short the spirit world is real A spiritual battle is taking place and our souls are the prize for either the kingdom of darkness or kingdom of light There is a dastardly cabal orchestrating our reality using the Bible as it s playbook We re living in the last pages of the Bible and this great book will close with a bang The Beast one world system is on our doorstep This book is for those who want to know the Truth and break free from the matrix The focus is on authenticity and choosing your choice

Manifesting Spirits Jack Hunter, 2020-12-12 An exploration of contemporary trance and physical mediumship at a private spiritualist home circle called the Bristol Spirit Lodge Located in a garden on the outskirts of Bristol the Lodge is a wooden shed specially constructed for the purposes of mediumship development and spirit communication Through a combination of ethnographic observations in s ances including his own experiences of mediumship development and interviews with spirits and their mediums Hunter delves into a sub urban world of trance states ectoplasm spirit lights and discarnate entities Issues relating to altered states of consciousness personhood performance and the efficacy of ritual are examined in order to make sense of the processes by which spirits become manifest in social reality A large part of Manifesting Spirits is given over to a broader discussion of anthropology s evolving attitudes toward the paranormal as a component of the life worlds of many people across the globe and argues for the development of a non reductive anthropological approach to the paranormal and mediumship in particular This emerging framework referred to as ontological flooding does not attempt to explain away the existence of spirits in terms of functional cognitive or pathological theories as most mainstream theorists tend to do but rather embraces a processual perspective that emphasises complexity and multiple interconnected processes underlying spirit possession performances and experiences

The Confusion of Worlds Heiner Schwenke, 2019-01-31 The idea of the resurrection of the physical body and the eternal continuation of life with this body in a future paradisiacal kingdom of God on earth is one of the most enigmatic of religious ideas It fully contradicts our knowledge of the transitoriness of all things in this universe According to the author the origin for this idea lies in certain forms of otherworld experiences as for example reported by people who had near death experiences encounters with the dead in brilliantly beautiful bodies and the experience of paradisiacal seemingly earthly landscapes He observes that cultures with a pre modern cosmology sometimes projected such otherworld experiences onto this world to distant and unknown locations on earth These experiences were the blueprint for an expectation of paradisiacal conditions on earth The author establishes parallels between the reports of otherworld experiences and the eschatological ideas of Zoroastrianism Judaism and Christianity He shows that otherworld experiences can indeed foster the expectation of paradisiacal conditions on earth by referring to the Ghost Dance movement of the Lakota people in 1890 He presumes that the confusion of worlds proved fatal not only for the Lakota people but also for Jesus of Nazareth *Messages* George E.

Dalzell,2002-02-01 This personal account of contact with the spirit realm offers insight into the mysteries of death and concrete evidence that life continues on For most of his adult life therapist George Dalzell didn t believe in contact beyond the grave But his perspective on reality was forever shifted after his friend Michael was killed Dalzell had counseled people who claimed to hear voices Now he was hearing a voice himself one that was unmistakably Michael The voice revealed information about Michael s private life and possessions Other phenomena followed including apparitions of Michael and rose petals left in the pattern of an angel And Dalzell wasn t alone Michael opened the channels to seven friends and family members providing incontrovertible signs that prove he was communicating with them In Messages Dalzell adds indisputable confirmation of life after death His uplifting story can offer comfort to grieving families and calm our fears of passing into the next realm
